Dozens of new faces appeared on the greens yesterday. They will be familiar faces by the end of the week.

Bowling is a game which the ladies evidently enjoy watching as well as the men.

Did you notice the crowds that went work at all, and in the two years have had only four lost days charged up against me.

Probably it was as a tribute to the genial president of the L. R. C. that the orchestra on the balcony played "Alexander" so vigorously.

Bowling brings all into one fold. Did you notice ex-Minister A. G. MacKay, of the late Ross Government, and J. S. in the late Ross Government, and J. S. Willison, Toronto News, playing near each other? Nothing more than skips in flannel trousers, now.

There is a telegram for him. Yes, and there's William Elliott and Dave Forester, and J. H. Ferguson, of Blenheim, and dozens of others. Some of those doctors certainly know how to carve out a good shot.

What's the orchestra for? Why, it's to dance to, after you win your game. Notice that cake walk on greens five George is no longer the "baby bowler." Amongst this year's recruits there

BUSINESS WOMEN A Lunch Fit for a King.

An active and successful young lady tells her food experience:
"Some three years ago I suffered from nervous prostration, induced by continuous brain strain and improper food, added to a great grief.

I was ordered to give up my work as there was great danger of my mind failing me altogether. My stomach was in bad condition (nervous, dyspep-sia, I think now), and when Grape-Nuts food was recommended to me, I had no faith in it. However, I tried it, and soon found a marked improvement in my condition as the result. I had been troubled with deathly faint spells, and had been compelled to use a stimulant to revive me. I found, however, that by eating Grape-Nuts at E. A., ten years ago and has six rinks such times I was relieved as satisfacentered today—four for the trophy and terily as by the use of stimulants, and suffered no bad effects, which was a great gain.
