

Ascension Thursday.

Today is the Feast of the Ascension. The Blessed Lord, Tradition states, forty days after Easter, rose from the dead and ascended into heaven. The eleven apostles and about 500 Disciples were present. It was noon when He appeared to them and He led them to the Mount of Olives. Here lifting up His hands He blessed them and as He spoke He rose and a bright light shined out of His sight. The glorious Ascension is the last of the great miracles of Jesus Christ. He came to deliver us from sin and to render us able to receive the divine nature of the Christian religion.

In Memoriam.

THOMAS COLBOURNE.

Another "landmark" is removed by the passing of Thomas Colbourne on the night of April 4th, at Wild Eight, N.D.E., a well known and highly respected resident of that place. Mr. Colbourne was born in Twillingate in 1840 and removed with his family to Wild Eight, in the early 70's and set to work to clear up a home in the Virgin forest, he being among the early settlers of that place, and for some years followed the codfishery, as master and owner of a fishing schooner, and was one of the successful fishermen farmers. He didn't believe in having all his eggs in one basket. When the mine started here, at Little Bay, in the 70's, Mr. Colbourne's uncle, the late Robert Colbourne, being the original discoverer of Little Bay Mine, this, and the other considerations, induced Mr. Thomas Colbourne to give up the uncertain codfishery business, and betake himself to carpentering at the mine, and working his land, vegetables of course, being in good demand at the mine, and later becoming interested in prospecting for the Little Bay Mining Company and others, he was prospecting with a Mr. Wilson from Nova Scotia, when they discovered what is now known as the "Lady Pond mine," a few miles from here, and from which several thousand tons of very high grade copper ore was shipped. The deceased was a real all round son of Terra Nova, built his own schooner and sailed her, farmed his own land, observing prospecting, and last, but not least, a good home neighbour, and a kind husband and father. The writer was intimately acquainted with Mr. Colbourne since 1883, and has travelled a good many miles with him in search of that which we believed "The Great Creator of the Universe" put in the earth for man's use, and for man to find and take out.
