Bill Introduced Yesterday  
Applies to Those Going  
to Ocean Ports.

## EXPENDITURES ON TRANSCONTINENTAL

Amendment Would Bring  
Lines Plying on Inland  
Waters within Railway  
Commission's Control as  
Regards Rates.

Ottawa, Feb. 23.—At the opening of the house this afternoon, J. E. Armstrong, Minister of Railways, introduced a bill to amend the railway act, the most important provision being to bring all steamship companies plying on inland waters under control of the railway commission in regard to traffic rates. Mr. Armstrong pointed out that there was an alleged combine on the Great Lakes, and if such existed, his bill would give the railway commission power to investigate and provide a remedy. The bill also requires all vessels coming to ocean ports to make public their rates and tolls. The bill does not interfere with the marine act in any way. Another provision of the bill enacts penalties for wilful damage by railway employees to freight or baggage.

In reply to a question from Hon. Rodolphe Lemieux, Premier Borden said he had not seen or heard of any despatch stating that the Prince of Wales would visit Canada this year. In reply to the Hon. Geo. P. Graham, the Minister of Railways, Hon. Frank Cochrane, said that the total amount expended on the National Transcontinental Railway, up to the end of last year, was \$140,562,147, while accounts payable on that date on construction amounted to \$2,448,867. The estimated amount required to complete the road was \$18,296,686. This makes a total of \$161,307,700.

Fourteen Officers on Niobe  
The Minister of naval affairs, Hon. J. D. Hazen, told E. M. MacDonald that on January 15th last, there were fourteen officers of all ranks on board the Niobe and 155 men. The officers on duty at the Halifax Naval College at the same date numbered eight. The Minister of Militia told Mr. D. D. MacKenzie that no person outside of the commission of officers appointed to the Militia Department had been authorized to report upon or allow any claims for the Fenian Raid bounty.

The Minister of Justice told Mr. E. M. MacDonald that Ronald Currie, of Cape Breton county, whose case was brought up in the house last week, in connection with the charge of perjury at one of the investigations held by Mr. Duchesne, was sentenced on January 7th, 1913, to three years in the penitentiary. He was released on January 15th last, and was released on January 15th last, and was released on January 15th last.

The Minister of Labor told Mr. Verville that amendment to the Industrial Disputes Act are now being considered by the government and would be announced in due course. To Mr. Michael, the Minister of Railways said that a new official car had been added to the I. C. R. equipment, making a total of four cars. The new car was not for the exclusive use of Mr. F. P. Ouellet. The car had cost \$17,500 and had been converted from a parlor car at a cost of \$2,000. The cost of the other official cars on the line had been from nine to ten thousand dollars each.

## BURDOCK BLOOD BITTERS CURED A BAD ATTACK OF ECZEMA.

All skin diseases such as Eczema, Salt Rheum, Tetter, Rash, Boils, Pimples, and Itching Skin Eruptions, are always caused from the blood being in a bad condition, and it is impossible to eradicate them from the system unless you put your blood into good shape. This you can very easily do without the slightest trouble by using Burdock Blood Bitters.

It drives out all the humor from the blood, and makes it pure and rich, and not only a bright clean complexion produced, but the entire system is renovated and invigorated at the same time. Mrs. G. A. Day, Somerville, N.B., writes: "Last spring I had a bad attack of Eczema. I tried several patent medicines as well as the medicine of a physician, but they seemed to make the disease worse. I was advised to try Burdock Blood Bitters, and I did so with the result that in two weeks time the sores began to disappear. I continued to take it until I had taken three bottles and they worked a complete cure."

## COMMITTEE ON ELECTIONS ACT

Hon. Mr. Doherty's Resolution Provides for Fulfilment of Premier Borden's Promise.

Ottawa, Feb. 23.—Hon. C. J. Doherty, Minister of Justice, has given notice of resolution in the commons carrying out the promise made by the Premier last week in connection with the resolution proposed by A. K. MacLean in regard to amending the laws concerning electoral purity. Mr. Doherty's resolution provides for the appointment of a select committee of the commons, consisting of seven members to consider all suggested amendments to the present election act with a view to making more stringent the laws against bribery and corruption. The committee named consists of Hon. C. J. Doherty, Hon. Chas. Murphy and Messrs. Northrup, MacLean (Hallifax) McKay (Prince Albert), Carvell and Robidoux.

