TO LAY NEW CAR LINES
Manager Fleming Expects Work to
Start in Two Weeks.

General Manager Fleming of the Tor-
onto Railway Company, announces
that the company will commence lay-
ing down the new car lines as soon as
the weather permits, and he does not
think it will be more than a couple of
weeks. While all their plans regard-
ing new runs for cars are not yet com-
pleted, he says that he does not think
there is any exception one to be called
the Wilton-ave. run.

The company has applied to the On-
tario Railway and Municipal Board for
permission to lay tracks on Spadina-
avenue, south of King-st., and it is
the opinion of the city solicitor, who
was notified yesterday morning, that
it might possibly be the intention to
use this extension for a storage for
cars. If this is so, the city will register
a strenuous protest.

Passengers on the Parliament-st.
line, are complaining that so many of
the cars on that run are "red" at the
corner of Pappe-ave. and Gerrard-st. It
is said that the motorman frequently
places the sign after he arrives at this
stop, announcing that it is the end of
the run, and people who have been
waiting for a thru car are seriously
inconvenienced as a result.

it is a critical condition at St. Boni-

on Sunday morning. He is the son of
a prominent family and has been de-
pendent. He went to the hospital to
be treated for delirium tremens and
secured a safety razor.

Miss Worrell is a resident of Clark-
son, Pa., and has been the means of
pointing the way to health of many of
her friends.

"I received such extraordinary bene-
fits from the use of Catarrhophone that
I have induced many of my friends
to use it also. I was afflicted with
catarrh a year ago that I despaired of
ever getting cured. I am sure my lungs
were somewhat affected also. The re-
sult I got from Catarrhophone was re-
markable. I improved under this treat-
ment very quickly, and was cured so
thoroughly the disease has never re-
turned."

REVISION COURT DEEMS ITS RIGHTS INVADED

City Council Charged With Inter-
ference in Apportionment Cost
of Street Widening.

The city council has questioned the
authority of the court of revision to
readjust the apportionment of costs
in street widening. At least this is
what the members of the court believe
thru the action of the council in ap-
pealing against their decision in the
levying of the 25 per cent. of the
charges of widening Danforth-avenue,
which the ratepayers are asked to
contribute. There are only two parties
appealing against the recent decision
of the board of street widening, and
of them. The other, who has asked
the county judge to give a decision in
the matter is John Lucas, who resides
in what was formerly East Toronto.

The court believe that if they have
no power to apportion costs in a case
of this kind, there is no use sending
the appeals to them.

There was a session yesterday to hear
appeals against the widening of St.
Clair-avenue. No decision was arrived
at, but it is understood the board view-
ed with favor the suggestion to have
the property owners fronting on Dan-
forth-avenue pay 15 per cent. of the
cost. The ratepayers on the streets
running off it they would assess at six
per cent., and those more remote on
the parallel streets at three per cent. The
council had apportioned it at 13 2-10
10 1-10 and 1 6-10 respectively.

A large deputation present from the
vicinity of Anderson-street protested
against charging 50 per cent. of the
cost of widening that thoroughfare to the
property owners. They argued that as
it was for the benefit of the city at
large in the extension of street car
lines, the entire cost should come out
of the general fund. The deputation
were asked to appear before the city
council, after which the court will con-
sider the objections. They sit on April
25.

DIED IN PENITENTIARY
Lizzie Lessard Was Serving Time for
Repulsive Crime.

KINGSTON, April 4.—(Special).—
Lizzie Lessard, sentenced a year ago
to three years in the penitentiary, is
dead. The remains will be shipped to
relatives in Hamilton. The crime for
which the deceased served time was a
most repulsive one. Sentenced at To-
ronto to a term in Mimico Industrial
School, she got into an altercation with
an attendant. In a fit of passion she
seized a pair of scissors and inflicted
them with a loathsome malady from
which she suffered, she stabbed the at-
tendant in the breast, inoculating her
with the disease.

Hudson Bay Company's New Store.
WINNIPEG, April 4.—The Hudson
Bay Company has completed its plans
for a mammoth new store on Portage
avenue, between Colony and Vaughan-
streets, to cost, with the site, \$2,000.
The site alone cost half the
total, and the plans are in the hands
of a prominent Winnipeg architect.

