

12. The establishment at Buxton of a special hospital for the treatment of rheumatics was ill-advised, as the majority of rheumatics will not be fit again for active service, and could be better and more cheaply treated in Canada.

13. The present system of handling Canadian venereal patients is very strongly condemned.

14. The method of handling infectious diseases is most unsatisfactory.

15. Medical Boards which regulate the classification of casualties when convalescent have not been adequately provided for.

16. Satisfactory records regarding individual casualties are not available.

17. The exceedingly important question of pensions, which will involve the expenditure of large sums of money by Canada annually, has been neglected by the Canadian Medical Service.

18. Lack of co-ordination in the Canadian Medical Service between Canada, England, and the front.

19. The medical personnel is not being used to the best advantage.

20. The policy of the Department has been opposed to the use of experienced medical and surgical consulting specialists.

21. Discontent concerning promotions, especially in regard to Regimental Medical Officers serving at the front.

22. The Canadian Army Medical Corps Training School in England has never been properly organised, although of the greatest importance to the Canadian Medical Service.

23. In the operation of the Medical Service sufficient regard has not been paid to economy in management.
