was small, except 600 boxes large

In face of the fact that England has

received from Canada and the United States this season 348,388 boxes less for

the corresponding time last year, she

appears to be less anxious to buy now

than she did then; and when it is con-

sidered that there are far more cheese

held in cold storage on this side than

there were a year ago, the prospects for holders are far from bright. The es-

timates of cheese stored in Montreal,

according to the Trade Bulletin, at the

present time range all the way from 170.000 to 250,000 boxes; but the exact

stocks are believed to be nearer the

smaller than the higher estimate. In

New York the stocks in cold storage

are said to be very large, as well as

those in Boston and Chicago. Besides the above, large supplies are in the

hands of factory men in the interior.

so that the chances of higher prices in the immediate future will be slim.

The total quantity shipped from Mon-

treal from the beginning of the season

to the close of last week was 588,074

boxes, against 671,913 boxes for the cor-

responding period last year, showing a

decrease of 83,839 boxes. The exports from New York for the same period

were 261,662 boxes, against 526,211 boxes

for the corresponding time last year, showing a deficit of 264,549 boxes. The

CANADIAN BACON IN BRITAIN.

Smaller killings in Ireland and dimin-

helped prices for bacon along this

worth more money. Canadian is still

on the up line, and quotations this week

are about 2s per cwt over those of last week. No. 1, 46s to 50s; No. 2, 44s to 48s;

fat and stout, 42s to 44s. There is a good

inquiry for this bacon, and—bar another continental flooding—rates should

steady themselves upward. Irish is

quoted all the way from 44s to 60s; continental, 42s to 56s; American, 34s to 40s. Canadian is the best value for

money on the market, and the only

danger to be feared for its reputation

is that inferior stuff from the States

may be—indeed, is—sold for it. I should like to see all Canadian produce

stamped with its origin. Every box of

Europeans Threatened in Foo Chow-Gunboats Telegraphed For.

Shanghai, Aug. 6.-The Mercury of this city today publishes a dispatch from Foo Chow stating that the position of the Europeans is critical owing to the open hostility of the natives and native officials. If an outbreak occurs the native officials will be unable to cope with the mob. Fu Kien Province is said to be in a state of rebellion, and the American missionary at Fung Fuk, in that province, has been burned. The Europeans and Americans have telegraphed for gunboats to protect the

foreign settlement. London, Aug. 6.—The officials of the Foreign Office have cabled instructions to the British Minister at Pekin, Mr. N. R. O'Connor, to demand the safety of all British subjects in the disturbed districts and to insist upon a full inquiry into the massacre. In addition, Mr. O'Connor has been ordered to see that the culprits are punished and that an independent inquiry be made into the Ku Cheng massacre by a British

consular court. Hong Kong, Aug. 6.—In an interview today with some of the survivors of the Ku Cheng massacre, they declared that the outrage was carried out in the most diabolical manner, and that it was evidently a premeditated and carefully arranged attack, entirely unprovoked, made upon the occupants of the missionary station while they were asleep. The bodies of the victims were buried at Fu Chow. There are rumors of further riots at places nearer to Fu Chow than Ku Cheng. This district included the stations of the Church of England at Zenana, the American Methodist stations at Fukhien, Fuhning, Layong, Ningtaik, Hokchiang and Hinghwa. The male and female staffs in the early morning after crossing the river in small parties in a tiny boat, reached Kueseng Wall, which blocked their further progress and which had to be scaled with ladders. During the three following days bodies of citizens guarded the walls armed with prongs and rusty swords.

CRICKETERS RETURN HOME.

Charles S. Hyman, M.P, Tells How They Were Treated in Chicago.

The remainder of the victorious Canadian cricket team returned today. Messrs. Chas. S. Hyman, M.P. (captain) and Geo. Sippi arrrived at 11:35. "I cannot speak too highly of the courtesy and kindness extended to us while in Chicago," Mr. Hyman said, in the course of an interview. "On the afternoon when we arrived there we were taken in a six-in-hand and driven through the parks and shown all over the city. And from that moment to the moment we left there were always two

of three persons on hand ready to entertain us. "We were extended every courtesy. not only by the cricketers, but by the old Canadians who are now residents of Chicago. As far as the cricketers themselves are concerned, I never met finer or more sportsmanslike lotthorough gentlemen in every sense of

"I notice in the concluding part of a press account of the Saturday game a paragraph that might be taken in an equivocal sense. The inference was that the Chicago team attempted to draw the game by coming up to the wickets slowly and endeavoring to kill time. That is not correct. The rules of the game allow the players two minutes, but even this point was not taken advantage of, and the players took their places as soon as the preceding man went out.

"Further than that, the captain told me before the last wicket fell that if necessary he would extend the time to

"It was most pleasant to meet familiar faces and forms that you had long forgotten and lost sight of for years. Taken altogether, we had a perfectly delightful time, and during the whole of the matches there never arose a single question to make matters the Messrs. COMINION CUSTOMS FRAUDS.

Over \$10,000 Stolen, and the Whole Amount Not Yet Ascertained.

The Berlin, Ont., Collector Allowed to Skip Out.

Berlin, Aug. 6.-The investigation into the management of the Berlin customs office has produced results much more startling than anticipated. Inspector Boultbee and his assistants are at present unwilling to state the exact amount of the shortage in Collector Bowman's accounts, but the amount now exceeds \$10,000, and may be greatly increased before the close of the inquiry. It is now stated that the office was inspected at times, but notwithstanding this the collector was defrauding the country for years. Mr. A. L. Bowman was held under \$10,000 security during the time that Berlin was an outport of Guelph, but since then the bonds have not been renewed, the Government cannot recover the amount embezzled. The most startling part of the whole matter is that nothing was done to apprehend the collector. One afternoon Bowman walked out towards the west end, while a rig followed and took him to New Hamburg. There he boarded the afternoon train for the west, and his whereabouts is now a mystery. His friends took up a

Police Magistrate Parke was in a one month and \$5 or 20 day mood when meting out justice at the Police Court this morning. He had two very old timers before him.

Thomas Alexander, who holds the London record as a vagrant, was one of the candidates. His past has been famous. For years he has served the greater portion of his time for vagrancy, his total number of appearances exceeding three score. And when he bobbed up serenely again this morning he was sent down for another

month. Eliabeth Leathorne and Nancy Rodgers, both residents of the Gore of London, were also up for vagrancy. They were arrested in the East End. The Leathorne woman has appeared eight times in as many years, and on each time was charged with being drunk or drunk and disorderly. The Rodgers girl has been living in the Gore for several years, and her reputation is anything but good. The police magistrate sent them each down for a month's vacation

on the hill. Christopher Moriarity, of York street, was charged with assaulting his mother, Margaret Moriarity. Christopher has promised to leave home, and

the case dropped. John Mann will spend 20 days in jail for drunkenness and vagrancy. Be had not the necessary V to secure his
