A FLOCK OF GEES belonging to H. H. McNair, Lower Village, was being driven to feed in the bay, a few weeks ago that was accompanied home by a wild goose that has remained with the flock ever since and is quite tame. It goes into the barn at night with the flock; one of its wings has now been clipped to prevent its flying away.—Toro News.

Island gave judgment in the Queen against Thomas McTague, charged with perjury before the stipendiary magistrate in a prosecution before him for breach of the Lord's Day Act. McTague was sentenced to five years in the penitentiary.

THEY SHOT THE BEAR—Messrs. A. L. F. VanWart and William Berry, of Fredericton, went out shooting partridges on the Miramichi on Thursday, the 1st Nov. They met a bear, and notwithstanding their guns were only loaded with partridge shot they fired at the big game. Fortunately for them their shots found a vital spot, as brain ratter and died in a few minutes.

MISS LOGGIE'S FUNERAL—The funeral of the late Miss Jessie Loggie, daughter of Alex. Loggie, Esq., of Chatham Point, took place on Monday afternoon at the rectory. The Rev. Canon Forsyth officiated. A party of relatives and friends of the family went to the funeral from Chatham on the steamer St. Nicholas, which was kindly placed at their disposal for the purpose by Mr. Snowball.

VISIT OF BISHOP KINGDOM—His Lordship, Bishop Kingdom arrived in Chatham on Tuesday evening last and was the guest of the Rev. Canon Forsyth at the rectory. His Lordship proceeded to Richibucto yesterday where he administered the rite of Confirmation last evening. The bishop will visit Harcourt to-day and proceed to Bathurst to-morrow and then to Grand Falls, where he will officiate at the services in St. George's church on Sunday next.

PROVINCIAL APPOINTMENTS—The following appointments have been gazetted:—Thomas W. Perry to be sheriff of Queens Co., vice Batis, resigned.

George F. Hibbard to be registrar of deeds and writs for Charlotte Co., vice H. F. Hatch, removed.

George J. Clarke to be judge of probate, pro hoc vice, in the matter of the estate of John Townsland, late of the parish of St. Andrew, deceased.

THE DOUGLASSVILLE BRIDGE—The contract for the construction of the proposed iron bridge at Douglassville, tendered for which was advertised for in the ADVANCE, has been awarded to Mr. Lawrence Doyle. The contract price is understood to be about \$3,400 for the stone abutments. The bridge will be a permanent one. The government tender Douglassville pretty well, considering that its abutments are so largely influenced by species of convos to vesp plumpira in the position intended. They ought to get tired of being so often induced to oppose their best friends.

ABOUT BARR—It is said that the order in council further prohibiting bass fishing on the Miramichi was issued, in a great measure, by a local paper stating that large numbers of bass were being caught and preserved in freezing during the past few months. It is also said that the statement was made with a view of securing the continuation of the prohibitory order. We do not credit this, however, but believe that the statement referred to was simply a mischievous invention of a writer over-zealous to furnish an item which no level-headed man would write and no decently edited paper would publish.

MONROE IN THE LAW COURTS—We understand that the City of Moncton has no less than six law suits pending. They are: Captain's Wound, of Parrboro, for damage for the loss of his vessel, which he alleges was due to negligence of harbor officials; L. T. Jodary, for damages to his property, caused by the diversion of a natural drain on the Mountain road, so called; Thompson, of Bass River, who sues for a share of the city award of \$250 offered for the capture of the desperado "Jim," all of which was paid to Detective Carroll; Abraham Wilbur and Geo. H. Allen, who sue for false arrest for taxes and Miss Woolfe, who sues for damages sustained from falling into a sewer excavation which it is alleged was not properly lighted and otherwise protected.

GALLANT RESCUE—The crew of barque "Isabel" Captain Larsen, above reported waterlogged and abandoned on the voyage from Richibucto to Glasgow Dock, were saved by the Russian bark "Zerba," from Richibucto for Rhyt. The captain of the "Isabel" reports that his vessel encountered a terrific gale, in which she was thrown on her beam ends. After three days of continuous labor the crew succeeded in sawing off the masts and in jettisoning the deck cargo, but still the vessel would not right. The crew had abandoned all hope of saving either the vessel or themselves when the "Zerba" was in sight. The rescue of the "Isabel's" sailors was effected with difficulty,

Miramichi Foundry and Machine Works Reopened.

