

In-Foal Mares INSURANCE

OF ALL the losses owners are liable to, none can be **less prevented or modified** in any manner whatsoever **than loss by foaling**. Notwithstanding the best care and attention, although a mare may have foaled many times successfully, she is always a cause of worry and anxiety to the owner through the fear of **losing by death** the often very **high cash value of the Beast**, not to mention service fee, care and expenses incurred for no avail. **Why risk such loss** when a payment of a few dollars in premiums would **cover you** should it happen. Reduce the amount of the **RISK** by insuring, only risking thereby the **loss of the Premium** if the mare foals allright. We issue 30 days, 6 months and 12 months policies with or without cover on foal.

"And mind you do not fail to choose.
A gun that you can freely use;
Its size, its weight, its length, its merrit.
Must on your form and strength depend.
Some makers think—I'm not in fun—
So much of this, that for a gun
They measure you as a man of stiches.
Would measure you for a coat or breeches.

The pleasure of your shooting is considerably enhanced if you use a gun that fits you; perfect balance is a sine qua non of the perfect gun, and none can equal the

GREENER

in this respect. Few makers have the experience necessary to insure this fit, while the built-by-the-mile and cut-off-by-the-yard American contraption is usually so devoid of symmetrical outline that balance and handling are rarely considered.

The slightly increased cost of a good GREENER GUN is quickly repaid by the increased pleasure derived from its use, besides, it lasts a lifetime, and is really the cheapest in the end.

The Life of a "CHAMPION" EVAPORATOR

The "Champion" Evaporator is practically indestructible. It will stand any amount of hard work and almost any abuse to which it may be subjected during the rush of the sugar season.

There are thousands of "Champions" both in Canada and the States that have been in use for the past twenty to twenty-five years and are giving entire satisfaction.

First cost is the only cost if you install a "Champion" Evaporator. Our terms are so reasonable that any man who owns a sugar bush can own a "Champion" Evaporator. The machine will pay for itself before you realize it, too. Don't delay thinking it over. Write us today for our new illustrated catalogue (free) and tell us how many maple trees you tap.

Looking for Trouble

Every farmer who allows an outside closet to remain on his farm is Looking for Trouble—disease and illness—for himself and his entire family.

It Has Been Proved

That nine out of every ten cases of illness on the farms are directly traceable to the outside closet—that horrible sink of disease and filth.

Just think! You allow this horror to remain within a few steps of your home—and force your family—your wife and daughter to use it—in all weathers—winter and summer.

Why, man, it's outrageous! Especially when you consider how little it would cost you to install a Good Health Sanitary Closet—right in your own home. Imagine how your family will appreciate its privacy and convenience. Make up your mind now to get rid of that outside privy. We will show you how.
