

### ULSTER'S PROVISIONAL GOVT WILL MEET TODAY

Will Assemble for First Time at Call of Unionist Leader.

NO PARLIAMENT IN ULSTER, CARSON SAYS

Committee of House of Lords Through With Amending Bill — Only One More Important Change in Measure.

Belfast, July 9.—The first meeting since it was formed of the Ulster provisional government has been called for tomorrow at the request of Sir Edward Carson, the Ulster Unionist leader.

According to Captain James Craig, the result of the meeting will have an important bearing on the Irish situation, but he declared that there is no intention on the part of the Ulsterites, whatever happens, to set up a parliament for themselves in Ulster. They claim the right merely to hold the province in trust for the constitution of the United Kingdom in order that Ulster should continue to be an integral portion of the British empire.

The clauses of the constitution of the provisional government which will now have been exposed expressly provide that "upon the restoration of the direct imperial government of the United Kingdom the Ulster government shall cease to exist," and "the provisional government, while it is in power, shall maintain and enforce all the laws now in force in the province other than the statute establishing a home rule government."

Arrangements have been made to receive Sir Edward Carson on his arrival tomorrow. Four hundred Ulster volunteers armed with rifles, with fixed bayonets will escort him to the place of meeting.

Committee Through With Amending Bill.

London, July 9.—The House of Lords concluded today the committee stage of the bill amending the home rule bill. The only additional important change was the insertion of new clauses giving the Lord Lieutenant control of the Irish constabulary, instead, as provided in the home rule bill, of transferring the constabulary to the Irish government after six years.

The amended bill will come up for its third reading on Wednesday.

### BRIGHT GUN FOR KILLING OF MRS. BAILEY

Gunman, Gang Leader, Gives More Damaging Evidence Against Physician's Wife — "Squealed" Because He Wasn't Paid.

Mineola, Long Island, July 9.—Meyer Newman, alias Duke De Leon, was locked up here today at Arlington for carrying a pistol. A .38 calibre revolver was found on him.

Newman, who describes himself as a gang leader in the Bronx, came to Mineola voluntarily, to testify before the grand jury in the Carman case. He is the man who announced recently by that a friend of his now in Kansas City obtained for and spirited away later a pistol for Mrs. Carman. Newman said he was a party to the transaction and "squealed" because he did not get any money. Nick Arode, said to be a New York gunman and a friend of Newman, was also locked up. He was found strolling about town with out any particular business and was arrested on suspicion.

After spending over an hour with Mrs. Carman, the prison physician announced that her pulse had been over 100 but that she had been quieted by the sedatives which he had administered after a consultation with her husband. Later Arode was released.

George Levy, counsel for Mrs. Carman, today obtained a seven page affidavit from Miss Flora Raynor, who was with Estwood Carman, an insurance agent, on the night of the murder. It was Barde's testimony that he had seen a woman running away from the window of Dr. Carman's office after the shot was fired that was the direct cause of Mrs. Carman's arrest. Miss Raynor's affidavit contradicts important parts of Barde's story.

### GR. BRITAIN AND STATES IN NEW TREATY

Ambassador Page Announces Pact Being Arranged—Provides for Commission to Arbitrate Disputes.

London, July 9.—The American Ambassador, Walter H. Page, speaking at the peace centenary meeting in the Metropolitan Tabernacle tonight, made reference to a new treaty between the United States and Great Britain. After referring to the cordial relations now prevailing between the United States and Great Britain, and complimenting Viscount Bryce on the part he played in clearing up all differences between the two countries, the Ambassador said it was the policy of the American people to have an alliance with none; where there was perfect friendship alliances were not needed.

The old arbitration treaty between the two countries, however, had been renewed for another period, and he was free to announce that a new treaty was being concluded whereby a commission was to be set up to which either government could refer any question arising between them. Both governments, he added, promised not to begin hostilities until this commission had investigated matters and submitted its report.

This treaty, the Ambassador declared, was being virtually completed. The announcement evoked a great outburst of cheering.

They will be loaned for two months to the Rainbow, and during their absence the Nobe will be closed. All the men will go but as far as is known the only officers that will leave will be Lt. Halliwell and Engineer-Commander Bell. None of the cadets will go.

### EMIGRATION GREATER THAN IMMIGRATION

Those Going Out of Canada Mostly Floating Class of Foreign Labor — Incomers are of Best Type Obtainable.

Ottawa, July 9.—A curious situation as regards immigration to Canada promises to prevail at the end of the present year. According to present expectations for the first time in many years emigration from the dominion will be greater than immigration to it. This is due to the fact that there are more foreigners, such as Ukrainians, Galicians, Rumanians and the like, leaving the country than there are coming in. Immigration this year is expected to amount to not more than 150,000 instead of 250,000 which is the usual number. The immigration department has discontinued its advertising in the old country for immigrants and has on the other hand made it known that no newcomers are desired except those prepared to go on the land immediately after their arrival and with sufficient money to be able to do this.

These immigration conditions, however, will likely prove of more benefit than harm to the country. Those who are emigrating from Canada are chiefly of the floating class of foreign labor, while those who are coming in are of the best type obtainable, and will be permanent additions to the citizenship of the dominion.

### SUGGESTS CRIMINAL PROSECUTION OF LIPTON'S COMPANY

Echo of Army Canteen Scandal in England — Sir Arthur Markham Strong for Taking Legal Action.

