When we arrived at the place we were admitted and ~~went~~ went upstairs. Pte Clark was there. He was sitting on the bed. I was with Pte Dalton. The accused ~~was~~ ~~laying~~ ~~down~~ but he did not make any effort to ~~move~~ ~~him~~. I assisted him down the stairs because of the bad lighting and I remarked that he had been drinking.

I was prepared to give assistance to Pte Clark.

We the accused and I went to the pub at approx 1200 hrs and stayed until closing time. We drank beer and mixed spirits. We left the pub and came home. The accused was unsteadily and staggering. He registered at the Palladium. I do not know what happened to the accused after this. I would not think the accused ~~was~~ would do anything like this. We went together on nights that we have. I consider him the better half.
