

#### **Article 1.06: Relation to Environmental and Conservation Agreements**

In the event of an inconsistency between an obligation in this Agreement and an obligation of a Party under an agreement listed in Annex 1.06, the latter obligation shall prevail provided that the measure taken is necessary to comply with that obligation, and is not applied in a manner that would constitute, where the same conditions prevail, arbitrary or unjustifiable discrimination or a disguised restriction on international trade.

#### **Article 1.07: Reference to Other Agreements**

Where this Agreement refers to or incorporates by reference other agreements or legal instruments in whole or in part, those references include related footnotes, interpretative and explanatory notes. Except where the reference affirms existing rights, such references also include, as the case may be, successor agreements to which the Parties are party or amendments binding on the Parties.
