Craigie Mains' Clydesdales

We offer 30 stallions of all ages up to five years. Twelve of these are over two years, and twelve others are rising two years. These stallions are offered at very low figures to have settled the estate of the late George Mutch, a member of the firm. We have brought over five Clydesdale importations in the past five years, and intend making annual importations in future. Last year we sold 50 head, and not a single purchaser was dissatisfied. We aim to sell the kind of Clydesdales that the Western farmer and breeder wants. Horses with size, quality and breeding sold at living prices.

Write or come and see us. Our stables are right in town.

WRITE FOR CATALOGUE

experienced in deciding the reserve for championship, and an umpire was necessary. He had to decide between Mr. Cridlan's Aberdeen-Angus heifer, Clasp 2nd, and the King's Heretford steer, Prince, and eventually he gave the award to the Aberdeen-Angus. Although the King's Shorthorn was champion, he could not claim several of the prizes, as King George was not the breeder, but the late King Edward, so all the awards, except the Thorley Cup, went to the reserve. If the Royal Shorthorn had been out of the way Mr. Cridlan would have won all the trophies.

The number of sheep entries was the largest for several years, and the section well represented Midland sheep breeders. The purebreds were excellent, but there was some falling off in the crossbreds. The first class in the catalogue was for Southdown wethers. In a close contest Mrs. Montefiore's pen was given first place. The pen was beautifully formed, compact, and of high quality. They weighed 4 cwt. 3 qrs. 12 lbs. Second place fell to a slightly heavier trio, owned by D. B. McCalmont; third to the King. The high quality of Frank Bibby's pen of Shropshire wethers easily brought first place. They scaled 7 cwt. 2 qrs. 8 lbs. at twenty-one months. Both second and third places went to Sir Richard Cooper. James Horlick took first place for trio of Oxford Down wethers with a pen which was very good in flesh. The second pen, shown by J. T. Hobbs, were heavier, but lacking in finish.

A heavy pen of Hampshire Down wethers won first place for John Joyce. At twenty months they weighed 8 cwt. 11 lbs. Second and third went to H. J. Hulse. In the Southdown lamb class A. C. Hall was successful, with F. H. Jennings' pen in second place. Only a small class of Shropshire lambs was shown. Sir R. Cooper took first, and Mrs. F. W. Inge, second place. A. E. Blackwell's Hampshire Down lambs were easily first. At 10 months they scaled 5 cwt. 19 lbs. Second place went to H. J. Hulse. For crossbreds, Mrs. Montefiore's Southdown-Hampshires were the winning lambs. The Cooper Cup for best pen of sheep in the show was awarded to Mr. Blackwell's Hampshire lambs.

The collection of pigs was the best ever brought together at Birmingham. For Berkshires under nine months, two splendid pairs shown by J. A. Fricker, took first and second places. The premier pair weighed 6 cwt. 1 qr. 5 lbs. at eight months. In Tamworths, D. W. Phillips' pair took first in the young class, and Sir O. Mosley took second place. For Large Whites Lord Ellesmere, as usual, was first, but the second pair, J. Neaverson's, gave a close contest. In Middle Whites, A. Hiscock took first place. In the older classes, L. Currie scored a victory for a grand pair of Berkshires. J. A. Fricker took second place with a good pair. D. W. Philip was easily supreme in the senior Tamworth class, taking both first and second places. At eleven and a half months they weighed 8 cwt. 1 qr. 27 lbs.

In the senior Large White class a fine pen, owned by Lord Ellesmere, and weighing 9 cwt. 1 qr. 20 lbs. at ten and three-quarters months, were first, and afterwards took the championship. They have previously won at county shows, and were commended at the Royal. Second place in the class fell to J. Neaverson. In the older Middle Whites, A. Hiscock and A. Brown took first and second places. An unusually heavy pair took the first place for A. Hiscock in a big class. At just under twelve months they weighed 9 cwt. 1 qr.

In the new classes devoted to single pigs there were numerous entries. In Berkshires, L. Currie was successful. D. W. Phillips took first for Tamworths, and the Earl of Ellesmere for a Large White.

Space will not allow of any detailed description of the fine exhibits of poultry and pigeons, but they were fully up to the usual high standard. A magnificent collection of cereals and roots was staged in the large balcony, and the favorable season has brought about high quality and size in the latter.

Trade exhibits were a prominent feature, and most of the leading firms were represented.

Read what one of the most prominent breeders and business men of Northern Ohio did with "Save-the-Horse".
Cleveland, Ohio, March 18, 1910.
In the fall of 1908, at Lexington, Ky., I bought the finest saddle and carriage horse that I was ever pleased to own. During the winter he threw out as large a thoroughbred as I ever saw. I had heard of your remedy and bought one bottle. With the result that the lump on both sides of the hock is entirely gone and has been a matter of comment on the part of everyone that has seen it. The hock is today absolutely clean and there is no indication of thoroughbred, and I shall be glad to show this horse to show that there is no trace of the trouble.

Very truly,
W. P. MURRAY.
