

EDMONTON NEWS

LOCAL
Huntington Bros., Proprietors of the Stoney Plate Livery, Feed and Sale Stable, have purchased the noted Clydesdale Stallion, Bellphorum (Imp.) 9913 (1909) and will have him for service at their stables, Stoney Plains.

A young couple were driving down Jasper avenue Monday afternoon as a boy with a dog harrassed a cart were crossing over. Just how it happened no one can tell, but in a jiffy horse and rig, boy and dog and cart were all in a tangle. Fortunately the horse behaved very well, while Mr. R. B. Chadwick and others ran out and lent assistance. So that almost as quickly as the tangle had occurred, the boy had gathered himself up, the dog had scrambled out from the wheels and the cart hauled over to its owner somewhat shattered, while the young lady smiled upon the scene somewhat dubiously.

The funeral of the late Mrs. Frank A. Smith, of Spruce Grove Centre, took place on Sunday afternoon and was attended by a very large number of residents from the neighborhood and more distant places. Rev. Mr. Wood, of the Presbyterian church, conducted the service and the pallbearers were R. McNeil, R. Wallace, B. Atkinson, John McNeil, W. Clive and D. Minchen. The funeral proceeded from the home of the deceased to the place of interest in the cemetery, just west of Spruce Grove Centre. Many floral tributes were placed upon the new made grave and the expression of sympathy to the bereaved husband were very general and sincere.

TROUT FISHING IN THE RIVER.
A six pound speckled trout was caught in the Saskatchewan river yesterday afternoon by R. Matz, proprietor of the Gageon House. The fish is a perfect specimen. Mr. Matz captured it with a troll from a position on the south bank of the river at the mouth of Mill Creek, just below the burned mill.

MILLIONS AT STAKE.
Sydney B. Woods, former deputy attorney general, left on Saturday night on the C.N.R. express for Winnipeg and Toronto, en route for London, where he will appear before the Privy Council in connection with the C.P.R. taxation case. If the province wins this case the C.P.R. will be compelled to pay arrears in taxes twenty-six millions of dollars.

G.T.P. OFFICIALS TO TOUR.
W. P. Hinton, general passenger agent of the G.T.P. at Winnipeg, will arrive in Edmonton shortly with ten of his passenger agents from the mid and west western states. The object of this trip is to let his officials know what kind of country they are boosting back East, so that when they go back they can tell the truth, the whole truth and nothing but the truth.

BUSY AT FAIR GROUNDS.
About 30 carpenters started work at the exhibition grounds yesterday, building the cattle sheds, sheep pens and racing stables. The contract for this work was awarded to Dewar and Conover for \$20,000. Superintendent of the electric light department, was also on the ground laying out his plans for the wiring of the different buildings.

ROBERT OFF FOR KENTUCKY.
C. J. Robert, of Edmonton, left this afternoon on a trip to Kentucky, U.S.A., in search of thoroughbred stock for the farm which he is establishing seven miles up the river from the city. Mr. Robert will bring back with him probably two cars of horses of the Percheron and Hackney type. These animals will be given the range of the property which Mr. Robert has purchased on the bank of the Saskatchewan, and which affords the best of pasture. The animals which Mr. Robert will bring from Kentucky will all be of the highest grade.

MUDSON'S BAY RESERVE FIRE.
A brush fire which started on the Hudson's Bay reserve north of the city Sunday morning did considerable damage to property in that section, but was extinguished by a two-hour fight by the men from No. 3 station, who responded to a call from box 72, at Vermilion avenue and Fifth street. A short time after No. 3 had responded to the alarm from box 72 an alarm was sent in from box 71, at the corner of Fourteenth street and Athabasca, to which No. 3 responded. It was found upon reaching the scene that the fire was only a continuation of the first one, and was quickly put out. The men from all the stations were kept busy yesterday fighting fire in all parts of the city. No less than seven alarms were furnished in No. 2 station from 10 o'clock in the morning to 8 o'clock at night. None of the fires were serious and there was only one that was not a prairie fire. The alarm for this was turned in about 1 o'clock, and was for a fire behind the Witz block. A load of manure which had been drawn up beside a barn, caught fire in some manner, but was quickly put out with very little damage to anything but a wagon which was slightly burnt. It is thought that some one who was loading it on Saturday had dropped a pan of hot ashes in it and it had been smouldering for some hours.

