

12707

Moral force of the document as represented
if you failed to bring about an adjustment
= meant this as representing the moral
social progress in face of the document in this
relation of capital & labour - I am quite
convinced - that you are next to be congratulated
the personal triumph is now the legislative
type of triumph - I must add
that the support from the press has
not been what I should have ex-
pected. Yours very sincerely
J. M. P. Duff
