FIRE RECORD.

A Pennsylvania Railroad Depot Burned and Three Firemen Killed.

Philadelphia, April 20.—Three firemen were crushed to death and several others seriously injured, as the result of a fire which destroyed the old depot of the Pennsylvania Railway Company, at Thirty-second and Market streets, about half past afternoon and entailed a loss of about \$40,000. The names of the killed are: Hugh McGranigan, of Company D; William H. Staigert, district engineer; George W. Preston, assistant foreman of truck A.

The seriously injured are: George Jennings, John Blinn and Samuel Sneyd, all of whom sustained bruises and have fractured ribs.

The unfortunate men were working on the slanting roof of the car shed in the rear of the front wall, when the wall crashed down upon them without a second's warning. All of the men were buried beneath the wall. McGranigan, Staigert and Preston dying before they reached the hospital. Eight Pullman cars were destroyed.

KILLED WITH A GASPIPE.

Chicago, April 20.—John F. Smith was murdered Saturday afternoon at his place of business, Market street, by five men, who made their escape. His firm, Patck, Smith & Co., painters and decorators, had trouble with their painters last winter, and a strike resulted. The feeling was very bitter, and the assault is supposed to be a result. Saturday afternoon five men went into the establishment, and after a few moments' talk, invited Smith to step to the street. As he reached the doorstep he was struck with a piece of gaspipe on the head and killed instantly. His dead body rolled down the steps.

LIFE SAVED.—Mr. James Bryson Cameron states: "I was confined to my bed with inflammation of the lungs, and was given up by physicians. A neighbor advised me to try Dr. Thomas' Eclectic Oil, stating that his wife had used it for a throat trouble with the best results. Acting on this advice I procured the medicine, and less than a half-bottle cured me. I certainly believe it saved my life. It was with reluctance that I consented to a trial, as I was reduced to such a state that I doubted the power of any remedy to do me any good."

To dream of cuts is always unlucky, and some unexpected misfortune is sure to follow during the next few days.

The best regulator of digestive organs and the best appetizer known is Angostura Bitters. Try it, but beware of imitations. Get the genuine article, manufactured by Dr. J. G. B. Siebert & Sons.

FINE AND WARM.

Toronto, Ont., April 19—11 p. m.—The disturbance which was over Kansas Friday night traveled directly northwards to the Qu'Appelle Valley, and on Saturday gave a heavy fall of snow in nearly all localities from the Rockies to Manitoba. Scattered showers have occurred from the lakes to the Atlantic, and in Ontario the temperature continues abnormally high.

Minimum and maximum temperatures: Calgary, 24—26; Prince Albert, 28—30; Winnipeg, 30—40; Port Arthur, 30—38; Toronto, 48—76; Ottawa, 42—82; Montreal, 42—76; Quebec, 36—62; Halifax, 38—48.

PROBABILITIES.

Toronto, April 20—1 a. m.—For the lower lakes region (including counties lying south of the Georgian Bay region, east as far as Belleville)—Fine and warm.

LOCAL TEMPERATURES.

Local temperatures—The highest and lowest readings of the thermometer at the observatory on Saturday, April 19, 1896, were: Highest, 83 degrees; lowest, 54.5 degrees.

Local temperatures—The highest and lowest readings of the thermometer at the observatory on Sunday, April 19, 1896, were: Highest, 72 degrees above; lowest, 55.5 degrees above.

HOT APRIL WEATHER.

Yesterday's Detroit Free Press says: For three days in succession all previous April weather records have been smashed and smashed into smithereens. * * * Inspector Conger has a little chart that tells how warm and cold it has been during the month of April for the past 25 years. The record is divided into three decades, three sections of ten days each. The warmest weather of the first decade was April 7, 1869, 78 degrees; the coldest was on the 4th, of 1874, 9 degrees. In the second decade, in which we are at present sweltering, the warmest record previous to the present was April 14, 1883, 78 degrees; the coldest, April 18, 1876, 8 degrees. The warmest weather of the third division was April 29, 1888, 82 degrees; the coldest, April 23, 1879, 20 degrees.

