

stake, McGill University and its graduates should come forward and do everything in their power to help the common cause. The individual graduate probably does not fully realize the influence the graduates as a whole have in Canadian affairs. Over 5,000 educated men, holding important positions all over the Dominion and elsewhere, are a tremendous power and influence, particularly if their efforts are concentrated on certain fixed objects.

It was felt by the executive of the Graduates' Society and by the committee in charge of the reunion, which it had been proposed to hold in the fall of 1915, that in the present crisis in the Empire, something should be done; and it was decided to write a letter to every graduate asking him to use all his influence towards patriotic ends.

In order to make our influence felt in a definite way, it was thought that a fund should be started to which every graduate of the University would contribute. The contribution of each individual would be for the nominal amount of one dollar, which would represent his patriotic vote and the signification of his intention to do everything possible to assist Canada in the responsibility and duty created by the war.

The vote of the McGill graduates will be deposited in cash form to the credit of the Canadian National Patriotic Fund.

You are therefore invited to fill in and return the accompanying cheque form, which will be cashed at par, or to enclose one dollar in some other form.

An immediate response is necessary if this action is to have all the effect that is hoped for from it.

It may be that some letters have not reached their destination. Remittances should be addressed to Mr. Geo. C. McDonald, 179 St. James Street, Montreal.

For the Executive,
JOHN L. TODD,
President
WILLIAM STEWART,
Secretary.