The binder that works the best places the most and lasts the longest is the Massey-Harris.

Every family and especially those who reside in the country should be provided with all times with a bottle of Chamberlain's Liniment. There is no telling when it may be wanted in case of accident or emergency. It is most excellent in all cases of rheumatism, sprains and bruises.

NEW STEAMER UP NORTH.
The Northern Navigation Company's new steamer, "The North Land Call," left Athabasca Landing last week with a heavy load of freight for Lesser Slave Lake and upper country points on her first trip. Captain Barber is in charge. The run to the Little Slave river was made in twenty hours with everything working smoothly.

"The North Land Call" is of light draft and will try to get up through the newly constructed wing dams and rapids. When running light she draws only eight or ten inches of water. The passenger steamers will commence running May 15th.

IN THE SUPREME COURT.
A stay of execution for ten days has been granted by Mr. Justice Bock in the case of Wm. Humberstone vs. Belmont Coal company et al. This action was brought by a lease to the Belmont Coal company by the plaintiff and breaches of the covenants contained therein, and asking declaration of forfeiture and possession. The action was dismissed and the judgment was sustained on appeal by the full court. It is in ten days.

FIRE AT WESTWOOD DAIRY.
A fire which started in the dairy house of the Westwood Dairy at Fourth Street and Alberta av., caused by F. W. Lepard, early Sunday morning totally destroyed the barn and dairy house, together with the milk range, a buggy, bottles, and the fertilizing apparatus. The fire which was discovered by Mrs. Lepard at 2 o'clock was raging fiercely by the time the station reached the scene. The firemen were greatly handicapped by the scarcity of water as there are no hydrants in that part of the city. The cause and origin of the fire is not known. The buildings were insured for about \$800 but the loss will exceed \$1,500.

GOLD MINE IN HOGS.
W. J. McNamara, Wetaskiwin, writes the Bulletin as follows:—
"The profits in hog raising may be seen by the experience of a farmer in this district. J. J. Borsett, who lives southwest of Wetaskiwin fifteen miles, last year raised some 100 hogs, raised 55 pigs. He pastured them up on 12 acres of winter rye. To keep the pigs from being chilled several times during the summer and fall he let in his horses and calves. On Jan. 14, this year, he began fattening them on the rye and corn. He sold the 55 to P. Burns & Co. at 10-14 cents, live weight. They averaged a little over 250 pounds each. Borsett got a cheque for \$1,440.12. This man informs me that when hogs were selling for 10 cents a pound, he was able to make a profit raising them. At 10-14 live weight I should imagine that is pretty good money in raising hogs in Northern Alberta."

LIQUOR STORE ROBBED.
Thieves broke through a rear window of A. E. Hopkins' liquor store, 127 Jasper Avenue East, Sunday, between nine o'clock and midnight, and carried off one of the most valuable hoards in the history of the city. Thirty-six bottles of whisky about 1,000 expensive cigars and 100 packages of cigarettes were the booty carried away by the burglars, who had this during to smoke stolen cigars while gathered together their plan to enter the store and carry off the goods. A note on the counter addressed to the proprietor of the store, A. E. Hopkins, saying: "We have been here, catch you man, Monday the floor was found littered with burnt matches and cigars and which was strewn about the floor in handfulls.

The thieves effected an entrance to the store through a rear window which was closed by a bar of iron. This was removed by means of a diamond cutter and one of the gang squeezed through the narrow space between the iron bars. The opening is so small that no one save a boy could get through. This first member of the party to gain an entrance opened the door to let others in. The thieves on making their exit closed the door behind them, but left it unfastened. It is known that the burglary was committed in the late evening, as a member of Mr. Hopkins' office staff was in the store until five o'clock, and a neighbor found everything all right between eight and nine o'clock. The police are working hard on the case, but as yet no arrests have been made.