Money Under False Pretences.
NIAGARA FALLS, Ont., April 4.—
(Special).—Norman Wilson was sen-
tenced to six months in the Central to-
day for obtaining money by false pre-
tences from Lt.-Col. Fred W. Hill.
Thirteen trackmen went on strike
yesterday because the Grand Trunk
refused to increase their pay from \$1.50
to \$2 a day.

"Bronchitis"

This is an acute inflammation of the
mucous membrane lining the air tubes in
the lungs.

The disease begins with a tightness
across the chest, difficulty of breathing,
hoarseness, and there is a dry, harsh
croupy cough.

After a few days mucus begins to be
raised. This is at first white, but later
of a greenish or yellowish color and is
occasionally streaked with blood.

Cure the first symptoms of Bronchitis
by the use of Dr. Wood's Norway Pine
Syrup and thus prevent it becoming
chronic and perhaps turning to Consump-
tion.

Mrs. D. J. McCormack, Cleveland, N.S.,
writes: "My little boy, two years old,
caught a bad cold which developed into
Bronchitis. He was so choked up he
could hardly breathe. Reading about
your wonderful medicine, Dr. Wood's
Norway Pine Syrup, I decided to try a
bottle, and with such good result I got
another which completely cured him,
without having a doctor. I cannot say
too much in its praise and would not be
without it in the house as I consider it a
sure cure for Colds and Bronchitis."

Dr. Wood's Norway Pine Syrup is put
up in a yellow wrapper, three pine trees
the trade mark, price 25 cents.
Manufactured only by The T. Milburn
Co., Limited, Toronto, Ont.

Two Watches That Give Genuine Satisfaction

The "WALTHAM" 17-Jewel Movement
And the "EATON" 17-Jewel Movement

Most people take it for granted that the "WALTHAM" just about represents the acme of perfec-
tion in watch building. That's because of the reputation the "WALTHAM" has for giving unfail-
ing satisfaction. And to have retained that undisputed leadership these many years the
"WALTHAM" must have been built right, its working parts all of the most approved metals, and
betterment constantly in view. It is an American made movement.

The "EATON" is just such another high-grade watch. It is Swiss built—and those who un-
derstand watches will admit that Switzerland is the recognized home of the watch industry—there
watch making is a science that is developed to an inimitable perfection. And the "EATON" is
built by one of the best known Swiss makers. In design the "EATON" is an American move-
ment—because that movement is considered the most up-to-date. In every way it was planned
the best known way, to produce a peerless watch.

To-day we tell particularly of the 17-jewel movements (WALTHAM and EATON). They're
built to give long and steady satisfaction—and they WILL give it. Here is a diagram that will make
some points clearer, while brief descriptions give further details:

The "WALTHAM" 17-Jewel Movement at \$11.40	The "EATON" 17-Jewel Movement at \$8.50

Champion Woman Suffrage.
LONDON, April 4.—The Corporation
of London has entered the lists as a
champion of woman's suffrage. At a
special meeting it passed by a vote
of 22 to 9 a resolution which is to be
sealed with the city's official seal, pe-
titioning parliament to pass at the
present session the woman's suffrage
bill now before it, and that the lord
mayor, together with the other civic
officers, go to present the petition at
the bar of the house.

CAP ON END OF INTAKE
Workmen Can Now Clean Out Sand
Without Danger to Life.

Prospects are now good for the con-
duit leading to the intake being freed
from sand in a short time. The div-
ers have been able to get down and
place a cap on the end of the pipe at
the break, and the men can now
work without fear of the waters
from the lake rushing in on them
and sweeping them into the tunnel.
This danger has existed ever since
the work was commenced, and the
workmen who went down to stir up
the sand for the centrifugal pumps to
a great extent took their lives in
their hands.

Work at the cut at Clandeboye-
avenue is proceeding satisfactorily,
and the damming of the bay from
Long Pond is also making good pro-
gress. The engineering department
is delighted with the prospects, and
there is a possibility that the city will
not only have its temporary sedimen-
tation basin but its original source of
water supply in operation in a short
time.

Two more cases of typhoid fever
were reported to the medical health

ard Oil Co. to-day issued a formal

absolutely untrue. The Standard Oil
Co., in its character as a citizen of
the United States, has strictly held
itself apart from all interference in
the affairs of the Mexican republic,
with which it has no connection,
moral or material."
