NARROW ESCAPE FOR FIREMEN St. Catharines, Ont., Feb. 6-Four men of the Central fire brigade had a narrow escape from fatal injury while going to a fire on a hook and ladder truck early this morning. An alarm was sent in from the McKinnon Sash and Metal works and as Driver O'Malley was about to cross the Niagara, St. Catharines and Port Dalhousie tracks a trolley was approaching. It was impossible to stop, so the driver took the chance of crossing ahead. The car struck the rear wheel and broke the axle. Besides the driver, Fred Clayton, Art. Brown, W McGlasshan and Ed. Sutton were on the truck. They jumped but Mc-Glasshan was thrown heavily to the the meantime a nightshift at the factory had, with the aid of other firemen, extinguished the fire.

eral others. Besides the original pa-Mr. and Mrs. R. J. William, at whose house the young man is quarantined, are down with the disease. The parents are also ill, but no diagnosis has

tin.-From all appearances it seems improbable that the train which is frozen up one mile west of Erskine will be moved during the course of this week, and as the line is single track all traffic is at a standstill. The train presents at one and the same time a dilapidated and picturesque appearance. The engine from which all the water has been taken in order to avoid the boiler bursting stands some forty yards away from the cars. The train sitting on the prairie resembles some uncouth creature of a past age. The majority of the passengers have been transferred from Erskine to Stettler by means of sleighs, the cost of which has been defrayed by the C. P. R. Mr. Mac-Ewen, of Calgary, driving from Stetditch and was badly shaken up. In ther to Lacombe, a distance of fifty miles, occupied two days and a half on the journey, and was upset noless than three times. He describes the conditions of the trail between Alix of methods and the former of the Interior has decided, on account of prices was reflected in the advices.