IN THE POLICE COURT.
For driving at an excessive rate of speed, Thomas E. Tracy and Ed. Claire Watts were this morning fined \$10 and costs by Magistrate Cowen. Sam Onychuk was given a two-hour charge of carrying firearms. Three drunks were fined the usual fine of \$4 and costs.

M. McNeil, a real estate dealer, of the Wetaskiwin district, was arraigned before Magistrate Cowen in the police court on Saturday morning on two charges of obtaining money under false pretences. He was arrested in the city on the night of the complaint. He is charged with obtaining of a deal in land near the site of the town of Fort George. The case was remanded for hearing until this afternoon at two o'clock. Mr. McNeil pleaded not guilty and asked to be tried by a jury.

The binder that works the best places the most and lasts the longest is the Massey-Harris.

Every family and especially those who reside in the country should be provided with all times with a bottle of Chamberlain's Liniment. There is no telling when it may be wanted in case of accident or emergency. It is most excellent in all cases of rheumatism, sprains and bruises.

well dressed.
For a breach of the building by-law in the erection of the Journal building on First street, Edgar Richardson was fined \$1 and costs. Thure Gustafson was fined \$1 and costs for assault on E. J. Clark. J. White for leaving his team insecurely fastened, was required to pay \$1 and costs into court. Two drunks were fined the usual \$4 and costs.

OKLAHOMA MURDER CASE.
Debonair and determined James Chapman, the confessed murderer of Lawrence Matthews, of Stillwater, Oklahoma, occupied the witness box in the District Court-room last yesterday afternoon and this morning, undergoing an exhaustive cross-examination by E. B. Cogswell, counsel for the crown, and H. Robertson, representing Mrs. Matthews, who sought extradition on the charge made against her by her jealous lover. Chapman told his story in a clear, unhesitating manner, and with no essential contradictions. Mr. Matthews, wearing a heavy fur coat and a black dress and large picture hat, occupied a chair behind the railing which separates the counsel from the public. On this railing the judge, most of the time on her elbows, chin in hand, with her eyes fixed on the witness, who is bent on winning her case together with herself, to the galleys. The court room was crowded both yesterday and this morning, evidence from the defendant, the stay with continue until ten days after the decision upon the trial or other earlier determination of the action.

The negro told his story with surprising fluency of language, and in almost dramatic style. He seemed to enjoy the trial. He was asked to answer no question and remembered a trivial detail of occurrences in Stillwater in the years 1897 and 1908. His ready wit frequently caused an outburst of laughter in the court, in which the counsel joined. To negro on such occasions would scold his appreciation. Examining him this morning, Mr. Robertson asked him why he had suddenly left the State of Oklahoma. Was he aware that there was a warrant out for his arrest on a charge of perjury? He said that he had known that he would have been arrested if he had remained in Stillwater. He declared that he had never failed a fair trial would have been given him he would have faced it, but because of the prejudice and dislike against negroes in Oklahoma, he had a chance of a match thrown into a blazing fire, he had taken it.

"So you got away?" queried Mr. Robertson.
"Yes, I got away," returned Chapman monochalantly, "got away from that gentleman there," indicating with a wave of his hand the counsel for the crown, Oklahoma, who was seated at the table beside the witness. He admitted when closely questioned that he had "won" his living in Stillwater to which he had been properly married. He said that he had never wanted to marry Mrs. Matthews. She was a white woman and he was a negro. A marriage of this kind never did think could succeed. She had put the idea of marriage into his head and persuaded him to come to Canada, where they might be married. He would have been satisfied to live with her as her friend if she had not turned out to be a white woman. When asked by counsel where he expected to figure in the case, he ventured, he replied, "I begin to see now where it will come out. Things have gone so far now that I don't care to go to the end and I will swing for it. You ask me how I acted? Just like a crazy man, like a crazy man, that's how I acted. There are no more now. I should have known better in the first place.

When asked by Mrs. Matthews to stand to give her version of the story of her husband's death and her subsequent removal to Canada from Stillwater.

