

The wasteless way and the only profitable way to veal up or raise calves is to feed

### Caldwell's <sup>Cream</sup>Substitute Calf-Meal

It contains the same nutriment as whole milk and costs far less.

It is vastly superior to Imported Calf-Meals for the simple reason that quality must be sacrificed to meet the heavy freight and duty charges.

Being situated right in the heart of our customers here in Dundas we have no long freight bills to allow for or duty to pay.

We mill all the grains used in making our Cream-Substitute on our own premises.

We use pure crushed Linseed (not cotton seed as competitors do) that accounts for the high percentage of fat in our product and the name "Cream-Substitute."

We only manufacture two products—

Caldwell's Molasses Meal for stock, and

Caldwell's Cream-Substitute Calf-Meal.

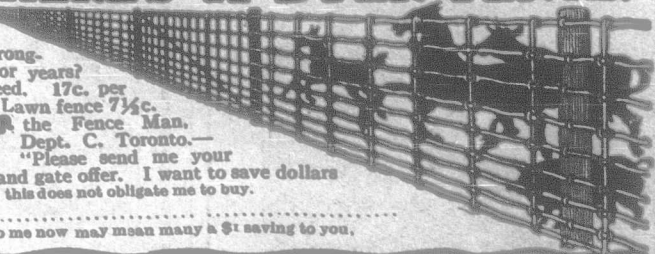

Both are guaranteed to the Canadian Government.

N. B.—Ask your Feedman for our Cream-Substitute. Write and give us his name if he hasn't any in stock.

## Modern Barns Make Profits Bigger

Any barn, new or old, can be made modern with BT Sanitary Barn Equipment. And a modern barn means work saved, time saved, profits increased.

For a modern barn is cleaned in half the time with half the work, at half the cost—and is easier to keep clean.

A modern barn means a clean barn. And cleanliness means healthier cows, greater milk production and less veterinary bills.

Think it over, Mr. Dairyman. Thousands of others have profited by installing BT Equipment. Let us show you, and prove to you that it will pay you to do the same.

## BT Sanitary Barn Equipment

Steel Stalls, Stanchions, Pens, etc.

BT Stalls line every cow evenly over the gutter. Stall, bedding and cow are all kept clean. And drudgery in stable cleaning is a thing of the past.

Individual mangers are provided—each cow is fed separately—none can steal from the others—a closer record of each cow can be kept.

Absolute comfort is provided for each cow. She can card herself on either side while standing or lying.

Accidents causing Big Knees, Ruined Udders are prevented by Double Curve Steel Partitions.

These and many other advantages of BT Stalls are fully described and illustrated in our Stall Book. Mail coupon for copy to-day.

FREE BARN PLAN SERVICE

For years we have made a study of dairy barns—not only how they should be equipped, but how they should be constructed, lighted, ventilated and drained.

We offer you the benefit of our wide experience, free. Mail us a pencil sketch of the floor plan of your barn, indicating dimensions, and number of cows. We will make you special plan for building or remodeling.

Also, if you will answer questions in coupon, we will send you, free, our book: "How to Build a Dairy Barn"

### Send in Coupon

Whether you have a large barn or a small one, you should read our book on Steel Stalls. It shows how other barns have been made modern—how other dairy-men have increased their profits enormously, and how you can do the same. Mail coupon for Stall Book now, before you forget.

## This Engine Runs on Coal Oil

Every farmer can afford an Ellis Coal Oil Engine. They give far more power from coal oil than other engines do from gasoline. They are safe, as well as cheap; no danger of explosion or fire.

The strongest and simplest farm engine made; only three moving parts: nothing to get out of repair. Anyone can run it without experience. Thousands of satisfied customers use these engines to grind feed, fill silos, saw wood, pump, thresh, run cream separators, and do dozens of other jobs. Cheaper than horses or hired men. Fill up the tanks and start it running, and no further attention is necessary; it will run till you stop it.

FREE TRIAL FOR 30 DAYS. You don't have to take our word for it. We'll send an engine anywhere in Canada on Thirty Days' Free Trial. We furnish full instructions for testing on your work. If it does not suit you send it back at our expense. We pay freight and duty to get it to you and we'll pay to get it back if you don't want it.

Absolutely guaranteed for 10 years. Write for free catalog and opinions of satisfied users. Special offer in new territory.
