THE ACADIAN

WOLFVILLE, N. S., SEPT 24, 1886

Local and Provincial.

Annapolis is going to have an aquatic carnival and other attractions the first week of next month.

Mr. A. K. deBlois has entered the senior year at Brown University. We wish him abundant success.

Flower in small quantities have made their appearance in Grand Pre, and the "doctor" has made some successful shots.

The Windsor Tribune is publishing a series of very interesting articles descriptive of the proprietor's, (C. W. Knowles), visit to England.

Mr. Winfield Wallace is in Halifax purchasing their fall stock of gents' cloths. We understand they intend making a specialty of some nobby overcoatings.

In Memory—Willow Bank Cemetery has received an acquisition during the past week in the form of a handsome stone which Professor Jones has had erected in memory of his son Aubrey.

Messrs. A. Marshall, boot and shoe maker, and W. J. Marshall, watch and clock maker, have opened up business in S. R. Sleep's store, just west of this office. They seem to be the right kind of men and we wish them every success.

A full line of Boys' Knickerbocker is just opened at BURFEE WITTER'S.

Rev. Joseph S. Coffin, formerly stationed on the Lower Horton circuit, but now laid aside for a year owing to ill health, was in Grand Pre on Tuesday last. He came to visit his son who is attending Acadia Villa school, at Horton Landing.

TEA MEETING.—The ladies of the church at White Rock Mills intend holding a tea meeting at that place on Tuesday next. The object, to raise funds for furnishing the church, is a worthy one, and we hope they will be liberally patronized.

Cedar Posts for sale low at S. R. Sleep's.

Andrew Borden, the popular agent at Grand Pre station, and lady, left on Tuesday last for a short vacation in the United States. Mr. Borden is one of the oldest, or the oldest, station agents in the employ of the W. & A. R., having been station master at Grand Pre ever since the road was opened to traffic.

Owing to the dry season the price of pails have fallen. To arrive in a few days Leads, Oils, Color, Glass, &c. I sell good lead for \$5.75. Please examine. Make up your orders for glass to keep cold winter out. I can give you fine figures. B. G. BISHOP, Wolfville.

The grain crop throughout Prince Edward Island is an almost unprecedented one. The yield of wheat averages twenty-five bushels to the acre, in some places reaching as high as thirty bushels. The yield of potatoes will not be as heavy as usual, owing to the drought during the early part of the summer.

CHURCHES.—Rev. Mr. McDonald, of Gagetown, Mass., preached in the Baptist church last Sunday morning and Rev. C. D. Ross in the evening.—In the Methodist church Rev. J. B. Hemmeon preached in the morning and in the evening the pulpit was occupied by Prof. Keirstead.—Service in the Presbyterian church was conducted as usual by the pastor, Rev. R. D. Ross.

A patient in the Mount Hope lunatic asylum, named Robert D. LeCain, was found dead in his bed on Friday morning last. In the afternoon an inquest was held by Coroner Weeks, and after a post mortem by Dr. Boggs a verdict of death caused by the rupture of a blood vessel and an effusion of blood on the left side of the chest, and that it occurred from natural causes, was returned. The deceased was a native of Annapolis county and for some time was a resident of Wolfville and proprietor of the Acadia Hotel. He was a brother of conductor LeCain of the W. & A. R.

NEW VESSELS.—Churchill's new barque was not launched last week as was expected, but will be on or about the 28th inst. Her dimensions are: 202 feet keel, 24 feet hold, 43 feet beam, and will register about 1650 tons. A barquentine is also rapidly nearing completion of which the measurements are: 132 feet keel, 34 feet beam and 17 feet depth of hold, and will register about 550 tons. A steamer of about 80 tons register, to ply on the Main and river, is also near completion by the same firm. J. B. North will have his new barque ready for launching in about three weeks time. Capt. L. Porter, formerly of the Annapolis, will command her.

Local and Provincial.

PICTURES.—Mr. Fulton, of H. C. Martin & Co., is in Wolfville again on his regular tour. He shows some fine samples.

HYMENEAL.—Brother Stearns, of the Cape Sable Advertiser, has joined the rank of Benedicts. We wish him much happiness.

ACCIDENT.—Mr. Charles W. Bishop, while painting on the Presbyterian church on Monday last, fell from a staging, a distance of about 15 feet, and was injured quite severely.

NEW FENCE.—The lot owned by the Methodist church on the corner of Main and Chapel streets, has been enclosed by a neat wire fence. The design is a network without bars.

CIGARS.—Imported and Domestic Cigars at 3, 4, 5, 7, 8 and 10 cents at J. M. SHAW'S. 35

I. O. G. T.—A meeting of delegates appointed by the executives of two R. W. C. Lodges to arrange terms for the union of these organizations will be held in Boston, Mass., on Monday next. Rev. W. G. Lane left last Wednesday to attend the meeting.

BIG ONIONS.—The largest onions we have yet seen we saw last week in the garden of Mr. John W. DeWolf of this place. We measured two and found them to be 1 1/4 and 1 1/2 inches, respectively; and these were only a sample of a large field.

