FOR AN EXHIBITION.

Treasury Board Asks Council To Grant \$3,000, and \$2,000 More Provisionally.

The civic treasury board at a meeting yesterday recommended the common council to make a grant of \$5,000 to the Exhibition Association for a show the coming autumn. Of this grant \$2,000 is provisional, that is, only \$3,000 will be paid unless this and the \$5,000 promised by the provincial government will not be sufficient to meet the obligations of an exhibition.

Ald. Robinson, Maxwell, McMulkin, Seaton and Armstrong voted for the grant, although two, Ald. Armstrong and McMulkin, were not enthusiastic over exhibitions.

Ald. Christic vigorously opposed a The civic treasury board at a meet-

over exhibitions.

Ald. Christie vigorously opposed a grant of any kind. He thought it was squandering the people's money. "No business men, except the hotels," he added, "received benefit from exhibitions," and if a show could be held for \$500 he would not vote that amount. "It's a perfect humbug this way of oming to the city for money year after year."

coming to the city for money year after year."

Ald. Maxwell considered an exhibition a desirable thing, and moved that the board recommend to the council a grant of \$3,000 and a further guarantee of \$2,000 in case the association found a deficit at the close. An exhibition would bring more people here than came on the occasion of the visit of the Duke and Duchess of Cornwall and York. Everybody in the city would be benefitted by an exhibition.

Ald. Christie said the smallpox epidemic had cost the city and county \$24,000 or \$25,000. The improvements in connection with the jail would cost \$15,000. It had cost the city over \$7,000 for the reception and entertainment of the royal visitors. This made a big charge upon the people. It was as much as the people could stand.

Ald. Maxwell said future generations should be expected to bear a portion of this burden.

Ald. Christie did not think the citt.

fund on Dec. 31st last \$28,564, which would be greater by June 1st. For the redemption of the Lancaster lands bonds he had on hand \$20,275. This would be somewhat augmented by June 1st, and with \$3,357 taken from the Lancaster lands fund the whole would be wiped out.

No action was taken with regard to these bonds.

through dense grass and jungle, often 11 feet high.

The second party follows two or three days after and widens the path to 60 feet, more or less, according to the nature of the country. It is easy to see why so wide a path is necessary. There will be no linemen every few miles, as in our country, to keep the service in repair, and it will be far more costly than in civilised lands to mend a broken wire or repair other damages. Every preliminary caution, therefore, must be taken. No tree must be left which, falling, would break the wire; therefore thousands of trees, many of them of great size, are cut down.

Then comes the third party, which digs the holes; it is closely followed by the fourth detachment, which plants the posts, and finally come the wire stringers, who complete the work. None of the iron posts weigh less than 160 pounds, and most of them rise 14 feet above the ground. Iron is used because posts or poles would not long withstand the attacks of white ants, which in large parts of Africa play havoc among all constructions of wood. Higher and heavier posts are used when it is necessary to make spans of unusual length. When the line has to cross gulleys or streams it is not unusual for the spans to attain a length of 600 to 750 feet.

For some time the work has been carried on in German territory, as the line pageses completely through the western part of German Bast Africa. It was necessary, of course, to secure the consent of German Bast Africa. It was necessary to dourse, to secure the consent of German bast Africa. It was necessary to the grant of the Bargain to build a separate line across German East Africa from north to south, to be the property of the German colony. The government will connect the consent of German colony to be used wholly for the telegraph traffic of the German colony. The government will connect its ports on the coast with the Uijii station of the line. A German functionary is now on his way to Tanganylika to select various other stations on the lake to be connected both

MORNING'S NEWS.

Fresh eggs sold at 30 cents a dozen in the country market, yesterday.
The Y. M. C. A. sleigh drive has been indefinitely postponed.
A full practice of Princess Ida will take place tonight at the Neptune club room.

A full practice of Princess Ida will take place tonight at the Neptune club room.

The annual meeting and dinner of the Royal Kennebeccasis Yacht Club will be held next Tuesday evening, dinner at the Park hotel.

A special meeting of the Laddes' Auxiliary of the Y. M. C. A. will be held on Saturday at 11 a. m. in the association parlors, Charlotte street.

Hon. H. A. McKeown returned last night from St. Stephen. He will confer with the premier and the attorney general today, and it is probable that, if the condition of his health warrants the trip, he will leave by the Allan line Saturday for England.

A damaged culvert on the I. C. R., near Shubenacadle, yesterday, delayed trains from that direction over three hours while repairs were being executed. The Pacific express was 3 1-2 hours late in arriving here, and the later train, from Halifax, was one hour and three quarters behind time. An at home was held last evening by the Epworth League in connection with the Queen square Methodist church. It was a thoroughly enjoyable affair. The congregation of the church attended ard their wants were satisfactorily looked after by the members of the league. There was no musical or literary programme, the evening being spent in social intercourse.

In a discussion which occurred at

course.

In a discussion which occurred at the treasury board meeting at the City Hall, yesterday afternoon, the chamberlain stated that the expense to which the city of St. John went on the occasion of the visit of the Duke and Duchess of Cornwall and York was between \$7,390 and \$7,400. The council voted \$5,000 for the payment of the cost of entertainment and later on a further grant of \$3,000 was ordered.

Look At It.
