

The volumes of which we have given the title are admirably adapted for congregational or Bible Class libraries, attractive both in matter and style, deeply interesting, and fitted to instruct and improve the readers. They deserve to be known and circulated.

THE APOSTOLIC CHURCH, WHICH IS IT?—An inquiry at the oracles of God as to whether any existing form of Church Government is of divine right. By Thos. Witherow, Professor of Church History, London-derry. Belfast: C. Aitchison. Toronto: Sold by J. Bain.

We believe too little is done generally by Pastors in indoctrinating the young, and even their congregations generally, in Church principles. We commend to their notice the admirable little book of Prof. Witherow's, and we feel sure that, if they examine it, they will agree that it is a most excellent treatise on the subject to which it refers. It should be extensively circulated.

THE GOSPEL OF GRACE VINDICATED.—Being Sermons preached on several Sabbath evenings in 1869 by the late Rev. W. T. Murdoch, Minister of Melville Church, Galt. To which is added the sermon preached by the Rev. Principal Willis on the Lord's Day after the funeral. Toronto: printed by A. Lovell & Co.

This pamphlet, of some 60 8vo. pages, was prepared under the editorship of the Reverend Principal of Knox College, in order to provide the people of Melville Church, Galt, with a memento of their late pastor, and to preserve a few of the discourses delivered by him on the distinctive doctrines of Calvinism. The discourses exhibit marks of careful study and preparation, and, together with Dr. Willis' appropriate sermon, will doubtless be read with interest by many. In spite of the undoubted excellence of the late Mr. Murdoch's speech at the meeting of Synod in June last year, and the importance of the principles which he maintained, we cannot but question the expediency of perpetuating anything so directly bearing on a painful and bitter controversy.
