

My very sincere thanks go to you  
for all you have done & are doing to make  
life of much easier chapters for me. Our  
great of triumphs are chapters to so many  
and did in all good & joyfully, as well as  
naturally. After eight months in one room  
it set a new direction in thought!  
I am very glad you had the few days with  
Mr. Rockefeller and that it was a beautiful  
holiday. I don't see how you stand your life;  
you life would kill me, and on some  
would kill you!! "I tried I can't stand the  
children's noise as I used to, but I love my  
them here, I have been a gay being with you  
& Gordon. They are all in the lake at present  
or I wouldn't be writing! I don't even attempt  
it yesterday, this is my first letter. We were  
in a fancy drive in the country last night, 1937-

Harry & Doris; & the rest of the  
family were here! It is really more than good  
of you to continue from very  
generous gift of one hundred  
dollars a month, as long as  
Margaret stays with us within  
that time. Of course you know  
I couldn't possibly help her if  
it were not for your generosity.  
She has been much more of a  
couple since he came back  
from Singapore. It may be that  
I am a coward, which helps a lot.  
But afraid it's never be able to be  
alone again, and will have to  
learn to be dependent. Every day  
I thank God for the love and  
kindness which surrounds me.
