# TALLY ANOTHER SCORE

The exclusive announcement in the  
courier of Saturday that the On-  
tario Government would devote \$10-  
000 for the further consideration of  
Grand River flood conditions, and  
the publication of a preliminary re-  
port by an engineer, naturally aroused  
not only general attention, but also  
great satisfaction.

The Grand is the most unruly of  
the many streams which overflow  
their banks in the Spring, and as it  
seems a very important industrial  
district between Galt and Dunnville,  
preventative measures are very prop-  
erly to be first considered in its re-  
gard.

Mr. W. S. Brewster, M.P.P. and  
Mr. Westbrook, M.P., have both  
worked hard along with others, to  
bring this matter to a successful is-  
sue.

The four Conservative members  
of the four Brants certainly know  
how to look after their just interests  
and requests of their constituents.

# A GOOD SHOWING.

The Ontario Bureau of Labor re-  
port just issued, gives statistics of the  
number of new buildings in the vari-  
ous municipalities and their cost  
during the year 1911. Brantford as  
usual heads the list of the smaller  
cities in Ontario. Here is the re-  
cord:—

	No. of New Aggre- gated Buildings	Cost
Brantford	531	\$613,860
Belleville	65	300,000
Berlin	197	364,693
Stratford	50	100,000
Guelph	106	513,690
Woodstock	20	200,000
St. Catharines	134	280,450
Kingsville	52	151,230
St. Thomas	146	285,515

It will be noticed the only place to  
approach Brantford in total value  
was Guelph where they had heavy  
public building expenditures.

The real significance is in the num-  
ber of permits.

Here is the standing:—  
Total for the eight cities..... 770  
Total for Brantford alone..... 531

The story thus told is that of the  
erection of a large number of new  
houses, many of them owned by the  
men of the factories.

There can be no better guarantee  
than this for the stability of any com-  
munity.

A gentleman from the States in-  
terested in manufacturing after a re-  
cent tour of the city said to a Courier  
man: "Do you know that one of the  
biggest assets Brantford possesses is  
the number of pretty houses you  
have pointed out to me as owned by  
workers in the factories. If my con-  
cern had thoughts of putting a branch  
in Canada, that is one of the first  
things I would consider in favor of  
your city and I know that other  
employers of labor feel the same way.  
Your industrial board, if you have  
one, ought to push that feature for  
all it is worth, and it's worth a lot."

# SOME MORGAN SAYINGS.

The late J. P. Morgan was not  
only a man of fabulous wealth but  
was the foundation of it all he had what  
was far more valuable—a straight,  
clean and honorable business career.  
Here are some of his pungent say-  
ings:

"The control of credits is not the  
control of money."

"What I call money is the basis  
of banking."

"England comes nearer than any  
country in the world to having  
outstanding obligations supported  
dollar for dollar in gold. This coun-  
try's trouble is with its greenbacks."  
"Men who control credits control  
money. You cannot control money  
but you can control business."

"If one man had the credit and I  
had the money, the man would be  
badly off."

"Money cannot buy character,  
and commercial credit is based  
principally on character."

"If a man is not satisfactory to  
me, I call his loan."

"I think stock manipulation is al-  
ways bad."

"I favor the English system of  
full publicity and an absolutely cor-  
rect prospectus of all concerns to  
be listed."

"When questioned as to the es-  
sentials of success the late financier

once wrote: "Foremost amongst  
these I should place honesty of  
purpose, energy, confident judg-  
ment, knowledge of men and values,  
and the ability to construct and  
harmonize, but above and beyond  
these is the man himself."

Mr. Morgan's appreciation of Great  
Britain and British institutions was  
always most marked and freely ex-  
pressed at all times and in every  
possible way he sought to strengthen  
a mutual regard between John Bull  
and Uncle Sam.

A Greater Brantford.

A Greater Courier.  
x x x  
Got off to a good start.

The Courier intends to have a  
larger circulation. Got to have it: go-  
ing to get it.

As for the Ottawa wind-jammers  
it is once more a case of "Gab, gab,  
gab," they still are talking.  
x x x  
Is she coming?  
We should smile.  
Keeps on coming  
All the while.  
x x x  
Pick up this great family "journal"  
any afternoon you like and you will  
speedily see how much it is up to  
date in all departments.

