## A MESSAGE

### *TO ALL RED CROSS WORKERS IN NEW BRUNSWICK.*

During the last four and a half years I have made many appeals to you on behalf of the Red Cross Society, whose work has always been very near to my heart. Your ready response and deep interest have proved a source of strength both to myself and to our Provincial Executive, and the assistance which you have rendered in making the work in New Brunswick a success, has ever won my grateful appreciation. In all your efforts I have been with you in spirit, and I feel that, whatever the coming years may bring in the way of Red Cross endeavour, your response will be as loyal and sincere in the future as it has been in the past.

*Alice Tiley*

Organizing President C. R. C. S. for N. B.
