SNOWBOUND 48 HOURS

A Hundred Railway Passengers Suffer From Intense Cold.

Storms On British Coasts—Two Cases of Vessel Collisions, in One of Which Crew of Ten Men Likely Perished—Fourteen Mills Closed As Result of Rain and the Schuylkill River Flood At Philadelphia.

Halifax, N.S., Jan. 9.—A Nova Scotia Central train which left Bridgewater on Friday reached here yesterday after having been snowed out of its regular route for 48 hours, during which time the 100 passengers suffered intensely from cold and hunger.

ON BRITISH COASTS.

Several Shipping Casualties Reported Owing to Storms.

London, Jan. 9.—Stormy weather still continues on the British coasts, and several shipping casualties are reported. The Glasgow steamer *Sevilla* Maria collided Saturday night with a small boat off Holyhead with the Spanish vessel *Oris*, and both sank. The crews were saved in the boats after drifting all night.

The Belfast schooner *Dispatch* collided with the Sunderland steamer *Dimington* off Holyhead yesterday morning. The *Dispatch* was towed into Ramsgate, but the *Dimington* is believed to have sunk with her crew of ten men.

Several other vessels were driven ashore at different points their crews being rescued with great difficulty.

Tidal Flood in Britain.

London, Jan. 9.—A tidal flood on the east coast Saturday morning caused an enormous amount of damage at watering places from Scarborough as far south as Dover. Eight hundred feet of the pier at Scarborough, which cost \$125,000, were swept away, and the promenade on the sea front were broken up. Nearly all parts of the Town of Yarmouth were inundated, hundreds of houses were flooded, and the inhabitants were obliged to vacate the ground floors. The esplanade and beach gardens were swept bare. Blocks of concrete were tossed about, wrecked everything they came in contact with. Similar destruction was caused elsewhere. Sea walls were washed away, and waves swept over adjoining esplanades, destroying numerous costly, permanent attractions, inundating houses, churches, and stores, and causing immense losses both to corporations and individuals.

Fourteen Mills Closed.

Philadelphia, Jan. 9.—The effects of Friday night's heavy rainfall, which was driven by a 36-mile gale, were in evidence Saturday in all sections of the city and environs. The most serious result is the swollen condition of the Schuylkill River, which is sixteen feet above normal at Manayunk, a suburb. Fourteen mills are closed as a result of the flood, and 4,000 hands are idle.

The rapid rise of the river is due partly to the great masses of ice which were carried down from the upper Schuylkill River and became jammed. The water dammed by the ice backed up, and overflowed into the basement, and first floor of the factories and mills, which line the banks of the river at that point.

The residents of the place were aroused early Saturday by the screaming of the factory whistles, and the employees, after several hours of strenuous work, succeeded in saving many thousands of dollars' worth of goods.

Railway Tracks Under Water.

New Haven, Conn., Jan. 9.—Floods in Connecticut are the result of Friday night's storm. The heavy rains have swollen the streams so that village streets and railroad tracks are under water, seriously hampering all traffic.

In Winsted, Md. River overflowed its banks so that the main street of the borough was ten inches under water Saturday. Trolley traffic was

partly suspended and goods stored in the cellars of stores were seriously damaged.

Buffalo Buried Deep. Buffalo, N.Y., Jan. 9.—Snow has been falling in this vicinity incessantly for 48 hours, and at 10 o'clock Saturday ten inches were recorded at the weather bureau.

SUICIDE BY HANGING.

Kat's in Brisley's Continued Ill-Health Preyed on Her Mind.

Toronto, Jan. 9.—Ill-health drove Miss Katherine Brisley of 328 Rushton street to suicide on Saturday morning by hanging. Miss Brisley, who was a woman of about 30 years of age, had for some time been subject to attacks of epilepsy, and her condition so preyed on her mind that she determined to end all. Her sister, Josephine, went out to attend church on Saturday morning and upon her return found her sister dying. When Dr. Brand arrived a short time later he found the unfortunate woman expiring in her sister's arms. Coroner McConnell is investigating.

Deputy Minister of Manitoba Dead.

Winnipeg, Jan. 9.—George Simpson, Deputy Minister of Public Works for Manitoba, passed away yesterday morning at the General Hospital after a lingering illness. An operation was performed Monday last. The late Deputy Minister was born in Picton and was at the time of his death about 63 years of age. He came West in 1875.

BEFORE JAPS GET HELP

It is Expected That the Czar Will Order Battle.

Kuropatkin to Attack Oyama Before Nogai's Veterans From Port Arthur Can Re-Enter Him—Russian Emperor and Council Likely to Continue the Policy at War to the Ditch End—Transfer of Prisoners At Port Arthur.

