

### GENERAL DEBILITY.

Farnham, Que., April 25.

I have great pleasure in testifying to the efficacy of the waters of the Abenakis Springs, more especially in the case of debility arising from stomach, liver or kidney troubles. I speak advisedly, as a great many of my patients have experienced the benefits of a stay at your delightful summer resort.

G. F. SLACK, M.D.

### INFLAMMATORY RHEUMATISM.

Quebec, October 1.

I take much pleasure in testifying to the great benefit I derived from the use of Abenakis Springs Mineral Water. After suffering for nearly a year from inflammatory rheumatism, a short stay at the Springs almost completely restored me to my former health.

Yours truly,

H. K. AUSTIN.

### KIDNEY TROUBLE.

A NEW LEASE OF LIFE.

Beebe Plain., April 9.

It is with great pleasure I add my testimonial to your already long list. I feel it my duty to do so, and for the benefit of other poor sufferers. For two years I suffered with a disease of the kidney, was unable to do the lightest work, and suffered constant pain in my back. I became emaciated and discouraged. I was continuously under a doctor's care, and I will give them credit of doing some good. But never did I get complete and permanent relief until I commenced the use of the Abenakis Spring Water. After using it three months I consider myself perfectly cured, and have felt none of the old pains, and do as much work as any man, and do it without getting tired. The water seems to have given me a new lease of life. I keep it in the house all the time; would not do without it. I find it saves doctors' bills and a lot of suffering. It is a perfect panacea for all kidney troubles. Thanking you for supplying me.

I am, yours, etc.,

W. C. WRIGHT.
