HOME AND FOREIGN ITEMS.

Mr. Joseph Northwood, of Chatham, Ont., has been called to the Senate in place of the Hon. George Brown, decensed.

Montreal has had some trouble with the ship laborers, striking for 20 sents an hour. The different lines have given from 15 to 20 and no further trouble is feared.

At Springfield, Illinois, on Thursday, the Republican State Convention adopted amid considerable confusion, a resolution declaring Grant the choice of the Conven-tion for the Presidency.

Mrs. Weldon, wife of Judge Weldon has presented a valuable collection of old china, numbering 353 pieces, to the mus-eum of King's College Windsor. The collection is worth several thousand dollars. Many of the articles in the lot were brought to St. John by the Lovalists, and several of the bowls, were used by them for baptismal fonts.

Another Ohicago Presbyterian minis-ter is wandering away from the West-minister Catechisms to the Gospel of Christ, and he is accursed of unwitting Christ, and he is accursed of unwitting ignorance. Dr. Kittridge says: "Jesus died for the salvation of all. . . . There are some who tell us that while God de-sires the salvation of all, yet the cleansing blood was shed only on the elect; but let us be careful to shape our view of the doctrine of election by the cross of Calva-ry, rather than contract the cross so as to get it into our narrower view of this doc-trine." And just what we would expect the Christian Instructor says: "We wot that through ignorance be did it."

The Imperial Parliament re assembled The Imperial Parliament reassembled on Thursday last. The Queen's Speech refers to the cordial relations with all the powers, and hopes for the speedy execu-tion of the whole Treaty of Berlin. It says the efforts to pacify the Afghane and establish a strong and independent but f. iendly Government, will be unceas-ing. A policy of confederation in South Africa is advised, but the Transvasi will be unceased will be be retained. Imports and exports and other signs indicate the revival of trade. The Peace Preservation Act in Ireland, will expire in June, and will not be renew-ed. The foyaity and good sense of the frish people will justify reliance on the provisions of ordinary law, firmly administered, for the maintenance of peace and

hiwher education, the satiaorder. The " Congregationalist" thinks it is all right to provide for a united communion service in the Sunday School Centenary, notwithstanding the attitude of the Bap-tists, because "no harm whatever can be done, for no close communion Baptist will be compelled to be present. But let at be considered that under the circumbe considered that under the circum-stances, the proposed communion would be an act not of fellowship, but dis-fellow-ship; not of unity but division. Under the circumstances, it appears to us that it would be an act of unchristian rudeness to thrust before our Baptist brethren this bit of reproof for their exclusiveness. It is true that " they are not compelled to be present" but that is no excase for putting them where they would be compelled to absent.

What an Englishman sees in America depends somewhat on his eyes, and sou

The same paper | asys "Baglish diese tablishment is on its way and not very far distant. When it does come it will be probably like a thunderbolt out of a clear sky, and Churchmen ought to be getting ready for it.

The Church Times says that the differ ence between the church of Rome and the Church of England as to the right way of speaking about the bread and wine after the consecration is "only a guarrel over words." This is modern Augliean divinity.

A professor lately in a British Roman Gatholic College has resonneed his Ro-manism, and allied himself with the Me-thodist New Connenion. He has been led to take this step through reading the works of the Rev. Dr. William Cooke ; and he lately preached in an English Me-thodist New Connexion place of worship. God has yet a great work for Methodism to do in the world.

The late Henry Vincent; "the English lecturer, once related to a correspondent of the Troy Times that he was driving with John Bright when the news of Abraham Lincoln's death was told them Abraham Lincoln's death was told them by a man who stopped their carriage by the wayside for that purpose. Neither of the two Englishmen spoke a word in response. They drove on in atter silence ; and bye-and bye when each looked up at the other's face, the eyes of both were full of tears. I

AFFAIRS IN TURKEY .- The Constantinople correspondent of the London Times mentions a revival of Musselman fanaticism and the efforts of their newspapers to excite hatred against Christians. The correspondent cites an article published in a newspaper known to be in intimate relations with the Grand Vizier, denouncing Europe in bitter language as the anthe Mussilmans in East Roundia, and venting a million curses against such civ-ilization as that of Europe. The corres-pondent thinks, that usach insitements are sure to increase the assassinations of Obristians, which are already frequent and are not punished.

GOSPEL IN FRANCE,-Bey. Mr., McAll; in a letter to the London Record speaks of the progress of the gospel in France thus: "Looking back to the time when, between eight and nine years ago, we were privileged to devote ourselves to evangelization in Paris, we recognize a marked progress in facilities for action while a measure is more before the some while a measure is now before the gor-ernment which, if enacted, will give com-plete freedom for religious meeting. Along with this, in spite of the tremend-Along with this, in spite of the tremend-ous opposing forces of Ultremontanism and anti-religion, much prejudice has, evidently, been overcome, and a desire in widespread to learn what the pure Gospel of Christ really is. Who can estimate the immense importance of seizing the present crisis, the duration of which none can predict, in order to pervade the land with God's truth P"

W. M. Blackourn, D. D., Professor of Church History in his History of the Christian Church edition 1879, in speaking of the schisms of the church, about the year 249, says : (page 48) " They took

what where he goes. A correspondent of the London Times lately rode in the cars from Boston to New York, and reported that the New England houses are neatly washed over every year with lime! It did not once occur to him that they were painted with the best of white lead. Pro-baoly a search through the six states would hardly discover a house more pretentious than an Irish squatters's hovel that was whitewashed. Mr. Potter, member of Parliament for Rochdale, reported, after coming home from a visit to Ameri ca, he only saw four drunken men while in the country. But Mr. Read, another M.P., who was here for a careful enquiry into our agricultural prospects, declares that he : " Saw six men together, and all carried pistols !" We can believe both witnesses. But we surmise that Mr Read went to the very confines of civilization .-N. Y. Independent.

