HOSPITAL CLAIMS.

Solicitor General Presents
Matter to Glo. Council.

A SETTLEMENT LIKELY.

Similar Claims Against Res-
tigouche and Campbellton
to be Taken up.

(Telegraph, 15th.)

Hon W. P. Jones, solicitor-general, is at the Royal on his way home from Bathurst, where he has been conducting the liquor investigation. Mr Jones also interviewed the county council, which was in session at Bathurst, concerning claims which the Provincial Hospital for Nervous Diseases has against the Municipality of Gloucester. The claims extend over several years, and are for the support of pauper imbeciles.

The claim, he says, was well received by the council, although in some cases they thought they should not pay, as the imbeciles were dangerous and should be supported by the province; on the whole, the claims were well received and a committee consisting of the warden and two councillors were appointed with power to act with Mr. Jones in regard to effecting a settlement. In the meantime, Mr. Jones will, if necessary, make an investigation of the cases under oath.

As a result of these claims the municipality will at once remove three paupers from the hospital if they can obtain a certificate from the superintendent that they are not dangerous.

Similar claims have been made against the County of Restigouche and the towns of Campbellton and Milltown, but in each of these cases they have been disputed. If necessary, evidence will be taken and it will then be for the government to decide whether or not they shall require these places to pay the full amount or not.

CHAMBERLAIN ELECTED

Great Liberal Sweep Con-
tinues in the
Motherland

The daily papers this morning report continued gains of the Liberals throughout the British empire. The standing of the parties is now given as follows:—

Liberals 155

Conservatives 54

Nationalists 38

This will give the Liberals a majority of 139 over the Tories and of 63 over the combined voting force of Tories and Nationalists.

The Daily Telegraph bulletin at Wran's drug store announces the election of Joseph Chamberlain at Birmingham with a big majority.

**It Quiets
the Cough**

This is one reason why Ayer's Cherry Pectoral is so valuable in consumption. It stops the wear and tear of useless coughing. But it does more—it controls the inflammation, quiets the fever, soothes, heals. Ask your doctor about this.

Mayor Murray Explained
About West End School
Building.

A meeting of our city fathers was held on Monday evening there being present Mayor Murray and Couns. Ferguson, Blackhall, Laughlan, Vautour and Taylor.

Another supreme court writ in the Duncan case was received and placed on file.

Mayor Murray read a circular he had received from the National Trust Co., Liquidator of the York Loan & Savings Co. For the benefit of those interested we quote from the circular as follows:—

"Shareholders will send in their receipt books to the Liquidator (National Trust Co., 243 Roncesvalles Ave., Toronto) and receipts for same will be mailed to them. The books and correspondence affecting the claims will be filed and in due course each claim will be dealt with. Where the amount shown due by the receipt book is verified by the books of the Company the Liquidator will report the claim to the court for approval and notify the shareholder. Where there is any difference the Liquidator will communicate with the shareholder and adjust the amount due in order that the claim may be reported to the court for approval and a contest avoided."

The Mayor stated that Geoffrey Stead, engineer, would be in town on Tuesday to make necessary survey for approach to wharf at foot of Ramsay St. so that a proper deed of same could be given to the Government.
