Education Board Recommends Uniforms Be Purchased Next Year.

MOVEMENT LAUDED

Though every public school in the city except one has a cadet corps the movement was "officially recog-nized and approved" for the first time by the board of education at its regular monthly meeting yesterday

The board not only approved of the movement, but unanimously passed a recommendation to next year's board that a sum be placed in the estimates early in the new year sufficient to uniform the corps

Lieut. Gl. George H. Gillespie. district cadet officer, military district No. 1, header a deputation asking the board to give official recognition to the cadet movement and also to lend its fine poid assistance in the unit. its financial assistance in the uni-

Methodist church; Harry whay and George Turner, president and secretary, respectively, of the Great War Veterans' association, city, and also H. A. Secord, instructor of the Simcoe street cadet corps and brigade organizer of cadet corps in the city public schools. Col. Gillespie inti-mated that he had been instructed by Col. W. M. Gartshore and Col. T. S. Hobbs to use their names as favoring the movement

the progress of the cadet movement since it was first begun in 1908 through a donation of \$500,000 for the inaugurs tion of the movement by the late Lora Strathcona. Col. Gillespie took pains to disseminate the "certain amount of talk" which had been heard musical numbers. amount of talk" which had been heard in the city that the cadet movement led to militarism. There are 110,000 cadets in the schools throughout the Of this number, 40,000 are 35,000 in of this numb

Many Calls Made to London

Londoners Find Great Change in Conditions in Old Country.

Mr. and Mrs. George Hurst, 197 Frequently recurring calls of rural municipalities for aid from the city of London fire department, or, in other words, from the taxpayers of the city of London, have brought to be conditions as they exist in his home country today as compared such services upon a practical basis.

A few years ago calls to outside municipalities were matters of unusual character, occurring at long Sherwood avenue and daughter have

municipalities were matters of unusual character, occurring at long intervals. London sent a special train with fire equipment to Toronto to aid in fighting the conflagration of 1904, and then established what has since stood as a record for distance in the fire department. Since then special trains have been ordered out from 1904 to St. Thomas Glencoe. case, but after having been there for some months I know that all that has been said is correct. We spent the real peril. In Toronto's case every city within a hundred and fifty miles, including even Buffalo and Rochester, N. Y., responded to the appeal does not notice much change there because London is the shopping and trading center, and Wemble ter, N. Y., responded to the appeal of a sister city. Thus was established the precedent of inter-city devisits of the places north we rendered to the state of the places north we soon found out that the state of the places north we forming of the corps already organized in the public schools.

Col. Gillespie was supported by Col. C. M. R. Graham, Rev. (Capt.)

J. Bruce Hunter, pastor of First Methodist church; Harry Wray and George Turner, president and secretary and secretary of the places north we pendence, a safeguard that could be reciprocated.

The building even Building and the public should all the secretary of the places going, but ter, N. Y., responded to the appeal when we left there and started to visit some of the places north we pendence, a safeguard that could be reciprocated.

In those days appeals were dealt in the secretary of the places north we soon found out that things were in the public schools.

In those days appeals were dealt in the secretary of the places north we soon found out that things were in the public schools.

JUVENILE COURT LAUDED BY BOARD

Will Ask Nickle To Retain System-Warner Denies He Resigned.

IS GREAT AID

The board of education yesterday was unanimous in its indorsation of the splendid work accomplished by the juvenile court since the date of its inception a little over a year ago. A special committee was appointed by the board to draft a resolution requesting that the court be retained on its present basis to be forwarded to Attorney-General W. F. Nickle.
Following the conclusion of the discussion, Trustee Rev. Quintin Warner, likewise judge of the juvenile court, thanked the members of the board and the officials who had testified in strongly appreciative terms of the work of the court under his direc-

Trustee Warner declared that had never resigned as judge of the juvenile court and that his resigna-tion as such would not be forthcoming until someone was found in the city of London who could take over the work on the same basis that he had been doing it.

"He'll Have To Ask For It.

"If the attorney-general wants my resignation to place the court on any other basis than that," affirmed the trustee, "he'll have to ask for it." (Applause)

The subject came before the board when, under the head of questions. Trustee Mrs. John I. A. Hunt asked the direct question: "Has the juvenile court been a benefit to the board of education?

Inspector V. K. Greer stated that he would very much regret any change being made in the juvenile "We feel the benefit of the juvenile court in our attendance department," said Inspector Greer, "for the simple reason that our attendance department does not delve deeply into certain phases of a large number of the cases which come before it for at-

A county court writ has been issued by M. P. McDonagh on behalf of Isabelle Johnston of 533 Dundas street, city, who claims \$625.65 from Stanley Shaw of North Dorchester. This sum is represented as principal and interest said to be due under the terms of a covenant entered into by terms of a covenant entered into by both parties on Sept. 25 of last year.

CUTS DOWN DANGER.

Since the "stop" corner was in-augurated at Wharncliffe and Pipe Line roads, out-of-tor n motorists have co-operated to an encouraging degree. Signs on the pavement are glaring enough to halt the before he turns onto the Wharncliffe road, and a minimum of accidents or "near accidents," have been wit-

nessed.
