

No. OD Forge

THE SMITH is only human; he may be used to dingy, smoky surroundings, but he will become a more efficient and contented workman when placed in a shop kept clean, bright and healthful with

BUFFALO "DOWN DRAFT" FORGES

THESE forges prevent smoke and gases from escaping into the shop, and do away with cumbersome overhead hoods and piping. They cost hardly any more than other forges and are infinitely better. We are originators and patentees of the only successful down draft system and supply 90% of the world's demand. All styles and sizes. Let us figure with you on a complete forge shop equipment.