OATS.—150 BUS. for sale at BURFEE WITTER'S.

RESIGNED.—We omitted mentioning before a change that has recently been made in the primary department of the public school of this place. On account of ill-health Miss McKee has been compelled to resign her position, and it is now occupied by Miss Aggie Godfrey. During the period that Miss McKee has been a teacher in our schools she has won the esteem of all connected there, with, and pupils and parents alike regret deeply that she has been compelled to resign. We hope she may soon recover her accustomed good health.

BARRELS.—J. D. Martin wishes to inform his patrons that apple barrels can be obtained in Wolfville, from Edward Paice who is acting as his agent in this place.

DEAR ACADIAN.—At a meeting of the King's Co. Temperance Alliance, held at Coldbrook on Monday the 13th inst. the following resolution was unanimously adopted:—

Whereas since our last meeting God in his providence has removed from earth our late friend and brother, Matthew Fisher, of Somerset, therefore resolved "That this Alliance do here record its high esteem of our departed brother, remembering his consistent christian life, his wise courageous earnest manner in every movement in which this Alliance has been engaged, and feel that this Alliance has lost a very valuable member and the county a citizen whose place may not soon be filled. R. R. DUNCAN, Secy'.

Having recently imported a "Perfection Shear Sharpener." I am prepared to sharpen and put in first-class order shears and scissors of every description. Perfect satisfaction guaranteed. J. M. SHAW, 35

A Grand Pre correspondent says:—"It is in order now for 'Father Leblanc' to write a little piece thanking F. W. Curry, who is certainly entitled to half the honor, as he did fully half the work and took his share of the dust like a man. Capt. A. R. Curry and C. F. Rathbun also lent three hands that did valuable work. Mr. Johnson was in frequently and didn't hinder the work, and behind, or before, all these were a number of hands, some soft and white, others hard and brown, that were willingly lifted in the good cause. I think the improvement in our church is thanks enough for all of us who go there. Can we not have the outside painted now, and a new fence, for the benefit of those who do not go inside?"

One case St. Croix Gingham, fine quality, at 10c per yard at BURFEE WITTER'S.

MONSTROSITIES.—This has been a great season for wonderful things. Plum and cherry-trees have been yielding their second growth of fruit, and apples have been growing by the half-dozen on the tip-end of branches. In fact for the past few weeks our office has been literally swarmed with people carrying curiosities in fruit and vegetables. The last is a potato, two potatoes, from Mr. George Prat, which have been acting outrageously on his hands. The one, a large, healthy-looking last year's potato, was found on being taken from the cellar to have grown from it two others nearly equally large. The other was still more curious. Having been cut by the fork in digging a potato had started from the centre of it and was growing out. Since it has been in our office another one has grown from the same potato.

The Sabbath School Association of King's Co., held its first annual meeting in Presbyterian church, Kentville, on 21st inst. Reports were received from 52 schools, having an attendance of 2800; several schools had not reported. Dr. Woodworth was elected President and Rev. Mr. Dawson, Secretary. Papers were read by J. W. Bars, Esq., Rev. David Freeman and Mr. Randall Illey. Among those who took part in the discussions were Rev. S. B. Kempton, Rev. Dr. Archibald, Rev. S. McC. Black, Rev. J. R. Hemmeon, Rev. R. D. Ross, Rev. Mr. Day, A. T. Baker, Esq. Wolfville was represented by Prof. Jones Ph. D., Rev. Messrs. Ross, Hemmeon and Day,

J. W. Bars, J. W. Caldwell, G. H. Wallace. A committee consisting of J. W. Caldwell, A. A. Pines and A. T. Baker, was appointed to visit the Sunday-schools in the county and report. The next meeting is to be at Wolfville.

THE ENGLISH APPLE TRADE.—The following circular letter has been sent to fruit growers by C. H. R. Starr:— DEAR SIR,—My official duties at the Colonial and Indian exhibition in connection with the fruit interests of the Dominion, will probably detain me here for some weeks, hence I shall be unable to call upon you before the beginning of the apple shipping season as had been my intention. The apple market here, this season, are likely to prove more satisfactory than the last two, but long prices must not be expected because of the general depression in all branches of trade. All parties in the fruit trade, here, agree that greater care in the selection of fruit and tight packing in strong barrels is imperative, in the majority of shipments, to secure the best results. I am making a careful study of the fruit trade in this country, and am of the opinion it can be very largely extended. I am also more than ever convinced that the interests of all shippers, are best served by the salesmen who supply buyers at private sale. Having visited many of the principal cities of the kingdom with a view to extending the Canadian apple trade, I hope to be able in a few days to put you in communication with respectable firms with whom I trust you may find it to your advantage to do some business. In the meantime 'tis with great confidence that I recommend you to send your London consignments to Messrs Northard & Lowe, 20 Tooley street, S. E. C. H. R. STARR.

NEW GERMANY, Feb 26th, 1886 J. B.
