

PLURAL VOTING BILL GETS THIRD READING

Measure Once Rejected by Lords on Way Again—Introduced April, 1913.

[Canadian Press.] LONDON, June 15.—The plural voting bill passed its third reading in the House of Commons tonight by a vote of 226 to 242. This bill was first introduced in April, 1913, and after passing its third reading was rejected in the House of Lords by a majority of 124. The bill passed the third reading for the second time last March. It embodies the principle of "one man one vote," and provides that before a general election a plural voter must select which of his votes he wishes to register.

How To Cure Stomach Troubles

Excessive acid in the stomach or hyperacidity, as it is called, is primarily responsible for nearly all cases of indigestion, dyspepsia, gastritis and flatulence which quite frequently lead to stomach ulcers. The successful treatment for the prevention of such cases depends entirely upon neutralizing the excess acid, stopping the food fermentation and healing the inflamed mucous membrane that lines the stomach. For this purpose, specialists are now universally advising the use of pure bismuthated magnesia which has recently been found to be unequalled in the treatment of even the severest cases. It is a teaspoonful in a little water immediately after eating stops all pains almost instantly, neutralizes the acid and soothes the inflamed stomach and if regularly used will quickly remove the cause of the trouble. Being well known, bismuthated magnesia can be obtained from any druggist and will keep indefinitely if kept tightly corked.—Advt.

BIG DREDGE DELIVER CAPSIZES AND GOES DOWN OFF ITS PORT

Ten Members of Crew Saved With Difficulty, and One Drowned—Boat, Valued at \$100,000.

[Canadian Press.] ST. CATHARINES, June 15.—The big dredge Deliver, owned by the Dominion Dredging Company, having the contract for No. 1, section of the Welland Ship Canal, in tow of the tug Alice, capsized outside Pelee Island harbor, just before 11 o'clock tonight, and sank, while endeavoring to take shelter in Port Dalhousie harbor.

The dredge was at Port Weller with the tug Meteor. The tug Meteor, under the command of Captain McGrath, attempted to take the Deliver to the shelter of Port Dalhousie, but she broke all lines and was driven toward the shore. When the Deliver capsized, Captain Howe, of the Alice, displayed distress signals, bringing the tug Meteor to her assistance. The two tugs saved the ten members of the crew of the Deliver after considerable difficulty.

Although the Deliver's crew consisted of eighteen men, some of the number are believed to have been left ashore and only one man, Walter Burt, married, of Port Dalhousie, is definitely known to have been drowned.

The survivors were taken ashore and placed in bed at the Lincoln House. The sinking of the Deliver represents a loss of \$100,000.

Syrup of Figs, and in just a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels and you have a well, playful child again. You need not worry sick children to take this harmless fruit laxative; they love its delicious taste and it always makes them feel splendid. Ask your druggist for a 50-cent bottle of California Syrup of Figs, which has directions for babies, children of all ages, and for grown-ups plainly on each bottle. Beware of counterfeiters sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

Health and Beauty Hints

BY MRS. MAE MARTYN.

MRS. A. T. B.: You are not shampooing often enough and may not use the best shampoo. Try my favorite, which is canthrox—just dissolve a teaspoonful in a cup of hot water and rub briskly as you pour it on the hair and scalp. This has an abundance of rich, cleansing lather that is very soothing to tender, itchy scalps. Canthrox leaves the scalp immaculately clean, and each strand of hair will be soft, shimmery and full of health. Canthrox shampoos are splendid for correcting unnatural conditions, such as excessive oiliness, dryness or profuse dandruff. I like its drying qualities too.

MRS. G.: The symptoms you describe, pains and aches in the limbs and small joints, loss of appetite, lack of strength and ambition are danger signals—warnings your blood is laden with poisons which will cause serious sickness if not eliminated from the system. The karden tonic of grandmother's day is excellent to use and can be prepared at home at little cost by dissolving ½ cupful sugar and 1 ounce karden (which you can get at your drug store) in ½ pint alcohol (not whiskey) to which is then added hot water to make a full quart. A tablespoonful before meals is the dose. The timely use of this tonic frequently saves serious ills.

MAZIE: Yes, you can cure your weak, watery eyes with a soothing, healing, strengthening eye medicine which can be made at little cost by dissolving an ounce of crystals in 1 pint clear water. You will put 2 or 3 drops in each eye daily, it will relieve the inflammation and soreness and reduce swelling. This crystals tonic is especially fine to make the eyes sparkle and give them expression.