The public generally will be glad to learn that the Miramichi Foundry and Machine Works at Chatham are to be started, in full operation, next week, after being shut down for about a year. The establishment has been for a good while the subject of litigation, but the end is now practically reached, the title to the property having passed, by purchase, to Mr. Joseph M. Ruddock, who is generally acknowledged to be the owner of the works. He is also putting in new machinery, tools and other plant, as well as a stock of necessary material to meet the requirements of mill-owners and other users of machinery, of whose orders for new work, as well as repairs, he intends to make specialties. He is also preparing to make the casting department a very efficient one and to give attention to the construction of stoves and other light work of that description. One reporter, who visited the old place yesterday, was much interested in the progress that had been made in a few days in the way of getting things in order. Mr. Ruddock said he wasn't quite prepared for a rush of work for a day or two, although—between his new shops and the old one—he wouldn't see any shop hung up very long with any ordinary kind of jobbing work, however, he said, he "could see along the work and we will put it through." Referring to the range of work he intended to do, he said his chief aim would be to gain the confidence and patronage of the steam and other machinery users of the North Shore and Miramichi river generally by doing their work well and expeditiously. He expressed sufficient confidence in the business of the works to justify his large investment in an establishment which he thought would keep a good deal of money at home which now went to outside places. He said he was ready to build and equip steamboats, make edging machines, shingle machines, steam engines of any size and only hoped he would get enough of such work to do, so that he might employ as many, or even more men than the works had ever before.

Disgusting Scene.

On Thursday last a scene characteristic of the administration of the Scott Act, and one calculated to disgrace our usually well-conducted community, occurred on Henderson street. It appears that Scott Act Inspector Menzie, having procured a warrant from police magistrate McCulley to search the premises of James Conway for liquor, proceeded to the place with his assistants, Constable Hill, and accompanied by town policemen Kelly and Wood, who were detailed by magistrate McCulley to protect the Inspector in his work. It is said that the Inspector called upon the door, just as soon as opened, the inmates of the place being evidently prepared for the attack. Finally the battering-ram was applied to the upper part of the door and the latter was again thrown open. The door was again thrown open, the inmates of the place being evidently prepared for the attack. The following Council members were returned from the different parishes:—Aldermen:—Wm. McNeil and J. E. Miller, by acclamation. Colborne:—Donald McLean and Donald Kerr, by acclamation. Dalhousie:—Neil Shaw and A. J. LeBlanc, defeating Timothy Robinson. The old council members were re-elected with the exception of Coo, Mowatt of Campbellton, who retired, his place being taken by Mr. J. E. Miller, who, with Com. McNeil, was returned by acclamation.

Y. M. C. A. Week of Prayer.

The annual Young Men's Christian Association Week of Prayer will be observed by the Associations all over the world on Nov. 13th-19th. It is interesting to note that Associations now exist in every known country of the world. In connection with the Week of Prayer the Chatham Associa-

tion will hold meetings in their rooms in Barry's Building on Monday, Thursday and Friday evening of the coming week at 8 o'clock, and invite all young men to attend them. A public Gospel service will be held on Sunday evening, 13th, in the Temperance Hall, at the close of the church services, to which all are cordially invited. A collection will be taken up for Association work.

Sad News from Campbellton.

A Campbellton despatch of 6th inst.—Much excitement prevails here to-day over the continued absence of Mr. M. Bruce, tailor, W. J. Miller, of Jas. Alexander & Co., and Jas. Baird, pilot, who went down the river going shooting Thursday evening. This party intended to return early Friday morning and the impression is that the three men have met a watery grave. Not much news was entertained until last night when a report reached here that a canoe had been found floating bottom up opposite Dalhousie. Upon the report being verified inquiries were made and to-day the canoe was found in the river, the one taken from here by the party. The canoe was found Friday forenoon, but nothing was found in it to denote that it had been in use. The supposition of the party finding it was that it had been used, hence the delay in the fact being made known. Mr. Bruce is a native of P. E. Island and leaves a wife and two small children. Miller is a son of W. J. Miller of Newcastle and Baird is a native of Campbellton. Both Miller and Baird are single men. The affair has cast a gloom over the town and much sympathy is expressed for the bereaved in their affliction. An unfortunate feature of the affair is that the cold season the bodies will not likely last for twelve or fifteen days and by that time the shores will be so badly frozen up that the bodies cannot be recovered.

A., locum tenens, of Newcastle, Rev. W. J. Wilkinson, M. A., of Dalhousie, Rev. H. Beers, B. A., of Campbellton, and Rev. A. A. Slipper, of Harcourt and Wolford.

Barnaby Rover.

A Barnaby Rover correspondent writing to the "Adv." says: "Our people learned with great regret on Friday last of the removal of another field of labor of our beloved pastor, Rev. Father Walker. Our regret is the greater because owing to the suddenness of his death we were unable to express, as we would otherwise do, our great love for him and the high appreciation in which we all held him. By great zeal for our spiritual welfare and that of our children, he won a people almost unknown to us, and we shall never forget him with gratitude, and wherever he may go our thanks and prayers will follow him, as well as our good wishes, whom we all love and respect so greatly."