St. Petersburg, Jan. 9.—General Kuropatkin reports the frustration of a Japanese attempt to surprise his centre front on the night of Jan. 8, and the bayonetting of twenty-one Japanese the night of Jan. 3 by a cavalry reconnaissance in the valley of Taite River, in the direction of Siachan.

It is expected here that the Czar will order Kuropatkin to take the offensive immediately before Nogai's veterans can join the Japanese forces on the Shalke, and at any expense to gain some success to offset the effect of the loss of Port Arthur upon the Russian people. Such instructions will place Kuropatkin in a most difficult position.

The severity of the winter in Northern Manchuria makes extensive military operations next to impossible, even with troops having the best equipment. It is known that the Russian army is suffering great deprivation of such necessities as boots and overcoats, owing to the wholesale stoppage of supplies and the fact that the Russian army is suffering from lack of food. The Russian army is suffering from lack of food.

Advance Not Yet.

Huanchan, via Mukden, Jan. 9.—The expected advance of Japanese, which the Chinese prophesied would take place on the 24th, has not occurred. Even the usual cannonading has not taken place. The troops celebrated Christmas Saturday night. There were Christmas trees in many companies and little celebrations in various officers' quarters. Many men exchanged presents, mostly their own handiwork, quaint and curious gifts, there being little obtainable in the way of conventional presents.

To the Bitter End.

St. Petersburg, Jan. 9.—The conferences which Emperor Nicholas has been holding with members of the council of the empire, Mr. Witte and other ministers and advisers on internal and external situation have not yet been concluded, but nothing has occurred which would indicate that the Government is prepared to depart from its present program of continuing the war to the bitter end. Nevertheless talk of peace was heard Sunday in many quarters, the foundation for it being ascribed to Foreign Minister Lamsdorff's position in favor of such a course on the ground that aside from the humiliation to military prestige involved, it would only mean the relinquishment of Manchuria, to which Russia already is formally pledged. There is no confirmation of this statement of Count Lamsdorff's position beyond the general knowledge that he always has belonged to the peace party.

PRISONERS TRANSFERRED.

Total On Saturday Reached 575 Officers and 23,491 Men.

Tokio, Jan. 9.—Gen. Nogai's report, received here at 11 o'clock Saturday night, announces the transfer of Port Arthur prisoners was completed Saturday afternoon; total of 575 officers and 23,491 men.

The total number of officers and men transferred on Saturday was as follows: Gen. Stoessel's forwarding command, 48. Gen. Stoessel's headquarters, 21. Engineers Co., 280. Telegraph corps, 65. Railroad detachment, 56. Cavalry, 181.

Officers and crews of war vessels: Retrivian 22, Pobieda 22, Pallada 11, Peresviet 15, Potlva 327, Sevastopol 538, Bayan 136, St. Nikolai 70, Amur 180. Naval defense headquarters 328, harbor brigade 985, naval brigade 90, torpedo brigade 152, field posts and telegraphs 56.

Of the number 366 were officers and 3,654 soldiers and sailors. Three judges and three clerks of court were also transferred.

Refuse Parole.

Headquarters of Japanese Army at Port Arthur, via Fusan, Jan. 9.—Lieut. Gens. Fock and Smirnov have decided to go to Japan as prisoners of war. Gen. Smirnov was in command of the forts at Port Arthur and Gen. Fock commanded the fourth division of the army there. Fifty per cent. of the Russian officers will go to Japan and share with their men the fate of prisoners of war. There are five Russian admirals at Port Arthur, one of whom will go to Japan. Among the admirals is a prince. Twelve foreign naval attaches have visited Port Arthur and inspected the remains of the Russian fleet.

Stoessel Leaves Jan. 12.

Tokio, Jan. 9.—Lieut. Gens. Fock, Smirnov and Goldshmidt and Rear-Admiral Willmann will be brought to Japan as prisoners of war. Lieut. Gen. Stoessel will leave Dally, Jan. 12, on a Japanese transport for Nagasaki. He will be accompanied by the other parolees. The Russians probably will remain in Japan a few days and then proceed on a French steamer to Europe, going by the way of the Suez Canal. General Nogai reports that the officers paroled to date number 441 and orderlies 229.

To Transport Prisoners.

It is understood that the San Yo Railway has been instructed to make preparations to transport 30,000 Russian prisoners to the officers' hospital to Kure. The most serious cases of sick and wounded will be left at Port

Arthur in the field hospitals for the present. Those capable of being moved will be brought to Japan, when arrangements for housing them have been completed.

