

NO SCARCITY OF BUILDING WORK IN CITY

Operations Particularly Brisk And Year Will Be Busy One.

SOME OF THE JOBS NOW UNDER WAY

Several Banks, Office Buildings and Big Warehouses Under Construction — The Work at Courtenay Bay.

With the coming of the summer weather the building operations in the city, some of which were carried on all winter, have been given an added impetus. The number of workmen employed on the different jobs has been considerably increased, while several new contracts have been let recently.

This year will be marked in the history of St. John as one that has seen a considerable number of private residences, several large offices and factories are either in the course of construction or renovation. On Prince William street the British American Construction Company are busy engaged in renovating the office building recently purchased from the Lynch Estate by Armstrong & Bruce. When finished this building will contain six suites of offices, of which several are already rented. This company is also busy with remodeling the Merchants Bank of Canada building at the corner of Prince William and Church streets, and when finished will equal any of the office buildings in the city.

The site for the building of the new Bank of British North America presents a busy appearance. Here large gangs of men are working day and night excavating for the foundation. The work is now nearing completion and the building will be commenced shortly. At the sugar refinery site the substructure is nearing completion, and the erection of the steel frame will soon be commenced. A large gang of men are at work and the construction will be carried on rapidly.

In other parts of the city building operations are going on. In the suburban districts residences are going up. Near Courtenay Bay several large houses have already been erected and it is understood that several others will be built before the construction work on the Courtenay Bay harbor is now forging ahead, and by fall it is expected that the army of laborers will have made the completion of the undertaking.

The staff of laborers and other workmen engaged in renovating the new elevator on the West Side has been steadily increased until now there are over four hundred and fifty men busy there. The work is steadily going ahead, and the erection of the sliding frames to be used in concreting the walls is going on. Much interest is being taken in the progress of this work. The excavation for the foundation for the new warehouse for the McClary Manufacturing Company on Prince William street has been practically finished, and the concrete foundation walls are now being put in. This warehouse will equal the most up-to-date building of its kind in the city, and will be a valued addition to the McClary Manufacturing Company's plant.

Another construction work in which much interest is being taken is the Imperial Theatre. This house of entertainment is now nearing completion and the public generally are looking forward to its opening. Several other buildings are being erected, while several are almost ready for use. The Army, which the soldiers of the city regiments are justly proud, will soon open its doors and will greatly forward the training of the militia. Watson's drug store has recently undergone a change, a new front having been added.

In fact this year the building is very pronounced, and will materially add to the advantages of St. John.

A Still Alarm.
A still alarm was yesterday morning, about eight o'clock, sent in to No. 3 Hook and Ladder station, North End, for a fire which had started in a building owned and occupied by a Hebrew on Ann street, off Brook street. The blaze was extinguished by the chemical engine.

TICKET MEN WILL GET AUTO TRIP OVER CITY.
Owing to Brief Stay of New England Ticket Agents Entertainment Features Will be Restricted.

The Board of Trade and the Tourist Association have arranged to show the party of New England ticket agents coming here on the 16th inst., about the city. The party will arrive here in the morning on the Boston train and it is understood will return on the Eastern Steamship Company boat in the evening. It was the intention to provide a rather elaborate entertainment for the visitors, but in view of the fact that they will only be here a short time it was concluded that the best plan would be to give them an automobile tour about the city.

TWILIGHT BALL.
In the Partout league last evening the Crescents defeated the Shamrocks by a score of 4 to 3 in a six inning game. Gibbons and Duke were the stars for the winners; McCarthy and Ryan for the losers.

In the Every Day Club league the Crescents won the Victoria series 2 to 2. Garnett and Orr was the Cub battery; King and Harding for the Vics. A feature of the game was a difficult one hand catch by Stevenson.

Stole Hebrew's Team.
A man giving his name as John McCarthy arrived in the city yesterday to give evidence in court. After completing his business in court he loaded up with intoxicants and, finding a Hebrew's horse and express wagon unguarded on Water street, he climbed on the wagon and drove off. He was taken in charge by the police on the south wharf, charged with drunkenness. The team was landed over to the owner.

SNEAK THIEF TOM MULLIN

Bold Entry of Philip Grannan's House Monday Night—Thief Captured Last Evening—Violin Found Hidden.

Frank Morrison, who says he belongs to New York, was arrested last evening about 7:30 o'clock by Sgt. Kilpatrick of the North End, charged with stealing a violin from the residence of Philip Grannan, Main street. The man under arrest is 48 years old and has been boarding in the city for some time.

On Monday evening of this week, Morrison entered the house of Philip Grannan by the front door, and when the girl had gone into another room he took the violin and walked off with it. The instrument was later found by Officer Leiston hidden in a long wharf. It was evident that the thief intended disposing of the violin and concealed it about the wharf until a convenient time.

Mr. Grannan, meeting the officer, recognized the violin as his, and the man who had stolen it from the house was searched by Sgt. Kilpatrick and placed under arrest. When taken into custody Morrison had in his possession a razor and a pair of scissors.

AMERICAN TEAM WINS FIRST BIG POLO GAME

Continued from page one.
Americans were unable to reach and the Canadian side. The party which had just gained momentum to carry it through the goal posts. The succeeding several proved disastrous for the defenders for "Monty" Waterbury was hit on the hand by an opponent's mallet and his finger broken in two places. He will not be able to play in Saturday's game.

Seventh Period.
Open riding and individual play marked the seventh period, in which no goal was scored. The American team, however, lost a half point because of sharp crossing by Milburn. Edwards and Risson again showed some splendid team work, but Risson spoiled a long run by missing an easy goal at the end.

The final period had hardly opened before Larry Waterbury was thrown. He jumped to his feet, but the game was delayed and his mount had bolted for the stable and a substitute had to be secured. When the play was resumed both teams rallied and took turns on the attack on goal. The English kept the ball in the American territory for several minutes, but Stoddard finally cleared it and in a run downfield paved the way for Larry Waterbury to score the final goal of the game.

Score and Penalties.
The score by periods and penalties follows:
Goal: Name Time Nation
1—M. Waterbury, 2:36 U. S.
2—L. Waterbury, 2:28 U. S.
3—D. Milburn, 3:33 U. S.

MASTER OF ELIBANK A PURCHASER

Invested Funds of Liberal Party in Marconi Shares.

PROBING SCANDAL IN BRITISH HOUSE.

Lord Murray's Brother Declares Transactions Were, Possibly, Indiscreet but Not Dishonorable.

London, June 10.—The purchase by Lord Murray of Ellbank, of 3000 Marconi shares as an investment of the funds of the Liberal party was revealed during the evidence given yesterday and today at the sitting of the parliamentary committee investigating the scandals connected with the government wireless stocks.

Captain Arthur Cecil Murray, brother of Lord Murray, today testified that before leaving England for the Columbia, Lord Murray of Ellbank, had entrusted 3000 Marconi shares to his keeping. At the same time he said he wished nobody to be involved in the affair but himself and declared he would take the whole responsibility for their purchase on himself.

The evidence further showed Lord Murray to be a creditor to the amount of \$150,000 of an absconding stock broker, who had been engaged in the Marconi dealings, but there has been no evidence thus far that more than \$45,000 of the Liberal party's funds were employed in the transaction.

Captain Murray testified that he had advised his brother that there was no necessity for him to return to England on the business in which he was engaged. He admitted that his brother's transactions were, possibly, indiscreet but was of the opinion that they were not dishonorable.
