

Slips of Speech

By John H. Bechtel

Who is free from occasional "slips of speech" and who would not like to be reminded of them in a quiet and friendly way? Here is a little volume for this purpose.

The author gives here the results of years of experience and observation. The volume is fresh, novel, and winning, and is written in an entertaining and chatty manner. It is practical and philosophical, not being merely a collection of "hoax," but giving also the reasons for not doing, with an abundance of examples, showing the correct as well as the incorrect forms of expression.

How to Become a Public Speaker

By William Pittenger.

The young speaker is here shown how to arrange thoughts to the best advantage, and how to form clear outlines. He is then shown how to overcome timidity, how to secure ease and fluency of language, and how to acquire such a mastery of the arts of the Orator as will give him confidence and power.

Parlor Games For the Wise and Otherwise.

This complete and attractive volume contains a splendid collection of games for all kinds of amusement, entertainment, and instruction, thus answering most happily that puzzling question, "What shall we do?" so frequently propounded on rainy days and long winter evenings. The games are not adapted to young people alone, but to older persons as well, for the most staid and sedate adult will find many of them both profitable and entertaining.

Hand-Book of Pronunciation

By John H. Bechtel.

This work contains over five thousand carefully selected words of difficult pronunciation alphabetically arranged. Two forms of pronunciation are given. The first employs as few diacritical marks as possible, and is assigned for those to whom such marks are a stumbling block instead of a help.

The second is a phonetic analysis of the word, in which every vowel is marked, every necessary sign employed, every silent letter omitted, and every accent, primary and secondary, carefully noted.

Etiquette

By Agnes F. Morton, B. O.

Some manuals of etiquette treat almost exclusively of "state occasions," while others are made up of sundry rules, often illogical in style, and of doubtful authority.

Both of these classes of manuals are obviously inadequate to the needs of the great mass who dwell within the

broad zone of the average. For this large class a book that gives information as to the essential points of correct behavior in a social life,—points equally applicable to the rich and to the poor,—is the ideal manual. And such a book is this volume.

Practical Synonyms

By John H. Bechtel

This volume avoids the tedious prolixity of the more scholarly works on the one hand, and the fatal mistake of an insufficiency of related words on the other. It will be found to meet the wants of the busy merchant or lawyer, the thoughtful clergyman or teacher, and the wide awake school boy or girl who is ambitious to express the thoughts of the mind in more fitting phrase than the crude slang that too often forms their verbal capital.

Oratory

By Henry Ward Beecher.

The attention of all persons interested in the Art of Expression is invited to this new issue of Henry Ward Beecher's unique and masterly exposition of the fundamental principles of true oratory.

It must be conceded that few men ever enjoyed a wider experience, or achieved a higher reputation in the realm of public oratory than Mr. Beecher. What he had to say on this subject was born of experience, and his own inimitable style was at once both statement and illustration of his theme.
