

OXFORD PAMPHLETS

1914

Austrian Policy since 1867.

By MURRAY BEAVEN. 3d. net.

Austrian policy in the Balkans has been of the 'offensive-defensive' order. Aehrenthal is responsible for its worst features. The Archduke Francis Ferdinand might have saved Austria from rushing to destruction; but 1912 was the beginning of the end.

Italian Policy since 1870.

By KEITH FEILING. 2d. net.

Italian policy has been and must be guided by her own interests. The results of her colonial policy have not yet been satisfactory enough to tempt her into adventures.

III

French Policy since 1871.

By F. MORGAN and H. W. C. DAVIS. 2d. net. *Second Impression.*

A historical sketch, discussing the question whether French policy has been aggressive.

Russia: 'The Psychology of a Nation.'

By PAUL VINOGRADOFF. 1d. net. *Second Impression.*

A reply to the German taunt that Russia is still in a state of barbarism, and is the enemy of European civilization.

Serbia and the Serbs.

By SIR VALENTINE CHIROL. 2d. net. *Third Impression.*

A sketch of Serbian history, which is incidentally an indictment of the policy pursued by Austria-Hungary towards the Serbian kingdom.

Germany and 'The Fear of Russia'.

By SIR VALENTINE CHIROL. 2d. net. *Second Impression.*

Shows that before 1879 Germany preferred Russia as an ally to Austria. The ambition of Germany to establish a protectorate over Turkey has led her to assist Austria in the Balkans and so to challenge Russia.

The Eastern Question.

By F. F. URQUIHART. 3d. net. *Second Impression.*

The history of the Balkan nations; their future.

IV

War against War.

By A. D. LINDSAY. 2d. net. *Second Impression.*

Denies that war is good in itself, or a necessary evil. Power is not the sole or chief end for which the State exists. National greatness, if founded on brute force, cannot endure. International law represents an ideal, but an ideal that may be realized.

The Value of Small States.

By H. A. L. FISHER. 2d. net. *Second Impression.*

The author argues that the debt of civilization to small states is incalculable. They are useful, at the present time, as laboratories of political experiments and as buffer-states between the greater powers.
