Delaware Park Survey

Hamilton's Choicest Residential Location

The week commencing on the 21st instant has been a busy week in this survey. Fifteen lots have been sold in that time and nearly all for immediate building purposes. Parties desiring choice of location should make their selection without delay. The property is now ready for building operations as city water and sewers have been laid throughout the entire survey and sidewalk laying will be continued as soon as the weather conditions permit.

The company will early in April proceed with the erection of a number of attractive dwellings. Particular attention will be paid to design and artistic merit. Such houses will meet with a ready sale and if the purchaser wishes to reside in it will have no trouble in doing so. You all know houses of this kind. They cost little (if any) more than the ordinary stereotyped style but the artistic touch is there and if you want to reside you can do so, not only without sacrifice, but with a handsome profit.

If you want to build a house and finance it for you call and see us early. The first houses will be built on lots fronting on Eastbourne and Westmoreland Avenues, between Main Street and Delaware Avenue. These lots, with 40 feet frontage, are now selling at \$15.00 per foot, but we intend to make them worth \$20.00 per foot. The city is now well built up for three quarters of a mile beyond and an investment here requires no guarantee of quality and no similar opportunity has ever been offered in recent years in this city.

See us at our office or by appointment at the survey.

BURGLAR ARRESTED

Caught In Gummer's House at Guelph With the Goods.

Guelph, Ont., March 31.—(Special).—Caught in the act of robbing the residence of Mr. S. Gummer, proprietor of the Guelph Herald, Martin Price, of Toronto, was last night arrested by the police. Mr. Gummer is at present in Europe, and his house was closed up. About 11 o'clock a light was noticed in the house. The police were immediately summoned and Price was still in the house when they arrived. One of the constables grappled with the burglar in his hand, but did not shoot. He had in his possession gold watches, bracelets, rings, and brooches to the value of \$100. He appeared before the magistrate this morning and was committed for trial.

WANT RAILWAY.

Asks for Road to Connect Montreal With Transcontinental.

Ottawa, Ont., March 31.—(Special).—Sir Wilfrid Laurier, Hon. G. Graham, Hon. J. P. Brodeur and Hon. Sydney Fisher received in the Railway Committee of the House of Commons to-day a large deputation from Montreal, asking that the Government build a branch railway connecting the city of Montreal with the Transcontinental. The deputation represented the Chambre du Morice, the Board of Trade and the City Council of Montreal. Those who addressed the Ministers pointed out that it was in the interests of Canada as well as Montreal that the road should be built. The Grand Trunk, it was pointed out by the delegates, said they could not commence to build the line until its own main line was completed.

COAL SCALE.

Miners Confer as to Price—Troops at Treadwell.

Bay City, Mich., March 31.—The coal operators and miners of Michigan opened their joint conference in this city yesterday, and although the scale year today, and it will take at least seven or eight days to agree on a scale, the miners will continue in operation, contrary to the usual custom. It is said by both sides that an agreement in all things and branches will be reached within eight days. The miners will request a small advance in pay on certain classes of "dead work" only, but the scale for coal will probably be accepted by both sides unchanged.

NO TROUBLE.

Washington, March 31.—The imminence of violence by the striking miners at the Treadwell, Alaska, mines, seems to have been averted by the arrival of the troops ordered there last week. The War Department to-day received a despatch from Capt. Bayliss, commanding Company F, of the Tenth Infantry, reporting their arrival with his men, and adding that everything was quiet.

PRACTICE FOR FARMERS' GYM

Last evening the Y. M. C. A. gymnasium was a scene of activity, the boys having a good work-out and practice for their big "Farmers' Gym" entertainment, which is to be put on next week. E. Linkert, N. Keele, J. Callaghan, K. Greene and B. Konkle were practicing for their stunts, "Fis in the Haymow" and what these farmers will do will surprise their neighbors. In the pumpkin wrestle, the farm hands will illustrate how basketball is played on a farm, not having the official basketball, the game will be played with a pumpkin. Prof. Bankroll will referee this game, heavily armed. The reserved seat plan will open Saturday night.

JOSEPH TOOK A WALK.

Vienna, March 31.—Emperor Francis Joseph, who apparently has completely recovered his health, went for a long walk in the open air yesterday. He also received in audience Prince Von Buelow, the German Chancellor.

BURNED TO DEATH.

Chicago, March 31.—Willis S. Meigs, 51 years old, who came to Chicago recently from Malone, N. Y., was burned to death last night in his room in Mountain house, 54 Wells street. The origin of the fire is unknown.

MARKETS and FINANCE

Tuesday, March 31.—There was a small attendance at the market this morning. Butter continues to be very stiff, a poor supply coming in. Eggs remain down and are plentiful. Hogs are firm. A good supply of fish is expected for Thursday with good prices. The hide market is very dull. Grain and hay remains the same.
