DOWNTURNS IN PRICE OF WHEAT OCCURS IN LAST HOUR ON BOARD

Bearish Crop Estimates From France and Canada Depress Market.

CHICAGO, Aug. 12.-Bearish crop esimates from France and Canada tended somewhat to depress the wheat market today. Prices closed unsettled, 1/2@2c net lower, with September \$1.23 1/2 @ 1.23%, and December \$1.25% @1.25%. Corn lost 1/2@ %c to 1c, and oats 3/4@ %c to 1c. In provisions the otucome varied rom 40c decline to a rise of 21/2c.

from 40c decline to a rise of 2½c.

Downturns in the price of wheat took place chiefly during the last hour of trading, the market earlier having been steadied by commission house demand based to a large extent on the assumption that sooner or later export business would develop in sufficient volume to absorb all the wheat surplus in this country and Canada. Confidence in this view, however, received an unexpected jolt from a statement by the French minister of agriculture putting the yield of wheat this season in France at 40,000,000 bushels above current trade figures and asserting that foreign purchases had exceeded the country's requirements by 28,000,000 bushels. The Canadian crop was officially estimated at 288,000,000 bushels as against 263,000,000 bushels harvested last year. Late reports from New York that England had bought 800,000 bushels failed to rally the market and so, too, did announcement that exporters had taken 300,000 bushels here.

Liberal country offerings weakened

Liberal country offerings weakened corn, December touching the lowest level yet this season. Oats, like corn, lacked support.

Provisions average lower as a result of scattered selling, which more than counterbalanced the effect of higher quotations on hogs.

Trading Is Limited—Flurry in Cash Wheat Only Feature.

WINNIPEG, Aug. 12.—The market today was holding steady, but with very limited trade, and a flurry in the cash market was the only feature of interest. After the slightly higher opening October and December wheat worked lower. The November future was opened today with \$1.461/2 bid. Wheat futures closed 134@214c lower.

EVENING GRAIN LETTER.

[Reported by Jones, Easton, McCallum Co., Limited.]

CHICAGO, Aug. 12. — Wheat — The feature today was indefatigable efforts of everyone seemingly connected with the cash and export wheat interests to work. Light offerings checked business some. Receipts in the winter wheat country showed a decreasing tendency while Northwest showed a little increase but a good demand for it. The foreign requirements become more of a feature every day, and by the time the spring wheat is moving well the winter wheat should be well placed. We still expect that any easiness in values will be but temporary nature. Later reports made the export business in wheat \$800.000 bushels, but we hardly think do., common

Coarse Grains—While these markets were dull, an early export demand took 500.000 bushels of corn. No. 2 yellow was in demand at 1% c over September. Oats quiet and steady. The cheapness of this cereal will turn buyers to it before long. do., common

ATTEMPTED SUICIDE ment administered by police officers at headquarters shortly before 1 o'clock this morning saved the life of 19-year-old Verona Badger, 313 Wyandotte street east, who, police say, attempted to do away with herself by swallowing 15 cents' worth of poison, which she purchased late yesterday.

Sergt John Burns found the girl in a weak condition at Langlois avenue and Wyandotte street east. The officer said she confessed swallowing the poison when brooding over the horror of approaching fill-health.

The girl comes from Chatham, where her home is said to be at 68 St. Claire street. She is being held by the police, who are charging her with attempted suicide. WINDSOR, Aug. 12.-First aid treats