Saturday's record was as high as it was on the preceding day, and no higher, according to the weather bureau. There the thermometer registered 82 degrees at 2 o'clock. In Wyoming on Friday, the thermometer was only 10 degrees above zero. In Dodge City, Kan., it was just at freezing point, and frosts were reported. In North Dakota the boys were playing snowball.

A CALF'S BITE

Blood-Poisoning Set in and the Injury Had a Fatal Termination.

Napanee, Ont. 20.—Luke Doyle, of Camden, near Camden East, about two weeks ago while learning a calf to swim, was bitten on the thumb by the animal. About a week later blood-poisoning set in, and notwithstanding all that medical skill could devise, he died. He was in his 43rd year.

THE SEASON BEGUN.

"Have you begun making garden yet, Mr. Outsider?"
"Yes; we have flung all our old tin cans over into the next neighbor's lot."

London and Environs

—Oil up your lawn mower.

—The summer hotel man's smile may now be measured by a yardstick.

—Spring was omitted from the make-up of 1896. The seasons this year are summer, autumn and winter.

—The managers of Knox Church, South London, have given the organist and choirmaster, Mr. Fred L. Evans, an unsolicited increase of \$10 in his salary. Mr. Evans has raised the choir to a gratifying standard of efficiency.

—Friends of Miss Spring will be pleased to hear that she has entirely recovered from constriction of the lower limbs, caused by the undue lingering in her lap of heavy old Mr. Winter. Summer, who was relieving Spring for a few days, has resumed her place in the almanac.

—The funeral of the late George Summers took place from the family residence, 1, Wharfedale road, yesterday afternoon to the Brick street cemetery and was very numerous attended. The brethren of Mr. Lockhart's friends and fellow-employees waited on him on Friday evening last and presented him with a handsome gold-headed cane and wished him a hearty bon voyage. The gentleman is a brother of Mr. J. Coates Lockhart, the popular local tenor and decorative artist.

—Mr. Norman Lockhart, of the G. T. R. restaurant, leaves today for Brighton, England, on a visit to his parents. A number of Mr. Lockhart's friends and fellow-employees waited on him on Friday evening last and presented him with a handsome gold-headed cane and wished him a hearty bon voyage. The gentleman is a brother of Mr. J. Coates Lockhart, the popular local tenor and decorative artist.

—(Mrs. Rev.) G. B. Sage, of St. George's rectory, writes: "Will you kindly permit me to acknowledge the following donations, received since last week, for the bazaar being prepared by Bishop Reeves, of Mackenzie River: E. L. Adams & Co., pearl barley, snowflake barley, condensed milk, condensed coffee and Leblanc's extract; J. G. Shuff, quinine pills; Mrs. Boomer, \$4; Mrs. Mills, 50 cents; W. T. Strong, \$1. In accordance with my special request, no bale will be sent to Mrs. Boomer this year, but donations in money towards building will be thankfully received. I beg to acknowledge the following: Mrs. Boomer, \$2; Mrs. Mills, \$2; a churchwoman, Dutton, \$10. Also for Mr. Stringer: Mrs. Boomer, \$2; Memorial Church, \$10. All contributions to bale for Mr. Stringer, please send to Wycliffe College, Toronto. It is much to be regretted that Mrs. Boomer, who a year ago herself undertook all the responsibility and labor of the bazaar to Bishop Reeves, as well as one to Mrs. Bompaas, and who brought her task to so successful an issue, is unable through illness to undertake it again this year; but we hope the kind friends who helped so liberally before will see their way to doing so again, more especially as the unfortunate destruction of Bishop Reeves' house, together with six months' supplies, makes it the more urgent that, if possible, a greater effort than before should be made this year. Will friends please send donations to St. George's rectory, London West, not later than Friday, April 24, as the bazaar must be packed on Saturday morning."

METHODIST MISSIONARY APPOINTMENTS.

