# Bringing Up The Lines!

## Forward! March!

Is the cry in our Shirt, Tie and Collar Departments when this trio of excellence marches out under the gaze of hundreds of Xmas buyers, to back up the "KEARNEY FIRST" project.

KEARNEY SAYS:-

"These are my greatest lines. More judgment in selecting effective patterns, lasting colours, popularized styles, cannot be found in any other collection-cannot be found because cannot be made. Because I had my hand on the pulse of the market; because I had men behind me with their goods who would say: 'Kearney, goods are going higher next month, we can give you 50 doz. at the old price if you buy NOW!' I saw ahead—to my Victory Xmas. Now I give to you an immensely varied Xmas line for your buying needs."

SHIRTS, TIES, COLLARS—Bound together to wear together. Tested recipe for a sunny Xmas morning face for him:

A SHIRT—Striped to his taste, silk, silkcloth or madras. A TIE-in glorious Xmas colourings matched to suit the shirt.

A COLLAR-His style, his size. (You don't need to know-we can judge the size.)

The THREE packed in one of our eye-catching Holly Boxes Free. There, that settles your Xmas problem.

# MYTH'S.

GEO. F. KEARNEY.

REMEMBER-KEARNEY FIRST!

## Mr. Reader. Newfoundland:

DEAR SIR,

If you were a farmer and needed a plow, would you wait till next summer or order one now?

No doubt you would buy one now if you could save money, otherwise you wouldn't purchase.

We don't sell plows, but we do sell Basic Slag in sacks containing about 200 pounds, at \$3.75 per sack.

Every Spring we sell fertilizers at about \$4.00 to \$5.00 per sack of 100 pounds, which equals approximately \$100.00 per ton.

Basic Slag is a fertilizer which works slowly, therefore it needs to be put on the ground before the Spring.

Now is the proper time to put Basic Slag on your ground, so that it can work for you throughout the winter.

Basic Slag costs only \$37.50 per ton. If you buy it now instead of buying fertilizers next spring, you save \$62,50.

We shall be glad to sell you any number of sacks, one or one hundred. Please order a supply this week.

Yours truly,

COLIN CAMPBELL, LTD.
