Two very pleasant teas took place last week, and were most successful. Mrs. W. H. Troop gave a very pleasant one on Monday afternoon, and on Tuesday Mrs. Corey followed her example. Ladies' card parties have long been fashionable, as well as ladies' luncheons, and soon some bold spirit will inaugurate ladies' dinners, after which there may consider himself a cipher, till someone wishes to give a dance, and there he may know himself to be indispensable.

Commander Moore of the flagship, has returned from a short visit to friends in Boston, where Mr. Curtis, R. A., has also gone, on his way to England, via New York.

Cards are out for a ball at Wellington barracks on Wednesday and the new floor which was put down in the messroom last winter will have a chance to be tested. Supper will be in one of the smaller rooms on the same floor, and the table should look very pretty as the regimental silver of the Royal Canadian is unusually handsome. Mrs. M. S. Cordelia and Columbine are expected to be here for the dance, and there will certainly be no lack of partners, the flagship, of course, contributing a contingent.

Captain Kent, R. E., has been ordered to Bermuda where he goes very soon. Both he and Mrs. Kent have many old friends in Halifax. Mrs. Kent having been here before her marriage, and Captain Kent having now finished his third sojourn here. They have been universally popular, and will be very much missed this winter. Captain Kent has always been a leader in all out-door sports, and one of the star skaters at the rink, as well as being in light in the Mandolin club, where his excellent guitar playing will be missed indeed.

Mrs. Black-Barnes, with her sisters the Misses Nicholas, is staying in Halifax for a short visit. Rumors of new engagements are abroad, but neither has as yet been officially announced. One as usual here, will take a pretty and charming young lady out of Halifax; the other, will add another pleasant hostess to society.

Mrs. John F. Stairs gave a very large and pleasant "at home" last Thursday afternoon for her sister, Miss Bell, and Mrs. Brush. There were any amount of people coming and going, despite the unpleasant weather, and the party was a very gay one. Tea was served in the dining room, which at times was absolutely blocked, and Mrs. Stairs received her guests in the drawing-room; Miss Stairs and Miss Geraldine Stairs doing the honors at the tea table.

On Friday afternoon Mrs. Farrell gave a tea for her daughter, Mrs. Brush, who leaves very shortly for England, en route to South Africa where Mr. Brush's regiment is now stationed. Mrs. Brush assisted her mother in receiving, and seemed delighted to meet all her old friends. Miss Farrell, who was looking very pretty and smart in a delightful gown, presided over the tea table, in company with Miss P. Munkett. There was a great number of people chiefly ladies, but as the whole lower flat was available there was no very great crowd, even round the tea table.

NEW YORK.

Oct 31.—A pleasant feature of the season just beginning is that so far the old establishments which remained closed. The residence of Mr. and Mrs. Bradley Martin at 22 West Twentieth street is being cleaned and put in order. This will take some time. When Mrs. Bradley Martin was about going abroad a couple of seasons ago she said she would return on Dec. 18, 1898. It now seems probable that she will arrive just about that time. At present it is the height of the season in Scotland and the Bradley Martin house there is filled with guests. Mrs. Bradley Martin has engaged all the available rooms at the hotel at Inverness, fifteen miles away from Balmacan, for herself and guests for next week, when the festivities consequent to the annual gathering of the Scotch nobility and gentry. Mrs. Bradley Martin's friends abroad comprise chiefly the American women who have married titled Englishmen.

A mother is always ready to sacrifice herself for her baby. But nature does not often call for any such sacrifice. On the contrary nature calls upon every mother to carefully protect herself and in that way to protect her baby.

During the critical period when a woman is looking forward to motherhood, the best protection she can give to the tender little life which is dependent upon her own, is to fortify herself with the health-bringing "Favorite Prescription" prepared by Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., and sold by all dealers in medicines.

All the dangers of motherhood and most of its pains and discomforts are entirely banished by the use of this rare "Prescription." It gives elastic strength and true healthful vitality to the special organs and nerve-centres involved in motherhood. This healthful condition is transmitted to the baby both by the improved quality of the mother's secreted nourishment and by the child's increased constitutional vigor. It is a perfect health protector to them both. No other medicine was ever devised by an educated, scientific, physician for the express purpose of bringing health and strength to the special feminine organs. No other preparation ever accomplished this purpose so scientifically and effectually.

A more particular description of its remarkable properties with a full account of some surprising cures of female difficulties is given in one chapter of Dr. Pierce's great thousand-page illustrated book, "The People's Common Sense Medical Adviser," which is sent free paper-bound for the mere cost of customs and mailing—31 one-cent stamps; or, cloth-bound, for 50 stamps. Address the Doctor as above.
