

A burglar who was found under a man's bed in Philadelphia excused himself on the ground that he was looking for his dog.

"Well, neighbor, what is the most Christian news this morning?" said a gentleman to a friend. "I have just bought a barrel of flour for a poor woman." "Just like you! Who is it you have made happy with your charity this time?" "My wife."

NEW LIGHT ON THE LICENSE QUESTION.
Lately Mr. John McKeown, the Government Inspector of Licenses, visited several shops in St. Catharines to which licenses had been granted for the current year and inquired whether they sold by wholesale as well as by retail; and informed the wholesalers that their present license only entitled them to sell in quantities from one quart to five gallons. If they wished to make larger sales than the latter (that is by the barrel) they will be required to take out and pay for a government "wholesale license" in addition to the one they already possess. Mr. McKeown says this is the interpretation placed upon the law by the Attorney-General. So says the St. Catharines Journal.

Made simply with boiling water or milk. Each packet is labelled — "James Epps & Co., Homoeopathic Chemists, London."

To Business Men.
The circulation of the Mercury and Advertiser being nearly five times that of any other paper published in the County of Wellington, business men and others would study their own interests by advertising in the Mercury and Advertiser.

FACTS FOR ADVERTISERS.
In this, as in everything else, the best papers all command the best prices. It is cheaper to pay 5s. for inserting your advertisements in a journal having a circulation of 5,000, than to pay 2s. for one that has only a circulation of 1,000. Of this you may be sure, that any journal that inserts advertisements too cheap, is, in fact, an almost worthless medium. If it were really a good one, it would have no need to lower its prices, for its sheet would be better filled without the sacrifice. You may lay it down as a rule that if it adopts low prices it is because it is conscious that it has a low circulation in number or respectability. —Wilson's Handbook for Advertisers.

NOTICE ABOUT ACCOUNTS.
All accounts for Printing or Advertising rendered to the 1st of January must be paid by the 1st of April, otherwise costs will be incurred. Subscribers in arrears will have to the 1st of April to pay up. After that they will be charged the credit price.

Special Notices.
A NUMEROUS CASES OF POISONING have occurred from the sale to the public of Hypophosphites, containing strychnine, without being properly labelled, purchasers of Dr. Wiegand's Compound Phosphates and Galsays are requested not to confound the two preparations, as is frequently done, under the name of Phosphates, as they are of the same medicinal properties. Phosphates are necessary elements of the animal organism, and are absolutely essential to the phenomena of life. They enter into the composition of every solid and fluid of the human body, and are the natural excreting agents of the functions of nutrition, and determine perfect cell formation and the growth of tissues. For supplying the waste resulting from mental and muscular exertion there can be no substitute for Phosphates while the system remains chemically constituted as it is. Attributing the effects of strychnine to the action of hypophosphites has led to false deductions and errors in practice, and greatly misled the public as to their true merits. —m-m