Left For Port Said. Suda Bay, Jan. 9.—Vice-Admiral Boshu, division of the Russian second Pacific squadron, consisting of the cruisers Oleg, Izumrud, Dnieper and Rion, and the torpedo boat destroyers Gromski and Reziya, which had been delayed in Suda Bay, left yesterday afternoon for Port Said.

VANCOUVER JAPS CELEBRATE.

Speeches, Processions and Bands in Honor of Port Arthur Victory.

Vancouver, B.C., Jan. 9.—Local Japanese residents celebrated the fall of Port Arthur Saturday. Their places of business were closed early in the day and stores and houses were all gayly decorated.

In the afternoon they assembled on recreation grounds, where the surrender of Port Arthur was officially announced by Hon. K. Morikawa, the local Japanese consul. Congratulations speeches were made by several prominent Japanese, the tenor of the remarks being that if Japan were successful in war, she would prefer terms of friendship to her present foe and endeavor to assist in giving people of Russia more liberty in a better civilization.

A procession was then formed and, headed by two bands, marched through the principal streets to the Japanese consul's residence. There were several hundred Japs in line, each carrying a lighted Chinese lantern. The procession then returned to the grounds, where the celebration kept up till a late hour.

HOLD-UP MEN ARRESTED.

Three in Recent Desperate Attacks Are Now in Custody.

Winnipeg, Jan. 9.—At last three men who have been playing the hold-up game in Winnipeg are in custody. The leader of the gang, John Sanderson, was placed under arrest on Saturday night at Port Hope, Ont., by Chief Bond of that place, acting under instructions received from Winnipeg.

His two associates, William McDonald and another, were taken into custody on Saturday afternoon by Detectives Chatterton and Stoddell here. An officer left this city yesterday for Port Hope to bring Sanderson back.

The trio are charged with assaulting and robbing Dionisio Frank, fruiterer, 577 Main street, Dec. 21. Frank was badly beaten and robbed of \$80. Another charge is that they assaulted and robbed James Ferguson on Thursday, Dec. 29, at the corner of Magnus and Main streets. In this case over \$25 was stolen and Ferguson was terribly beaten about the head by his assailants.

A LIBERAL WINS.

Chamberlain's Policy Loses in a Staunch Tory Riding.

London, Jan. 9.—In the Parliamentary bye-election at Staleybridge, Cheshire, Saturday, J. F. Cheetham (Liberal), defeated Mr. White Ridley (Conservative), by a majority of 957. Hitherto, for 20 years, Staleybridge has returned a Conservative.

The election, which was warmly contested turned almost completely on free trade as against Mr. Chamberlain's policy. Mr. Ridley announced that he was opposed to the taxation of food, but that otherwise he would support Mr. Balfour's program.

This capture of a Conservative stronghold has aroused great Liberal enthusiasm.

\$500 For Broken Leg.

Mitchell, Jan. 9.—The case between John Waters and John Connolly of Logan, both well-to-do farmers of Logan, was argued here Saturday in court. The trouble happened on Christmas Eve in the Hicks House, where a scuffle ensued and in the mix-up Waters got his leg broken above the knee. He claimed that Connolly kicked him in the leg with the above result. Connolly stoutly denies doing anything of the kind. Connolly must pay \$500 damages and \$70 costs, amounting to \$570 in all.

C.P.R. Train Ditched.

Toronto, Jan. 9.—An accident was reported yesterday to the C.P.R. train westbound near Trudeau, on the North Shore. Owing to a disarrangement of the telegraph wires, no details have been received by officials beyond that a portion of the train was ditched and that no one was seriously hurt. A telegram received by a Toronto man from his son read "slightly hurt in wreck to-day."

BRITAIN AND GERMANY

Said to Have Been On the Verge of War Last Week.

Astonishing Statement of National Liberal Leader At Kreuznach—Expert Diplomats Prevented the Warlike Complications From Maligning—Despatch From Vienna Via New York Says Anglo-German Relations Are Causing Anxiety.

Berlin, Jan. 9.—The National Liberal leader, Dr. Passche, addressing his constituents at Kreuznach Saturday made the astonishing statement that Germany and Great Britain were on the verge of war last week, referring evidently to the representations which the German Foreign Office made to Great Britain regarding a bellicose threat against Germany in the Army and Navy Gazette.

Dr. Passche's words were: "I know with absolute certainty that Germany and Great Britain last week were much nearer warlike complications than many people dream. Our diplomacy succeeded in averting the danger, though with difficulty."

Why This Anglophobia Dismissed.