Hon. T. W. Crothers, Minister of Labor, has given notice of a resolution in the commons providing for the enactment of a law prohibiting the use of white phosphorus in the manufacture of matches in Canada. Similar legislation has now been passed in almost all other countries in order to prevent the loathsome and fatal disease which afflicts workers in factories where white phosphorus is used. A bill along this line was drafted three years ago under the late government but owing to some difficulties with the United States corporation controlling patent rights in this country it has not hitherto been introduced in the commons.

A return tabled in the commons this afternoon by the postmaster general shows that since 1911 there have been put in operation 1,315 rural delivery routes serving 62,183 families. The greater number of these rural delivery routes have been opened in Ontario where the total number is 920. The western portion of the province is now especially well served by rural delivery. In Prince Edward Island there are 83 routes; in Nova Scotia, 42; New Brunswick, 95; Quebec, 125; Manitoba, 8; in Saskatchewan 5; in Alberta 14; and in British Columbia, 21.

## "CASCARETS" RELIEVE SICK, SOUR STOMACH

Move acids, gases and clogged waste from liver and bowels.

Get a 10-cent box now. That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, dizziness and sick headaches, means a disordered stomach, which cannot be regulated until you remove its cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they immediately cleanse the stomach, remove the sour undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter from the bowels. Then your stomach trouble is ended. A Cascaret tonight will straighten you out by morning—a 10-cent box of Cascarets will straighten you out by evening. Liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

## GLASSY VAUDEVILLE AT LYRIC THEATRE

"Musical Bohemians"  
Please all with Happy  
Chatter—Fine Pictures  
Add Much to Bill.

A good clean vaudeville act with many attractive features and a strong bill of motion pictures, making an all around good show, is the attraction at the Lyric for the first of this week. In the audiences of yesterday's performances there was certainly evidence of appreciation of the bill in the hearty and generous applause.

In the vaudeville line the musical Bohemians are on the top rung of the ladder when it comes to new, bright, and snappy stuff, and with a simmer of comedy, which is always appreciated, they carried the house yesterday with their bright dialogue and musical novelties.

The general opinion was that the vaudeville act, now featuring at the Lyric, is one of the best that has been staged in that popular picture house for some time. The talented team are seen in singing, dancing, comedy talk, and in fact almost every known line of entertainment. To supplement this attractive vaudeville act the Lyric has for its patrons, in this change, a good motion picture programme. First there is the West-ly News, which carries an excellent collection of news items of human interest. Then there is a strong Relevance drama, "The Hardest Way," a picture in which plot production and scenic effects combine to give a thoroughly complete and well carried picture. The comedy of the bill is furnished in a sensational and amusing cow-boy drama, "Golden Heart," which is replete with ludicrous and intricate situations. Generally speaking the bill is an exceptionally good offering.

## EX-POSTER OF MILLER'S GIFT COST FIVE FIVE MILLIONS

(Continued from page 1)

The Minister of Militia then went on to tell the house how Sir Frederick Borden had lost the country \$5 million by selling St. Helens Island to the City of Montreal for \$200,000.

Mr. Lemieux didn't like this house thrust. Hon. Rodolphe Lemieux in moving for a copy of all correspondence, etc., in connection with the purchase of about 150 acres of land in Parish of Leclerc for the City of Montreal for \$180,000 by the Minister of Militia in June, 1913.

When Col. Hughes became Minister of Militia, however, a change took place. The government property at Longueuil, selected by the late government, was abandoned as the site for the barracks, and instead 150 acres of ground were purchased near Dorval at a cost of \$180,000.

This property, Mr. Lemieux said, was sold to the government by Sir Rodden, who had purchased part of it in May, 1911, and the remainder in June, 1912, sixteen days before he sold it to the militia department. When the land was sold to the militia department, Major Rodden received \$180,000 in cash, so that his profit on the transaction, according to Mr. Lemieux, was \$95,000. Mr. Lemieux also stated that Mr. Rodden had until 1911 to pay the balance due by him to the people from whom he had purchased the property.

The price paid by the government, Mr. Lemieux said, figured out at something more than \$1,200 an acre, and this was for vacant land thirteen miles from the Montreal post office, as the crowd flies. Adjoining property, however, was valued at only \$600 an acre.

