Paint Protection vs. DECAY

Any surface that is covered with Glidden Endurance Paint is well covered and will not decay easily, for Glidden protection is good protection and saves the cost of frequent repairs.

Glidden Ensurance Paint prevents decay, keeps out moisture from the wood and resists wear from changing weather conditions without scaling or cracking.

Glidden Endurance Paint stays fresh and bright for a long time, wears well and looks well-and because of its durability is the cheapest paint you can buy.

For everything about the home or farm that needs to be painted, stained, enameled, varnished or finished in any way, there is a Glidden product made especially for that purpose.

We have them. Color cards free.
