Certain People Give Richer Luster to Jewels by Wearing Them.

Special to The Advertiser. New York, July 20.-A string o pearls of varying sizes is the found ation of every society woman's col-

lection of jewels. The pearl is the paramount society gem. Few of the vomen covet another's pearls, though they may covet her "pearl skin," it being generally recognized that some persons have a quality of epidermis which gives richer luster to pearls. I know of one woman who bought a string of pearls for \$20,000 and received an offer later of \$50,000 from the jeweler who had sold them to her She had improved the pearls so much, in his estimation.

Apropos: There is a Parisian act rue de la Paix jewelers for wearing their pearls and enlivening them.

The pearls worn by society women, at the opera, at a fashionable hotel, or wherever, are frequently ingenious imitations. "Pearls" Blown Into Sea.

One woman recently had a second copy of her pearls made because the first, which she treated carelessly, was blown into the sea when she was promenading on a liner on a gusty day.

Merry Program of Sports Followed by Dancing On Green.

Never did the members of Orphah chapter, O. E. S., spend such a happy time together as they did yesterday at Port Stanley on the occasion of the first annual picnic. Mrs. Arthur A. Weekes was convener of the event and to her and to the following committee goes to the credit for the success of the gathering, Mrs. Matthew Horner, Mrs. Jas. Weir, Miss Sanders, Miss Ida Lewis. Tradesmen friends too lent to the success of the day by their generous donations of prizes. The presence of a "mysterious lady," who turned out to be Mrs. Arthur A. Weekes, added zest to the chatter which continued throughout the whole time of the picnic. Bradford was successful in out the identity of Miss Mysterious Mr. White of Lyndhurst, St. Thomas, was found to be the oldest gentleman présent, and was accordingly awarded

prize. After an interesting program of races, including such events as grand mothers' race, hopping race and so on, a delicious supper w2s served. Later in the evening Pipe Major Hamilton furnished music for fancy dancing, which was followed by danc ing by all present.

The race program was as follows: Children under 7, Jean Bradford, Peggy Sellers, Douglas Hamilton; boys 7 to 10. The Mother of Six Who Wants To Keep Her Youngest Daughter for Herself—The Middle-Aged Wife Who Is Charmed by a Young Grafter.

whether I am selfish or not? ANXIOUS MOTHER.

Answer: You are monumentally selfish because you are deliberately sacrificing your daughter to yourself. You James Richardson offered prayer. or well-being. You are thinking only of your own pleasure.

You know well enough that no young girl wants to spend her evenings at home with her mother for her sole company. while all the other young people are off at parties, dancing and flirting and skylarking and having a good time. You know well enough that any girl is more thrilled by the inane chatter of a jellybean youth than she is by the conversation of her mother, no matter if her mother is as brilliant a talker as Madam de Stael was.

Remember your own youth, woman. You were a flapper yourself once upon a time, and if you will look back you will not be able to recall that your idea of a pleasant evening was being a fireside companion to your mother. Well, girls haven't changed any since your day.

Youth is so short. There is such she isn't care-burdened and anxious. There is such a little while that she can laugh and play that it seems to me to be the cruelest thing in the world to deny a girl any innocent pleasure that she can possibly have.

And so I think that you com mit a great crime against your daughter, and one that she wil' hate you for, when you keep her away from other young people. and from having the good times that belong to her.

You say you don't want your daughter to marry because y: would be lonely if she leaves you. Suppose you do keep her from marrying. She will be far lonelier then, when you are gone, because, regarding the delay in swinging the while you have your children and your grandchildren to love you, a d was referred to the chairman of roads and bridges.
