4<sup>th</sup> Oct.

Sir,

Mr. Agent McIntyre states in his Annual Report of the 9<sup>th</sup> September 1882, respecting Big Pierre's Band of Lac des Mille Lacs, that he took an Inventory of the implements belonging to the Band and found a deficiency of six axes and one Tool Chest.

Mr. McIntyre was requested to report whether this deficiency arose from the failure of the Band to keep, or of the Department to supply.
