

which a contract could be given, or under which - if it were considered to be best to do so - precisely the kind of article required to be dealt with, for instance:-

1. Brass. Only in connection with the La'oyak Industrial School is the word 'brass' used: there is no such requirement as regards Saddle Lake, Onion Lake, or Mack Lake: there is no description and no standards and under these circumstances, it is difficult to determine the ground on which any deduction from the price charged could be made.

2. Sup. Lath - no description, no standards.
3. Mining or Chopping Knife:- no description no standard.

4. Meat-knife:- the only description is that for La'oyak Industrial School, where, the Department