The Grand River floods should be  
controlled and so should the flood  
of talk of the Ottawa obstructionists.

Did you ever stop to remember that  
Hon. Sydney Fisher during the elec-  
tion of 1911 stated on behalf of the  
then Laurier cabinet, that if the Lib-  
erals retained power Laurier intend-  
ed to introduce the closure in the  
same way as that other Liberal Pre-  
mier did—Gladstone.

Papers on the other side of the  
line have not been slow to interpret  
the language and the conduct of cer-  
tain Grit obstructionists at Ottawa  
as an indication that Canadians are  
commencing to tire of British con-  
nection. The Detroit News Tribune  
announces that "a Canadian republic  
is on the way" and it indulges in  
many cheap sneers at the Duke of  
Connaught whom it declares Cana-  
dians have regarded with "amused tol-  
erance at times bordering on impa-  
tience." It adds among other things,  
"The Governor-General doesn't see,  
and the English themselves don't see,  
though the row over the battle-  
ship bill may open their eyes some-  
what, that Canada is developing an  
entirely quite independent of the em-  
pire." This is the kind of fruit the  
wild talk at Ottawa of the Pugsley's  
and the Mugsleys has produced much  
to the disgust of thousands of Lib-  
erals.

# The Tariff

(Continued from Page 1.)

to show reductions in tariff duties  
both the present tariff and the pro-  
posed tariff had been reduced to an  
"ad valorem" basis.

The new rates are estimated to  
reduce the customs revenue approxi-  
mately \$80,000,000 a year. This is  
expected to be made up by the income  
tax.

Endorsed by President Wilson, the  
measure represents the efforts of the  
President and House tariff-makers to  
carry into effect Democratic pledges  
of downward revision and of conces-  
sions to the American consumer.

Protection to the farmer would be  
cut throughout by more than 50 per  
cent in an effort to reduce the cost of  
food. Protection to the steel and im-  
plement manufacturer would in turn  
be cut by fully as wide a margin.  
Heaviest reductions fall upon food-  
stuffs, agricultural products, woolen  
and cotton clothing.

The free wool proposal, backed by  
President Wilson and accepted by the  
House committee, is expected to pro-  
voke a severe fight within the Demo-  
cratic ranks of both Houses.

These Are Changed.

Important changes in rates not in-  
cluded in the foregoing follow:

Barley malt, from 45 cents to 25  
cents a bushel.

Buckwheat, from 15 cents to 8 cents  
a bushel.

Oats, from 15 cents to 10 cents a  
bushel.

Rice, cleaned, from 2 cents to 1 cent  
a pound.

Wheat, from 25 cents to 10 cents a  
bushel.

Butter, from 6 cents to 3 cents a  
pound.

Cheese, from 6 cents a pound to 20  
per cent. ad valorem.

Beans, from 45 cents to 25 cents a  
pound.

Eggs, from 5 cents to 2 cents a doz.

Nursery cuttings and seedlings, from  
25 per cent. to 15 per cent.

Fresh vegetables, from 25 to 15 per  
cent.

Apples, peaches, etc., from 25 cents  
to 10 cents bushel.

Raisins, from 2 1/2 cents to 2 cents  
pound.

The income tax, which will transfer  
indirect taxes levied through the tar-  
iff into a direct tax upon the incomes  
of individual citizens and corporations,  
exempts all sums below \$4,000. Any-  
thing in excess of that amount will  
pay 1 per cent. tax up to \$20,000, 2  
per cent. from \$20,000 to \$50,000, 3  
per cent. from \$50,000 to \$100,000, and

# Get In To-Day On Square Deal Contest

The "Square Deal" campaign of the Brantford Courier Com-  
pany commenced to-day.

It is the fairest proposition ever put before the people of any  
community.

Money for the Courier coffers is not the object, but an enlarged  
circulation is.

We want to still further increase THE NUMBER of our readers  
and propose to do so.