NEW KING OF ABBYSSINIA.
Regent Cedric to Crown Lid Jassau Without Further Delay.
Rome, April 24.—According to a dispatch from Addis Ababa to the "Morning Post," the regent has been proclaimed in the ceremonial situation the regent has designated to carry out the duties of King Jassau the heir without further delay. This ceremony will take place with great solemnity. His Majesty asked several foreign ministers to give him information as to the ceremonial forward in their countries when a new monarch comes to the throne. The coronation will take place in Addis Ababa. King Jassau will receive the title of Negus of Shoa.

In Rome the conclusion drawn from this news is that King Menelik is already dead and that the regent is awaiting an improvement in the situation and the coronation of Lid Jassau before announcing the fact.

FROM LONDON TO MANCHESTER.
Another Unsuccessful Attempt Made to Win \$50,000 Aviation Prize.
Lidsheld, Eng., April 26.—The gale yesterday capsized and wrecked White's airplane near this place. Saturday White started from London for Manchester in an airplane with a crew of two, but he was compelled to abandon his flight on account of unfavorable weather, after he had completed 115 miles of the distance. It will require a week to repair the machine and White announced his intention to win the prize as soon as the weather is favorable.

Bishop Fallon Consecrated.
London, April 25.—In the presence of three hundred British ecclesiastics, Bishop Fallon was consecrated this morning by Archbishop McEvoy, of Toronto.

Earl Grey May Visit West.
Ottawa, April 25.—Earl Grey may possibly visit the West in the fall before returning to England, but nothing definite has been decided.

Massey-Harris Great West and Imperial Gang Plows are what the farmer needs.

LEAGUE OF THE EMPIRE EXTENDS TO EDMONTON

A well known publication of the League of the Empire, "The Empire Review," to which papers from all over the Empire are supplied. A Piece of Practical Work. In 1907 the league performed a piece of practical work in the establishment of a lice and needlework school at St. Helens. On the withdrawal of the garrison from the island, the inhabitants were deprived of practically all their means of livelihood, but the league industry proved their salvation. The League drew up the estimates for the establishment of a school, and asked the colonial office for a grant for the island. This was given and the League was commissioned to act in England as agent for the schools. In 1906 the school was taken over by the government and the progress made by the League has been so rapid that it is now judged by experts to be excellently finished and to hold its own with any school of its kind.

Mrs. Marshall, Representative of O. organization, of Whose Objects is to Place Children in Various parts of Empire in Order to Give Each Other in the City—Describes Work of League.
Ambassador to Canada of the League of the Empire, from its central office in Caxton Hall, Westminster, is the position held by Mrs. Ord Marshall of London, England, who is in Edmonton today on a tour of Canada, in the interests of the educational campaign which is being conducted by the league of which she is the representative.

Mrs. Marshall is a lady of culture, and highly educated. She has been chosen as the delegate of the league to Canada because of her great interest in its schemes and her broad Canadian sympathies. She arrived in Edmonton on Saturday and is a guest at the Alberca.
League Founded in 1901.
The league which Mrs. Marshall represents, was founded in 1901, and has as its main object the promotion of co-operation between the different countries of the Empire, and mainly in affairs connected with education. Since its formation, the league has taken up the transmission of letters, chiefly children of public schools, in touch with one another, and the exchange of information, and the sending of children to one another for their education. This individual correspondence was found so valuable that as a next step, the league decided to send one another for their education. This first hand information concerning each other's country, and in this way the mutual understanding of children were influenced.

Since in Canada Since January.
Mrs. Marshall has been in Canada since January, and has spent most of the time in Montreal, Ottawa and Toronto. The work of the league in Canada has been carried on by direct permission of the provincial educational departments. Mrs. Marshall has addressed the members of the teachers of Toronto in that city, and the gathering of a thousand teachers in Victoria and Vancouver, strong boards have been formed to further the work of the league. The minister of education for British Columbia is the secretary of the Victoria board, and the superintendent of schools for Victoria is the secretary.