London, July 9.—Criminal prosecution of Sir Thomas Lipton, the chairman and his co-operators in Lipton Limited, was suggested by Sir Arthur Markham, a Liberal member in a question addressed to the attorney-general appearing in today's parliamentary papers.

The question, the putting of which was postponed by arrangement, asks whether in view of Justice Darling's statement that the defendants in the army canteen scandal case were acting under a system which was encouraged by the directorate of the company, the attorney-general has laid the papers in the case before the public prosecutor with a view to criminal proceedings for fraud and bribery against Sir Thomas Lipton and his co-directors. One question arose out of the recent view of Justice Darling's statement that the defendants in the army canteen scandal case were acting under a system which was encouraged by the directorate of the company, the attorney-general has laid the papers in the case before the public prosecutor with a view to criminal proceedings for fraud and bribery against Sir Thomas Lipton and his co-directors.

Without a dissenting vote Dr. David Starr Jordan, of Leland Stanford Junior University, was elected president of the association for the ensuing year.

Oakland, Cal., was chosen as the meeting place next year.

E. H. Schammell, of Ottawa, made an earnest plea for the insurance of peace through the proper educating of children, whom he characterized as

### THE Y-TWO CAPTURED ON WRANGELL ISLAND

Revenue Cutter Will Release Them from Isolated Abode.

CAPT. BARTLETT GIVES DENIAL TO REPORT.

Repudiates Story Credited to Him to Effect Eight of Karluk's Party Lost — All Safe So Far as He Knows.

Nome, Alaska, July 9.—Captain Robert Bartlett, of the Canadian Arctic Expedition, today positively denied that he had sent any report to the minister of marine at Ottawa which could be construed as indicating that eight men of the Karluk's crew were missing and probably lost.

Captain Bartlett said he was at a loss to understand how the Canadian officials obtained the information which they gave out as coming from him, and said that as far as he knew all the men who were on the Karluk were still alive and well on Wrangell Island.

Captain Bartlett today cabled the minister of marine at Ottawa asking for an explanation of the statement that he had reported eight of the Karluk's men lost.

Seattle, Wash. July 9.—The revenue cutter Bear with Captain Robert A. Bartlett, late of the Stefansson expedition, will sail from Nome, according to advices received today, probably within a week for Wrangell Island, off the coast of Alaska, to take on Eskimo, white men and four Eskimos, one of them a woman, who have been on the island since March 10, when they arrived from the scene of the wreck of the Karluk.

The Karluk was crushed by the ice January 10, north of Herald Island. The men took all the provisions of the ship and placed them on the ice with everything else of value on the boat which sank next day. Herald Island was sighted to the south and two parties set out for it, but were unable to land.

A description of their experiences as told by Bartlett to Ottawa, was taken to mean that the parties did not after, however, Bartlett said yesterday, was an error. The whole party made their way to Wrangell Island. Then Bartlett and an Eskimo and a team of dogs set out over the ice for North Cape Siberia, and crossed the Siberian peninsula to Behring Sea, finally arriving at Nome. About the same time a party of men went back over the ice to get supplies left at the scene of the wreck.

It is not to be supposed that they returned safely, as the dog sled party were neither long nor dangerous. So far as known none of the men suffered any serious mishap. They have abundance of food and clothing and excellent dog teams.

With the return of the wild fowl in the spring they were able to change pelican to cruet duck.

The length of time required for the Bear's voyage to Wrangell Island depends on the condition of the sea. The island is said to be difficult to land on, owing to the ice.

### MR. PINDER ON THE STAGE YESTERDAY

Says He Arranged for the Right of Way—Inquiry May be Finished Late this Afternoon

Special to The Standard

Fredericton, N. B., July 9.—The sensation of the Southampton Railroad inquiry was sprung just before the noon adjournment today, when E. V. Johnson, inspecting engineer for the federal department of railways and canals, was called to the stand by Commissioner Pringle and swore he received the figures on which he based his report from David W. Brown, engineer in charge of the construction. The witness then produced a copy of the statement which Mr. Brown had given him.

Mr. Johnson also said it was customary to secure such statements. Commissioner Pringle had the inspector identify several papers and facing the court spoke of the proverbial colored gentlemen in the woodpile and said he intended to have him out. It is not thought that Mr. Johnson was guilty of intentional misrepresentation. The only other witness of the morning D. G. Killburn who was under cross-examination by Mr. Teed. The counsel for the railway was unsuccessful in having \$1,500 added to the estimate for ties on account of a clerical error. This brings the total cost of ties up to \$12,985.

J. K. Pinder was the chief witness of the afternoon and after a long series of questions by Mr. Carter establishing the value of the right of way, Claude McDonald, who was recalled, proved a most pliable witness and agreed with what the counsel for both sides suggested.

### AFRAID TO CROSS OCEAN WITH PARTY OF ANGRY HINDUS

Crew of Steamer Komataga Maru Don't Like Prospect of Voyage With Disappointed Orientals.

Ottawa, July 9.—The four hundred Hindus outside Vancouver on board the Komataga Maru are going back to India—whether they go back on the Komataga Maru or not.

Matters are coming to a head with regard to this situation. The Hindus have lost their fight and the only question now is the manner of their deportation. The owners of the Komataga Maru are liable under the law for the conveyance of the Hindus back to the place of embarkation. It has become clear, however, that those in charge of the steamer are nervous about putting to sea with a large number of angry passengers. If this attitude continues the government will find other means of sending the Hindus back to the Komataga Maru having to pay the bill in any event.

Kelly in connection with the Centre Huron provincial election contest.