Mr. Lemieux also contended that the property was not suited to the purposes for which it was purchased. He used to the militia department as one of the chief reasons for declaring it unsuitable and pointed out that the Longueuil site was only two miles from Montreal as the crowd flies.

Col. Hughes, in replying, said that Mr. Lemieux's speech was bristling with almost ever-ready but facts. As far as he was concerned, he courted an investigation into the whole transaction. He declared that the present site was much more convenient and much more accessible than the one purchased at Longueuil.

He said that Sir Rodolphe Borden had been impossible to locate a suitable place near Montreal short of \$200,000 to \$1,000,000. He (Col. Hughes) had secured a site better than any which his predecessor had ever looked at for \$180,000.

## Bought a Bog Motel

Continuing, the Minister of Militia, said that the officers of Montreal all complained that the Longueuil site was a large part was under water. One of the first things he did after he became minister was to visit the site. He found he had to visit the site. He found he had to visit the site. He found he had to visit the site.

When the Dorval property was under consideration he had been advised to consult Chas. W. Robertson and the other a valuation of \$25,000. As for an investigation he had no fear as to what result it would bring.

In the course of his speech Col. Hughes also declared that the former government had, in granting certain government property to the city of Montreal, had given something away which was worth \$25,000,000, and that had been received in return was \$200,000. He also charged that in purchasing the Farnham camps ground the former ministry had purchased ground which was not suitable for the purpose for which it was intended, and that the transaction had been put through to the profit of Hon. Sidney Fisher and other Liberal members.

The House passed the motion calling for the tabling of the documents in the case.

## FEATURE BILL AT UNIQUE THEATRE

"The Shriners Daughter"  
Pleased Large Audiences  
Yesterday Afternoon  
and Evening.

In its opening bill of the week yesterday, the Unique Theatre carried a programme differing widely from the ordinary run of shows, but up to the high standard set by that popular motion picture house.

The picture of the show, "The Shriners Daughter" proved very attractive, and the manner in which the romantic story was depicted on the screen made an exceptionally strong and entertaining motion picture drama. This is a recent release of the American Company, and in the various centres in which it has been offered, the picture has been in great demand. Tinted with real life, featuring as it does the Shriners' Concert Tour of California, this picture appeals strongly to the ordinary individual, while it is of particular interest to members of the order.

"The Milkman's Revenge" is another good picture in which is found bright and clean comedy. In this picture it is Chamberlain, the distinguished Thanhouser comedian, is featured as a maid and that's sufficient to warrant the quality of the picture.

## How to Prepare.

Mrs. Briggs—"So there is not going to be a postal strike after all Mrs. Johnson."

Mrs. Johnson (remembering the coal strike)—"Well, you never can tell but it may come at any moment; so I shall lay in a good stock of stamps now."

## STOCK CO. IN A GOOD SHOW

"The Man from Home"  
Drew Big Audience—Respond to Many Curtain Calls.

"The Man from Home" drew a big audience to the Opera House last night. The members of the Thompson-Woods Stock Co. acquitted themselves in their usual finished manner.

The piece last evening did not give the members of the cast opportunities as good as in some of the plays formerly produced, but everyone seemed to make the best of their parts.

The Man from Home, Daniel Voorhes Pike, as acted as by Mr. Meharry proved quite acceptable to the audience and the greater part of his work was generally admired.

Mr. Weyler as the Grand Duke Vasil Vasilvitch, had a part that was approved by all. His natural dignity was of great assistance to his work.

Mr. St. John as Earl of Hawcastle, was well up in the character.

Mr. Drummond as Hon. Americ St. Aubyn, the stage character Englishman, handled his part quite successfully.

Mr. Fager took the part of Ivanoff, the escaped convict and won general approval.

Mr. Dodge as Horace Granger-Simpson, Mr. Flemming as Ribiere, Mr. McCafferty as a carabinieri and Mr. Workman as another carabinieri, did their work in a satisfactory manner.

Miss Brandt had another good character and as Ethel Granger-Simpson, had everyone captivated.

Miss Bridges as Lady Creech, Miss Davis as Mariana, and Miss Derby as Countess De Champigny, gave good support.

The entertainment was well staged and many of the scenes were received by the audience with every token of appreciation. The actors and actresses were commended to respond to curtain calls at the close of each act.
