#### Do You Realize LABOR DELEGATES What an Important Work the Kidneys Do?

Do you know that every drop of your blood goes to the kidneys hundreds of blood goes to the kidneys hundreds of times every day? Do you know why?

To be filtered and purified from its impurities. That is the great work the kidneys have to do. They filter the kidneys have to mourities go to the blood. Then these impurities go to the bladder and are passed out of the body along with the urine.

Do you think it possible for you to be well, unless the kidneys do this work

It is these impurities—this unfiltered blood—that causes backaches, head-iches, rheumatism, diabetes, Bright's disease, etc. They poison and interfere with the whole system.

If you have any kidney trouble let Doan's Kidney Pills do for you what they have done for thousands of others. They cure all forms of kidney trouble, and they cure them to stay cured. Mrs. Maurice Doiron, Charlottetown.

P.E.I., writes:—"I was troubled with my kidneys for five years. They were so bad at times that I could not cross the floor for the pain. I went to a doctor, but he did me no good at all. I sent to the firuggist and got five boxes of Doan's Kidney Pills, and I am glad to say that after taking them I was cured. I have had no trouble for nearly three years

There was considerable surprise at he meeting of the joint committees of the Board of Trade, Trades and lars of the accident. No funeral at Labor Council and real estate owners rangements have been made as yet. last night, when the secretary read a communication from Mr. W. Dixon, chairman of the committee, and one of the Trades and Labor delegates, stat-ing that he would have to withdraw as he could not act longer, and that the whole committee of the Trades and Labor Council would probably withdraw also, as they could not really act on account of not being able to get in touch with all the different branches in so short a time.

Mr. Archer's Statement.

Mr. Harry Archer, in addressing the meeting, stated that the Trades and Labor Council felt that while they might be able to choose perhaps five or six candidates they were not able to select 25, as had been suggested.