To get more circulation always means expenditure, and instead  
of paying for skilled canvassers from the outside, or running some  
scheme in which there would be a FEW winners and MANY losers  
to get handed a large and juicy lemon, this paper has devised a plan  
whereby nobody CAN GET STUNG.

It was felt by the management that the man or woman, boy or  
girl should at once receive a liberal CASH PAYMENT for each  
subscription brought in.

On top of that there are valuable prizes worth OVER \$400  
for those who lead in various departments.

Isn't the whole thing a perfectly fair deal?

Now then for a little "shop":

The Courier Company, which took hold of the plant on January  
1st last, has since spent MANY THOUSANDS of dollars in bring-  
ing the equipment and local, leased wire, sporting and personal  
services right up to date.

The editorial and news staff now consists of six people.

The office staff has been greatly strengthened.

The same thing is true of the linotype machine department, the  
ad-setting department, the newsboy department, and all the rest of it.

No newspaper office in Canada is better equipped RIGHT NOW  
than this.

New features introduced have been a Society department, a  
special sporting page, and so on.

Pick up the paper ANY AFTERNOON you like, and you will  
readily see that you are getting big—yes, very big—value for your  
money, and that it is no idle boast for this paper to assert that it is  
"SUPREME IN EVERYTHING."

The outlay has been very heavy, and the payment for help has  
MORE THAN DOUBLED, but it was determined not to stop until  
the paper secured a foremost position.

This, it is now admitted on all hands, has been accomplished.

The Courier has always fought for what it deemed to be in the  
INTERESTS OF THE PUBLIC—for Waterworks to be munici-  
pally owned, for telephone competition, for Hydro-Electric power,  
and many other things calculated to benefit the people.

The public now have the chance to RETURN THE COMPLI-  
MENT and to show their appreciation by a friendly reception of  
those who may canvass them.

TURN ABOUT IS FAIR PLAY.  
GIVE A HAND.

My Cleansing, Healing Balm Instant-

End such misery now! Get the  
small bottle of "Tly's Cream Balm" at

4 per cent. above that figure. The bill  
also includes in its provisions the pro-  
perty and earnings in this country of  
persons living abroad.

The present corporation tax, levy-  
ing 1 per cent. on corporation in-  
comes above \$5,000, would be retained  
as part of the income tax.

To encourage trade with foreign  
countries the bill would reverse the  
maximum and minimum provision of  
the present tariff law. The new tariff  
rates would be the maximum tariff,  
and the President given authority to  
negotiate reciprocity treaties and  
make concessions to the countries  
that grant favors to American ex-  
ports.

In a statement accompanying the  
bill, Chairman Underwood said the  
measure would, in the opinion of its  
makers, revise the tariff "to a basis  
of legitimate competition, such as will  
afford a wholesome influence on our  
commerce, bring relief to the people  
in the matter of the high cost of liv-  
ing and at the same time work no dis-  
turbance to properly conducted man-  
ufacturing industries."

Necessities and Luxuries.

"In its tariff revision work, the  
committee has kept in mind," he said,  
"the distinction between the neces-  
sities and the luxuries of life, reducing  
the tariff burdens on the necessities  
to the lowest points commensurate  
with the revenue requirements, and  
making the luxuries of life bear their  
proportion of the tariff responsibilities."  
Many items of manufacture con-  
trolled by monopolies have been placed  
on the free list.

"The idea of the large extension of  
the free list for the manufactured pro-  
ducts has been the fundamental con-  
ception, while the effort has been  
made to improve the status of the  
manufactured lumber. This sawed  
boards, other than cabinet wood,  
have been carried to the free list  
while sawed cabinet woods, which  
were 12.75 per cent. in 1912, are now  
10 per cent.; desks, barrels, etc.,  
which were 30 per cent. are now 14.75  
per cent.; and house furniture, which  
was 35 per cent. is now 15 per cent.

ufacture are not protected.

"On the other hand when the duties  
levied at the custom house are  
high enough to all ow the American  
manufacturers to make a profit be-  
fore his competitor can enter the  
field we have invaded the domain of  
the protection of profits. In the  
committee's judgment the protection  
of any profit must of necessity have  
a tendency to destroy competition and  
create monopoly whether the profit  
protected is reasonable or unreason-  
able."