The executive of the Methodist Board of Foreign Missions have made some important appointments to the mission field. Rev. Charles E. Rand has been appointed for evangelistic work in Japan, his location to be hereafter decided upon, and Rev. E. W. Smith, M.D., of Dalrymple, accepted as medical missionary to China. He will supply the vacancy caused by the removal of Rev. D. W. Stevenson on account of ill-health. The board of management of the French Institute, in Montreal, have appointed Rev. J. P. F. as principal, and the executive approved the appointment. A joint meeting of the representatives of the executive and the Woman's Foreign Missionary Society discussed the internal arrangements of the institute at Chilliwick, B. C.

Give Holloway's Corn Cure a trial. It removed ten corns from one pair of feet without any pain. What is has done once it will do again.

"Bill Nye's" directions: Callers at his office, which was on a stable, were to go into the stable and twist the tail of a grey mare when taken the elevator.

Two Mine Disasters.

One in Minnesota and the Other in Pennsylvania.

Eleven Men Killed and Seven Painfully Injured.

Minneapolis, Minn., April 20.—A special from Nishant, Minn., says: An explosion occurred in the Broadwater mine early Saturday morning, by which seven men lost their lives and six others are seriously hurt. The dead are: Frank Doran, W. J. Morrison, Hugh McKenzie, Dan O'Leary, D. H. Rose, John Cairns, James T. Gallagher, and Wm. Harvey. The seriously wounded are: Joseph Doran, James Connolly, George Doran (a brother of Frank Doran), Chas. Smith, Mike Tobin, Mattie Brown. Several others are bruised and cut somewhat.

The accident occurred in the magazine used for storing powder. Frank Doran was looking after the powder, and had just commenced loading the magazine when the explosion occurred. It is supposed that his candle must have ignited some powder. He was found twenty feet from the magazine in another drift, and must have seen the danger and tried to escape. The men had just finished eating their midnight lunch, and were on their way back to work. Thirty of them had to pass this magazine, and it exploded as about half were past. Those in the center are the dead and seriously wounded. The mine is badly caved in. Superintendent Connolly says there could not have been over 30 pounds of powder in the magazine at the time, as it was not customary to keep more than enough for one round of shots there. Doran leaves a wife and two children; the others are single men.

Olyphant, Pa., April 20.—Four men engaged in driving a heading from the top to the slope of the Eddy Creek colliery, near this place, were instantly killed Friday, and a fifth was painfully injured. The dead are: Jas. McFall, Wm. O'Harvey, Wm. Harvey, of Priceburg; James and Ralph Abbott, brothers, of Throon. The men were working at a point about 1,000 feet from the shaft, and had just fired a blast. When the smoke had lifted they returned and commenced to clear away the debris. They had been at work only a few minutes when a roof, weighing near 20 tons, gave way, crushing the men to death. Francis Lewis, who was also at work at the time, was badly bruised, but it is not thought fatally.

A FARMER'S LOSS.

Disastrous Fire Near Allen Craig—Mr. Stewart's Heavy Loss.

Special to the "Advertiser." Allen Craig, April 19.—About 1 o'clock yesterday afternoon a heavy thunderstorm and lightning passed over this vicinity, doing some damage. The barn and outbuildings of Mr. Archibald C. Stewart, one and a half miles east of this village, were struck by lightning and burnt to the ground, with all their contents, consisting of about 3,000 bushels of grain, 20 tons of hay, and some implements. No insurance. Mr. Gilmour had moved his hay press to the barn in the morning, ready to work, but thanks to the timely aid of neighbors and people from the village, the hay press was saved, besides a number of cattle and horses that were tied in the buildings. Mr. Gilmour had his coat burned, with \$17 in cash.

The world may owe a man a living, but it is always best for a man to go out and collect it by a little hard work. Greatness which is real is the greatest of doing great services and making great sacrifices. The toilers, the burden-bearers, and cross-carriers—these are the really great ones. The men who go down to the lowest, who do for humanity the hardest work, who minister to its deepest woes, who grapple with its heaviest and sorest evils—these are society's true princes.
