

Fac. of Med  
Medicine

March  
Second  
1922.

Dr. J. W. Scane,  
New Medical Building.

Dear Dr. Scane:-

I am returning herewith the letters  
of Dr. Burgess and Dr. McDougall.

I suggest that you answer that of  
Dr. Burgess by saying that so far as McGill Uni-  
versity is concerned the incident is closed and  
we do not propose to enter into any public or  
private controversy regarding it.

I would suggest that the matter be  
mentioned at the next meeting of the Medical  
Faculty, when I shall produce, if you remind me  
in time, the letter I wrote to Burgess.

Yours faithfully,

Principal.
