SPECIAL ROADS FOR WHEELMEN.

The Bicyclist says: Some of the American papers are discussing the desirability of providing in the Central park, at New York, roads for the special use of bicyclists, in the same manner as there are roads provided for the use of equestrians. The tone adopted by the general press is one decidedly favorable to the plan, and shows a marked contrast to the antagonistic manner in which any such schemes are met when propounded here for the comfort or convenience of Eng. lish riders.

LATEST OFFICIAL FIGURES. The following statement is copied in the main from the advance issue of the Report of the Superintendent of Insurance, dated "Ottawa, April 30th, 1881," addressed to HON, SIR. LEONARD TILLEY, Finance Minister, and

TOTAL ASSETS ASSETS PER ON HAND, \$100 AT RISK.

The final column, above, is not found in the Official Report, but its accuracy can easily be ascertained by dividing the first column, minus the two right hand figures, into the second column.

A table of this kind shows at a glance how thoroughly the ÆTNA LIFE INSURANCE COMPANY has been making provision for all who hold its promises to pay. If a business man holds a large amount of a Bank's promises to pay, he likes to feel assured, not merely that the Bank has good hopes of earning, in future, enough to meet its notes as they are likely to be presented, but that it actually has the money on hand, or most of it, to meet all claims, even if an unusually sudden call should be made.

all claims, even if an unusually sudden call should be made.

Such sudden call has happened to many banks, at various times, and the weak once have gone under; such sudden calls happened to American Fire Companies, at the Chicago and Boston conflagrations, and to Canadian Fire Companies at the St. John and Quebec fires, and found many companies under their cheap promises. An unusual call may fall, at any time, under times tisted portions of this continent, such as has, at which visited Canada and the Northem States in 1873, ran the mortality of to drop their policies. Three large companies paid nearly a million dollars in that one year, in excess of the average of previous and subsequent year. When the next unexpected call does come to life companies, the wisdom of those insurers who hold policies in the BEST AND STRONGEST COMPANIES will need no approval, but will then get abundance of it.

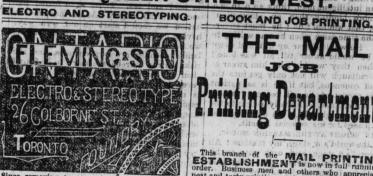

It is a good thing to be wise in time, and to err, if at all, on the SAFE side, by commencing while in good health an immediate and safe provision for dependent ones, or your own old age, by one of those popular ÆTNA LIFE ENDOWMENT BONDS. For rate tables and particulars, before insuring elsewhere, address the WILLIAM H. ORR, Manager, TORONTO.