There is a great desire among the members of the league to see a number of schools for more information about Canada, and Mrs. Marshall in conversation with the Bulletin has said that she is very interested in Canada.
Interested in Canada.
From travelling throughout England and addressing the scholars of the different schools, Mrs. Marshall has learned that the youth of England were more interested in Canada than any other of the Empire. They would rather hear about this country than any other of His Majesty's dominions. To establish bonds of friendship between the youth of Canada and those of England is the chief object of Mrs. Marshall's mission.
Interested in Canada.
Mrs. Marshall's mission is to establish bonds of friendship between the youth of Canada and those of England. She has been successful in this regard, and has secured the interest of many of the youth of the Empire. She has also secured the interest of many of the youth of the Empire. She has also secured the interest of many of the youth of the Empire.

For 18 months she has slumbered—
New York, April 25.—Mrs. Elizabeth Hodcs of No. 815, Blake avenue, Brooklyn, who has been the victim of a baffling sleeping sickness for eight months, has been cured.
The case was reported to Dr. John D. Quackenbush, who made a careful record of the case and found that the disease which has afflicted Mrs. Hodcs has had no parallel in the history of medicine. The symptoms of the disease were not those of any of the cases reported by neurologists for six months.

While we have not had an opportunity to make a close study of the case, it is clear that it is a new one. It is due to the absorption of toxins from a decayed tooth or intestinal "fermentation," said Dr. Quackenbush. "There are many instances of protracted sleep, but few cases have been traced with regularity for any long period. The symptoms show a danger of approaching apoplexy, which would end the sleep in death."

Burned to Death in House.
Cowanville, Que., April 25.—Mrs. Chelis Brown was burned to death when the home of Edmond Fitzell was destroyed by fire last night. She discovered the flames too late to escape. The rest of the family were saved.

QUARANTEED C.N.R. BONDS
FOR LINE TO BRAZEAU.
Ottawa, April 24.—Hon. G. P. H. Graham has given notice of a resolution providing for a government guarantee of bonds of the Canadian Northern Alberta Railway company for the construction of a line from Edmonton west to the coal areas near the Brazeau river, and the headwaters of the Macleod river, a distance of 150 miles, the guarantee to be to the extent of \$10,000 per mile for the first fifty miles, and \$25,000 per mile for the balance of the line, with interest at the rate of 3 1/2 per cent. per annum, to be paid half-yearly.
The usual conditions with regard to the security are imposed. The guarantee is subject to a previous guarantee of bonds to the Edmonton, Yukon and Pacific railway.

FIRE DOES \$1,000,000 DAMAGE

20 Blocks of Louisiana Town Prey to Flames.
Lake Charles, La., April 24.—Fanned by a high wind, a fire which started here Sunday afternoon, swept over more than 20 blocks of the city, destroying hundreds of buildings and resulting in a property loss estimated at more than \$1,000,000. More than 2,000 persons were made homeless. The mayor called out the local militia company to preserve order.

When it became apparent the local fire department could not cope with the blaze, requests for aid were wired to Belmont and Orange, Texas, and to Jennings, La., all of which are within a radius of 50 miles of Lake Charles. The Southern Pacific rail way offered special trains to bring the volunteers from neighboring cities. Many houses in the path of the flames were dynamited, but showers of sparks were swept beyond the gaps thus made, igniting the buildings on the farther side. Within a short time the wind had driven the fire over a space two miles in length, leaving a mass of ruins in its wake.

While many of the buildings destroyed were merely frame cottages, scores of handsome structures also fell a prey to the flames. The city hall, the handsome Calcasieu Parish court house, Le Clare hotel, churches, stores and warehouses were reduced to bare black walls and heaps of ashes within two hours after the fire started. The Catholic convent was destroyed. All the sisters escaped.

Starting in the old opera house in Bevel street, the blaze spread to adjoining buildings, burning out the northern portion of the city's business section and then swept into the residential district.
Fire in Calgary Hotel.
Calgary, April 24.—A Chinese cook, while performing some culinary magic around the kitchen of the Empire hotel last night, just after dinner time, succeeded in starting a fire which caused damage to the extent of \$500. Burning grease scattered all over the kitchen and the flames started to eat their way into the dining room, before the firemen got it out. The damage to the hotel was not very serious, but for a week or so the guests will have to use the dining room of some other hotel.
