

## RAINY RIVER MAN HAD TROUBLES

TILL DODD'S KIDNEY PILLS CURED HIS KIDNEYS.

Then His Rheumatism and Other Pains Vanished Once and for all—His Case only One of Many.

Barwick, Ont., June 20.—(Special).—That Dodd's Kidney Pills will cure rheumatism, or any other disease resulting from disordered Kidneys is the experience of many of the settlers in this Rainy River country. The case of William John Dixon of this place is a fair sample of the work the great Canadian Kidney Remedy is doing.

"I had Rheumatism so bad I had to use a stick to walk. I had pains in my back and right hip and I had to comfort in sleeping. I could no more than dress or unless myself for nearly two months, and I was for nearly three weeks I could not lace my right shoe.

"My brother advised me to try Dodd's Kidney Pills and I did so. After taking three boxes I could walk round and lace up my shoes and do my work. Six boxes cured me completely."

Dodd's Kidney Pills are the one pre cure for sick Kidneys. Sick Kidneys are the cause of nine-tenths of the ills the human family suffers from.

### ROTHSCHILD'S REBUKE.

Baron Rothschild, one of the most inostentatious of millionaires, has a fry way of administering a deserved rebuke which is appreciated by everybody except the recipient of the rebuke.

Not very long ago he was entertaining at luncheon a distinguished party. The meal went on admirably. Nothing marred the general enjoyment save the loquacity of one young man.

This young man insisted on monopolizing the conversation. He insisted on talking about himself—about his books, his work, his love-affairs, his motor-car.

Finally he jumped to his feet. "By Jove!" he said—"I must show you all my sleeve-links and studs. I got them this morning. They are malachite."

And he passed from one guest to another, exhibiting the studs, which were neither beautiful nor costly nor in any way out of the ordinary. "Malachite!" he kept repeating—"genuine malachite."

Baron Rothschild watched the young man's progress with a faint sneer. When the studs reached him he touched them with his finger superciliously, and drawled:

"Ah, malachite—eh? It is a handsome stone. I have always liked it. I have a mantelpiece of it in the next room!"

### THE FIFTY MILLION DOLLAR WORLD'S FAIR ST. LOUIS.

District Passenger Agent McDonald of the Grand Trunk Railway who recently returned from St. Louis, states that it is hard to find suitable language to describe the magnitude and beauty of the greatest Exposition ever held.

The site of 1240 acres being two miles long and one mile wide, is covered with beautiful buildings, broken with lagoons, canals, grand courts, monuments, statuary, parks, etc., all forming a picture that must be seen to be realized.

An Electrical railway, called the Intramural, makes it easy to get from one part of the grounds to another, and follow out the daily programme, enjoying an hour listening to "Sousas" or other famous bands, or taking in a lecture or address, or Art Gallery.

When you consider the immensity of the buildings, one alone having over 20 acres of floor space, and reflect that they are filled with the choicest of exhibits from all over the world, one exhibiting vying with another to obtain the coveted Gold Medal, it seems to suggest the thought of a grand opportunity and an education it will be, to the young men and women of our land, to spend a week or two at St. Louis this year. Really no intelligent man, woman or child can afford to miss this great World's Fair.

The beautiful Electric Lighting of the Pan American Exposition, which few thought would ever be approached is entirely eclipsed by this Monster Fair.

One of the features of the fair, is the "Inside Inn," a hotel accommodating 6,000, splendidly run, and at reasonable rates.

The total expenses of a trip to St. Louis based on half railway rates, is within the reach of all and permits stop over at Chicago, and other points, and the trip is made quickly and comfortably.

It is the intention of the Grand Trunk to run through cars from Montreal and Toronto to St. Louis, commencing June 13th, and possibly before.

The Canadian Press Association were unanimous in their praise of the Grand Trunk and Illinois Central route, and with the Exposition.

### THE GUESS DOLL.

An English non-conformist clergyman, of whom the London Telegraph tells the story of a rarely profitable absent-mindedness. At a fair held by the women of his church one of the "attractions" was a beautiful doll, handsomely dressed, which was to be given to the person who guessed its name. There was an entrance fee, and the choice of the doll's name was left to the clergyman.

At the close of the fair it was found that the guess doll had brought in more than one hundred pounds; but as the name had not been hit upon by any one, clergyman suggested that it be appointed a parish visitor, and call regularly upon the children in the hospitals in the town. This was readily agreed to. Then somebody said:

"You must have given it a very odd name!"

"Ah, that reminds me!" exclaimed the clergyman, looking confused but still cheerful. "I did not name it at all."

She—"What if I have loved another, dear? Don't you know it has only prepared me for the greater, higher love I have for you?" "That's all right, but how do I know that the love you now have for me isn't preparing you for a greater, higher love for someone else?"

"Before I give you my answer," said the fluffy-haired girl, "I would like to know if you are in a position to keep me in the style to which I have always been accustomed." "If the styles don't change too often, Lam," replied the wise youth. "Otherwise, the odds are in favor of my going broke."

"Young Sponderly has been flying high since the death of his millionaire uncle," "Yes; he has found it smooth sailing since he came into his heirship."

Ask for Minard's and take no other.

### MUSIC IN THE HAIR.

Someone has drawn attention to the fact that music exercises an influence on the growth of the hair in a most curious manner. Consistent playing for some years on metal instruments, the trombone in particular, will cause baldness; while the playing of the piano, violin, and violoncello rather increases than otherwise the growth of the hair. Flute and clarinet players are not supposed to be influenced either way.

The Adorer—"It's wonderful, old man, what love will enable a fellow to see in a girl that he never saw before!" The Onlooker—"No doubt! But it's equally wonderful what it won't let him see that he'll see later."

There are very few cleansing operations in which Sunlight Soap cannot be used to advantage. It makes the home bright and clean.

### HAUNTS OF FISH AND GAME.

Attractions for Sportsmen on the Line of the Grand Trunk.

The Grand Trunk Railway Company has issued a handsome publication, profusely illustrated with half-tone engravings, descriptive of the many attractive localities for sportsmen on their line of railway. Many of the regions reached by the Grand Trunk seem to have been specially prepared for the delectation of mankind, and where for a brief period the cares of business are cast aside and life is given up to enjoyment. Not only do the "Highlands of Ontario" present unrivalled facilities for both hunting, fishing and camping, but the 30,000 Islands of the Georgian Bay, Thousand Islands and St. Lawrence River, Rideau River and Lakes, Lake St. John, and the many attractive localities in Maine and New Hampshire, present equal opportunities for health, pleasure and sport. All these localities are reached by the Grand Trunk Railway System, and on trains unequalled on the continent. Abstracts of Ontario, Michigan, Quebec, New Hampshire and Maine fish and game laws are inserted in the publication for the guidance of sportsmen. The Grand Trunk Railway has also issued descriptive illustrated matter for each district separately, which are sent free on application to the agents of the Company and to Mr. J. D. McDonald, District Passenger Agent, G. T. R., Union Station, Toronto.
