CAMPBELLTON-CROSS POINT BRIDGE, N.B.—
TENDERS FOR FEDERAL SHARE

Question No. 64—Mr. Robichaud:

1. Have tenders been called for the federal share of the Campbellton-Cross Point bridge?

2. If so: (a) what was the name of each tenderer and the amount submitted? (b) to whom was the tender awarded?

3. Is it expected that the work will be completed for the amount tendered?

4. If not: (a) have any estimates been made of the extras to be paid to the contractor? (b) what amount has been paid to the contractor to date? (c) what amount remains to be paid when the work is completed?

Hon. D. J. Walker (Minister of Public Works): Inasmuch as this is a long and complicated answer, might it be made an order for return, Mr. Speaker? Perhaps the hon. member for Gloucester would be satisfied if we took that course.

Some hon. Members: Stand.

Mr. Caron: Perhaps the question might be allowed to stand in the absence of the hon. member.

Mr. Speaker: The matter is actually one for the house to decide, but let the question stand.

Question stands.

LETTER CARRIER SERVICE, URBAN CENTRES

Question No. 65—Mr. Argue:

1. What urban centres in each province with 3,000 points of call or less have been granted letter carrier delivery service since July 7, 1958?

2. On what date was each such service granted, and what are the number of points of call?

Hon. W. M. Hamilton (Postmaster General): This question also involves a somewhat lengthy list of post offices, and perhaps the answer might be printed in *Hansard* rather than being read at this time.

Mr. Speaker: Is it agreed that the answer be printed in *Hansard* at this point, notwithstanding that it has not been read?

Some hon. Members: Agreed.
