Benger's is the one Food which is self-digestive to any extent the physician may prescribe.

It is used mixed with fresh new milk (or milk and water) and during preparation both the Food and milk are converted into a delicious soluble cream, entirely free from rough and indigestible particles.

BENGER'S
Food

is unequalled when the digestive system is weakened through accident, pain, or illness. Its self-digestive ability gives a wonderful scope in the treatment of all cases of impaired digestion and malnutrition, from Infancy to extreme old age.

Full particulars will be sent post free, to any member of the profession on application to