Vienna, Jan. 9.—(Special via New York.)—Mr. Well informed circles here the conviction has gradually come to prevail that for some reason or reasons unknown the state of Anglo-German relations is causing anxiety to the German Government. As far as is known in Vienna those relations are not now much worse than at any time since Count Von Buclow measured tongues with Mr. Chamberlain and found that he had still something to learn in the art of political controversy.

At the same time it is presumed that the German Imperial Chancellor would not have disclaimed Anglophobia for himself and his country, such carrying a lighted Chinese lantern review and in the Reichstag, and that he would not have instructed German diplomats in foreign capitals to deplore Anglo-German misunderstanding, had he not some special object in view. If this object be simply the improvement of Anglo-German relations, it is clear from the tone prevailing in authoritative quarters here that Count Von Buclow is known to be too able a diplomat to allow himself to be manipulated by newspaper opinion not to change at one stroke the darning of German representatives and of the German press if he were really apprehensive of trouble. Austria-Hungary is too well acquainted with Pan-German clamor to attach much importance, intrinsically, to the dreams of German naval enthusiasts, for the sake of them to make special object in view. If this object be simply the improvement of Anglo-German relations, it is clear from the tone prevailing in authoritative quarters here that Count Von Buclow is known to be too able a diplomat to allow himself to be manipulated by newspaper opinion not to change at one stroke the darning of German representatives and of the German press if he were really apprehensive of trouble.

Nevertheless the situation existing between England and Germany is not regarded as alarming, for Count Von Buclow is known to be too able a diplomat to allow himself to be manipulated by newspaper opinion not to change at one stroke the darning of German representatives and of the German press if he were really apprehensive of trouble.

What the Gazette Says. Montreal, Jan. 9.—The Gazette will come out to-day in favor of R. L. Borden as the leader of the Conservative party. Mr. White's paper states that Mr. Borden is absolutely the best man for the position.

COOLNESS AVERTS PANIC.

How Rev. Frank DuMoulin a Chieftain Aided in Fire.

Chicago, Jan. 9.—Flames appearing among the decorations over the altar of St. Peter's Episcopal Church, 1737 Bel Avenue, last evening, summoned the officiating priest, Rev. Frank DuMoulin, from prayer at the altar to survey in stilling panic, dismissing a frightened congregation of several hundred persons and fighting the fire that threatened both the lives of the worshippers and their sanctuary. By reason of the priest's calmness and quick grasp of the situation, inspiring confidence and presence of mind in those imperiled, the church was quickly emptied without disorder or confusion, and pastor, with the aid of the choir, were left free to subdue the flames and save the building, a task they accomplished before the firemen arrived. Rev. Mr. DuMoulin is a Canadian, native of Niagara Falls, Ont., and a son of the Bishop of Niagara.

WHITNEY AT INGERSOLL.

Largest Meeting of Present Political Campaign Saturday Night.

Ingessoll, Jan. 9.—J. P. Whitney, leader of the Ontario Opposition, was welcomed an enthusiastic welcome by the Conservatives of South Oxford at the Ingessoll Saturday evening. The gathering was in every particular a magnificent tribute to the Conservative leader, and the late member for the riding, Donald Sutherland. A torchlight procession, headed by the band, escorted Mr. Whitney from the depot to the Opera House. Hundreds were turned away from the hall, which was crowded to the doors. Mr. Whitney declared it to be the largest meeting he had addressed in the present campaign.

Mr. Whitney's address was a masterly reply to the arguments advanced by Premier Ross at Ingessoll on Thursday night. His effective arguments were cheered to the echo, not by Conservatives alone, but by Liberals, who had attended the Ross meeting, and had become disgusted as they declared with the reasons advanced by the Liberal leader for support.

Twenty Members of a New York Chorus Seriously Hurt.

New York, Jan. 9.—More than twenty members of the chorus of the Metropolitan Grand Opera Company were seriously injured Saturday night by the collapse of the bridge in the street scene in the opening act of "Carmen." The uninjured members of the chorus heroically massed at the front of the stage and sang on. The curtain was run down as soon as possible, and Heinrich Conrad, the impresario, prevented a panic by urging the great audience to remain seated and not be frightened. The injured, removed to hospitals, were: Giovanni Rossi, two fractured ribs; Wanda Adamsky, fractured ribs; Natalie Cornolle, both legs fractured; Katherine Hahn, left hip injured and ribs broken; Ida Robenstein, internal injuries and shock; Italo Langogari, dislocation of right shoulder; Desadora Pacettini, right leg fractured; Vincenzo Raggario, fractured ribs; Giovanni Manina, fractured ribs; Madame Ackie was slightly bruised on the right arm and the right foot by a piece of flying timber from the bridge, but she continued in the cast.
