BRITISH COLUMBIA AND VAN-COUVER'S ISLAND. [From a Special Correspondent of the

Vict ria, Vancouver's Island, February 3. 1859. Sin,-I am happy to say that I am able to Mineral and Agricu tural Colony. I left son's Bay Company's steamer "Beaver."_ I remained there but a few hours and left for Fort Hope. The same evening the Sappers and Miners, commanded by Captain Grant, and also Colonel Moody, Lieu-Captain Grant, and also Colonel Moody, Lieu tenant Governor of Bruish Columbia, and Chief Justice Bigby, went up to Fort Yale to put down some disturbances between the Magistrates and Miners—the latter, headed by the celebrated Ned McGowan, of San what sort of a country I am, at present, living Francisco. It was not un it an additional force of one hundred marines was brought up that peace was restored at Hill's Bar.

On my way up, I took particu ar not ce of the country on both sides of the Fraser River.

ry d ggings" of any importance have been covered, so they must keep a ong the Risand as these rise or fall very suddenly Tue "claims" on some bars have parwell, some as much as sixty dollars per kers, a man clears from five to eight di pay sixty vollars per day, that is to say, after al labor &c., is paid, laborers receive four to five dollars a day. Those bars will soon be all worked out, unless dry degings be discovered, I do not think British Columbia will stand out long. On the other hand if discovered no doubt it would become one of the wealthiest Columes Britain possesses. There ued in British Columbia through the water. Many a poor miner has been drown d in Fraser River without a soul knowing anything of it. [The letter here the remainder of the bags; Over cut the gives cetails of the freezing in of the steamer bags, and Moore and myself opened and "Enterprise," in the fice of Fraser River, searched the letters; there was a \$100 bill the money, and received a portion of it.

This evidence would be laid before the compassengers, who, aithough only 15 miles from Langles, to their way in the woods, threw had, as they ta.d, made \$150; we went to—away heir gold and perished of cold and wards town. Then I seed what we were

London, Wednesday, April 13, A.M.
A despatch from Paris says that Englan
will propose the question of a general disa
mament to the Plenipotentiaries.

will propose the question of a general disarmament to the Pleaipotentianies.

The Times says, the pacific advices from Paris produced very little effect on English funds, on Tuesday. The public do not believe that Napcleon intends to promote a pacific adjustment on the basis that shall clearly recognize the treaty rights of Austria, and consequently such as oan be accepted by that power, while it will uiterly disappoint Sardmia if the arrangements were patched up to morrow, with the existing feelings of France, Austria, Sardmia and Russia left in play, the prospect of repose in Europe would not be in the slightest degree better than at this moment.

The correspondent of the Herald says that notwithstanding the pacific reassurances, war-like preparations continue in France on a justify the remunication of all hopes of peace.

The Parts Patrie which is the organ Napoleon's private cabinet, speaks of a lass and supreme effort which England and Pros and supreme effort which England and Prussia are making in behalf of peace. Referring to the Austrian proposition for a general disarmament, the Patrie asserts that France is still on a peace footing; she has collected no army on her frootier; and has not applied to the Legislature for war cred t, while Austria, having increased her army in Italy to 100.000 men, might commence a campaign to-morrow. The Patrie concludes with a threat awaying that if Austria means that

that the cavelry and infantry of the Bevarian army are to be placed on a war footing, and before the end of the month all Germany will vicinity of the South Pass and Arrapho, but