SOCIETY GIRL: Here is that weight-reducing treatment which she told you would work without danger or inconvenience. It's a skin-cleanser (which you can obtain at any drug store) in 1½ pints

hot water. Strain when cold, take 1 tablespoonful before meals. Keep up treatment until weight is sufficiently reduced. Pannotis is gentle in action and results in results and leaves the flesh and skin firm and smooth.

GIRLIE: It is easy to make an inexpensive cream-jelly at home by mixing one ounce quinzoin with ½ pint alcohol, then adding ½ pint water. The scalp should be cleansed with this cream-jelly twice a week with this quinzoin tonic. Its regular use will quickly banish the dry, scaly condition and cure excessive oiliness, and when this is done the natural color and silky softness returns and the hair will grow in long and thick and have a beautiful sheen.

O. T.: The wrinkles of which you speak will soon vanish if you apply a plain almond cream-jelly and massage the long, straight tendons of the face. This simple treatment tends to vivify the dormant tissues, causing the creases or lines to fill out. To prepare the cream-jelly, put 1 ounce almond (which you can get at your drug store) in ½ pint water and add 2 teaspoonfuls glycerine. Let remain overnight before using. As a skin-cleanser and beautifier this cream-jelly is not equaled.

SARNIA CHURCH AND SUNDAY SCHOOL BURNED

Short Circuit Blamed for Fire, Which Caused About \$10,000 Damage.

[Special to The Advertiser.] Sarnia, June 16.—A raging gale fanned the flames of a fire which consumed the Sarnia Church and Sunday School on Devine street, at an early hour this morning.

The fire was first discovered in a passageway between the two buildings, and an alarm was immediately turned into the fire brigade headquarters and the pumping station. The apparatus was soon on the job, but the flames had secured such a hold on the frame structure of the school that it was soon reduced to ruins. In the meantime the flames had eaten their way into the gable of the church, and before anyone was aware the whole roof was a mass of flames. The firemen fought bravely, but were hampered by low water pressure. After about an hour the whole roof collapsed.

The damage will amount to about \$10,000, with insurance about \$9,000. It is thought that the blaze was started by a short circuit in the wiring.

Rev. W. J. Ashton is pastor of the church, which has a membership of about three hundred and fifty.

SUFFRAGETTES CHEER DENUNCIATION OF KING

Announcement Made That Sylvia Is Again Going on Strike.

LONDON, June 15.—Sylvia Pankhurst, according to a statement made at a suffragette meeting at a station maid's house, has undertaken a hunger and thirst strike, whether in or out of prison, until Premier Asquith consents to receive a suffragette deputation. At the same meeting loud cheering greeted a violent denunciation of the King by H. W. Newington, the war correspondent, who referred to "the tragic error the Government had made in advising the King not to receive Mrs. Pankhurst."

He said: "If I were king, I would not always be getting behind the wooden wall of the wooden heads of my ministers. I have lost my respect for the King, and think him a poor, unadventurous and unimaginative creature, not the least worthy of the honor we give him, and too much like his relative, the Emperor of Russia."

POSTPONE INDEFINITELY UNION NEGOTIATIONS

Proposal of a Resolution Before Montreal Conference.

MONTREAL, June 15.—Indefinite postponement of negotiations looking toward church union was suggested in a resolution brought before the Montreal Methodist Conference today by Rev. T. R. Rance, of Fairmount Church, and the resolution was referred to the memorial committee of the conference.

It was to the effect that inasmuch as no satisfactory result had come of the negotiations for the organic union of the Presbyterian, Congregational and Methodist churches, the general Methodist conference should be memorialized to postpone negotiations indefinitely and "abandon the proposed basis of union." The resolution concluded as follows:

"At the same time, we would just as strongly urge that the general conference will encourage co-operation with other denominations as far as possible to prevent the waste of overlapping and engender Christian spirit."

IMMIGRANTS CLAIM THEY ARE UNDERFERD

Say That Russian Money Is Refused by Officials—Letters Beg for Help.

[Canadian Press.] MONTREAL, June 15.—Letters declaring that nearly three hundred immigrants from the steamship Canada, detained at the quarantine station at Grosse Ile, are being ill treated and underfed, have been received by S. Kyanis, Hoy street, from relatives among the passengers. The letters begged him to send food and Canadian money, as Russian money was refused by officials in charge.

The question of quarantine at Grosse Ile does not come within the jurisdiction of the Montreal officials. At the local immigration offices it was stated that the facts of the case must have been greatly exaggerated, and that some minor discomforts, unavoidable under the circumstances, had probably been magnified by the letter writer in a fit of annoyance caused by his detention.