The Presbyterian Church in Swallow street, Piccadilly, London, which at one time was largely attended by the adherents of the National Scotch Church there, had to be closed about a year ago, through a lack of worshippers. The building has now been sold for the moderate sum of £1,600, and will, it is understood, be forthwith converted into the beadquarters of one of the Metropolitan Volunteer Corps.

GENEROUS LIVING-There died a few years ago, and a few weeks ago, two men who made a strong mark on English lit-orature. Each feil suddenly, "died in harness, as is said, at a little past 50, in what should have been the prime of life. Both lived generously, both worked upon stimulants, both ate and drank too much -far more than was good for them. Gifted with powerful constitutions and high vitality, both as a physiologist can judge might have lived 50 years longer-50 years of useful, honorable life.

The just published letters of Charles Dickens show how his life was thrown away. We see how he ate and drank and worked up to the last moment. Wise as he was in many things, and kind and generous as we knew him to be, he was ignorant of the science of life. And never was a valuable life more recklessly wasted and destroyed. The world is full of such examples; and though there are now a few medical men like Sir William Gull, Sur Henry Thompson, Dr. Richardson and Dr. Kerr, who see the evils of stimulation and have some proper notions on diet, the great mass of the medical profession prescribes beef and brandy, excess of fuod and continual stimulation, with the iesults which we see around us.

Stimulants may quicken life for the moment, but they do not prolong it. All stimulation is a waste of vital power. There is no one who uses stimulants of any kind who would not, other things being equal, live longer without them. This law applies to tea, coffee, tobacco, opium, b, as well as to alcoholic stimaants.-Phrenological Journal.

up the older Africa notion that these who committed gross sins after baptism should be forever excluded from the church. This was enough to cause infant baptism to be neglected."

In speaking of the questions that disturbed the Church he says : "The validi-ty of baptism did not depend on the mode for-immersion, pouring, and sprinkling were recognized; nor noon age, for the most orthodox baptized infants. The question put to Cyprian in regard to infant baptism was simply this, Whether it should be administered before the child was eight days old ? He thought there need be no such delay, and the council of Carthage (in the year 255) fully agreed with him."

Blackburn in a note, on page 73, says : Origen wrote, "The Church had from the Apostles the tradition (injunction) to give haptism to young children." "According to the usage of the Church it (baptism) is given to young children." So also, says Blackburn, said Basil, Ambrose, Jerome, Chrysostom, Augustine, Pelagins, sevaral councils and other witnesses.

The following communication appeared in a recent number of a New South Wales paper :

SIE-Seeing in your last issue a mention made of a correspondent writing from Blayney, stating that large numbers of knownti - abit to databa children are being carried off with diphth-eris in that district and Carcoar, a member of my family was attacked with diphtheria about four weeks since. As soon as the disease appeared it was treated with the best known remedies. The disease gained ground in spite of all efforts and on the morning of the fourth day it seemed to be master of the situation. Both tonsils and the soft palate was com-pletly covered with it She could hardly lift up her head, very weak, eyes such back, in fact termination. She asked for some honey. The first sponful gave re-lief. I mixed honey, sulphur, and borar, and applied it to the diseased part. The and applied it to orderful. In two hours she was able to sit up in the bed, and took spoonfuls of honey at intervals. I applied the mixture every two hours That night there was not a vestige of the disease to be seen-tonsils quite clean. The next cay she was able to get up, and the third day able to resume her household duties. I was astonished at the rapidity of the cure. It appears so simple that most people may doubt its efficacy, but I have the fullest confidence in it. Any one attacked with this disease wants their strength BROWN& WEBB kept up with plenty of beef-tes, brandy and ege, port wine, and stimulating remedies. Lemon-juice is a very good drink. Quinine is very good to keep

durn the tever. My publishing the above facts in your widely circulated Journal may be the means of saving many valuable lives. JAMES FARBAHER,

Charcoal Post Office, West Dapto.

Absolutely Pure Spice.

The only excuse for the adulteration of Spices is that the price is thus reduced ; but this really only benefits the dealer at the expense of the consumer In reality as the value of Spice depends only on its Strength and Flavor The Best is Always the Chespest

nted by denutions from sevend a N. B.,

dil to ni ward Our sale of Pure Spices has increased to a very gratifying extent, and as we purchase the whole Spices in large quantities in the best markets of the world, we are enabled to offer our Genuine Spices at little, if anything, higher prices than are demanded for inferior goods of other brands. Be it understood, however, that we will never sacrifice the QUALITY of our goods to the rage for CHEAPNESS, but will always maintain the standard of purity which has given our brand of Ground Spice the preference wherever it is

Our Spices are ground by Steam Pewer, on our own premises, packed in tinfoil packets of 2 ounce and quarter pound, FULL WEIGHT, and labelled with OUR NAME. They may be had of all the leading retail grocers throughout the Maritime Provinces. We request the favor of a TRIAL of them by any, who have not already used them, convinced that their own merits will secure their continuous use.

CAN BE CURED IS A FACT ATTESTED BY THE HIGHEST MEDICAL AUTHORITIES IN THE WORLD.

A careful observance of the laws of health, and the systematic and persistent use of SCOTT'S EMULSION OF COD LIVER OIL with HYPOPHOSPHITES OF LIME AND SODA will accom-ph this result. This preparation has all the virtues of these two most valuable specifics, in a form perfectly palatable, and acceptable to the most delicate stomach, and we make the unqualified statement that SCOTT'S EMULSION is being used with better results, and endorsed and prescribed by mere physicians for Cousumption—and the diseases leading to it, Chronic Coughs, Bronchitis, Scrofula, Anaemia, General Debility and the Wasting Disorders of children, than any other remedy known to medical science. The rapidity with which patients improve on this food medicine diet, is truly mar-vellous. vellous.

SEE WHAT PHYSICIANS AND THE PEOPLE SAY ABOUT IT. Mesere. Scott & Bowne:

66 West Thirty-sizth street, New York, Sept. 2, 1876.

GENTS-I have frequently prescribed Scorr's EMULSION OF COD LIVER OIL with HYPOPHOSPHITHE during the past year and egard it as a valuable preparation in scrofulous and consumptive cases, platable and efficacious. C. C. LOCKWOOD, M.B. MESSES. SOOTT & BOWNE-Gentlemen-Within the last year I have used in my own family, and in my private practice prescribed very extensively Scorr's EMULSION OF COD LIVER OIL with Hy-rormosrmirms and found it a most valuable preparation, especiaelly in diseases of children. It is ag-reable to the most delicate stomach; which renders it a very reliable agent as a nutritive remedy

in consumptive and scrofulous cases. October 12, 1879. Yours Yours respectfully, A H SAXTON, M.D Baltimere.

MESSES. SCOTT & BOWNE-Gentlemen-Within the last two months I have fairly tried Scott's EMULSION OF COD LIVER OIL with HYPOPHOSPHITES, and I candidly declare that it is the finest pro-paration of the kind that has ever been brought to my notice; in affections of the lungs and other wast-ing diseases, we consider it our most reliable agent, in a perfectly elegant and agreeable form. December 10th, 1878. Very truly J. SIMONAUD, M D, New Orleans, La.

December 10th, 1878. Very truly J. SLMONAUD, M D, New Orleans, La. Musans Scorré Bowns:--Gentlemen:--In September 1877, my health began to fail and my phy-sician pronouncedit spinal trouble; under his care I got some relief from pain, but my general health did not improve, and early in the winter, I began to raise blood and rapidly grow worse. In May last, I was taken with a violent bleeding which brought me to my bed and my life was despaired of for many weeks; violent symptoms appeared, night and morning coughs, night sweats, abort breath, and a return of the sympt trouble. My physician stopped the bleeding and then ordered Cod Liver Oil and Lime: and I used various preparations, but they did me no good. I lost all hope of life, and was an object of pity to all my friends. Last September I purchased a bottle of your Email-sion, before it was all taken I was better. I then bought a dozen bottles and have taken all with the following results: Cough subsiding, night sweats stopped, appetite returned, pains in spine disap-peared, strength returning, and my weight increased from 118 to 140 pounds in sixteen weeks. I have taken no other medicine wince commencing with your Excutsion and shall continue its use unfil I am perfectly well. I frequently meet some friend on the street who asks, what eured you and I tak-swer Scorr's Excutsion or Cop Liver Oil, &c. I have a friend who has not spoken alond for 15 months and he isgetting better, I gave him a bottle, and he bought two more, then got a down and says that is food and medicine. Very truly yours, HP SLOCUM, Lowell, Mas. About the 25th of last April I got a bottle ot your Excutsion, and at that time I was so, prostrated

About the 25th of last April I got a bottle of your Excussion, and at that time I was so prostraised that no one who saw me thought I could live but a few days at most. I could retain nothing on my stomach and was literary starving. I commenced the use of the Examination in small dones; it was the first thing that would stay on my stomach; I continued its use, gradually increasing the dose; and from that hour I commenced mending, and now an able to ride and walk and am gaining flesh and strength rapidly. I have advised, other parties to try it, and some two or three have already ried it. I am sure I shall entirely recover. I am yours For Sale by all Draggists at \$1 per bottle. R W HAMILTON. M.D.

SCOTT& BOWNE Manufacturing Chemiste. NEW YORK and BELLVILLE, ONTAERO 113 110 Nov. 14, 79 1year.
